ATTEMPT ON THE PRINCE'S LIFE?

Metal Pieces Said to Have Been Put in Engine Cylinder

BUENOS AIRES, Sept. 22.—An attempt at train wrecking, which may have aimed at the life of the Prince of Wales, is reported by unconfirmed private advices from Junin.

It is said that the stationmaster there discovered that some one had tampered with the engine which was to have picked up the Prince's train.

Cylinders Opened

The cylinders were said to have been opened and pieces of metal inserted in such a way that the use of the brakes and the escape of steam would have been hampered.

The Junin police chief denied Monday that the engine had been tampered with when questioned by a British United Press correspondent.

Efforts to obtain confirmation of the story elsewhere were unsuccessful.

(Canadian Press.)
CONSTANTINOPLE, Sept. 22.—In Constantinople 2,179 cigarettes are smoked each minute of the day. These figures have been made public by the Director of Regie de Tabacs.

King's County Conservative Candidate

Hon. J. A. MacDonald, Minister of Public Works, adopted as the Conservative candidate for the coming Federal election.

HON. JOHN A. MACDONALD IS NOMINATED FOR KING'S

Annual Meeting And Convention Yesterday Largest And Most Enthusiastic In History of County.—Splendid Endorsation of Stewart Gov't. in Honor Conference on One of Its Most Active Ministers.

The annual meeting of the Liberal Conservative Association of King's County was held yesterday forenoon in the Town Hall, Georgetown. There was a larger attendance and great enthusiasm, indeed the largest and most enthusiastic in the history of the county. Practically every poll was fully represented with its full quota of delegates and in addition a large number of leading Conservatives from all parts of the county.

The Vice-President, Mr. James P. Clow, Murray Harbor North, presided and Mr. Charles Thompson, Montserrat acted as Secretary. The usual routine business of the Association was transacted during the forenoon session and the following officers were elected for the ensuing year:

President, James P. Clow.
Vice-President, Major J. Frank Sterns, Souris.
Secretary, Frederick R. Mellish, Union Road.

The delegates met at 1:30 for the nomination of a candidate. The following nominations were made:

James McIsaac, moved by Mr. William Underhay seconded by Fide Gordon.

Hon. John A. MacDonald, moved by Mr. George A. Poole, seconded by Mr. Peter Sinnott.

Dr. A. A. MacDonald, moved by Mr. J. E. Macdonald, seconded by Mr. Leigh McAssey.

Mr. A. F. McQuaid, moved by Mr. John Kays, seconded by H. J. McDonald.

A ballot was then taken and Hon. John A. MacDonald was nominated by a majority over all as shown below.

The result of the ballot in the vote for a Conservative candidate to contest Queen's was as follows:

Hon. J. A. MacDonald	96
Mr. Arthur McQuaid	38
Dr. Gus MacDonald	26
Mr. James McIsaac	24

Before the ballot was taken each of the gentlemen whose names were submitted took the platform and addressed the delegates briefly each pledging his support to the choice of the convention.

ANNEXATION TO THE UNITED STATES

Would not free this part of the continent from its debt.

By W. R. MORSON

If annexation took place which every blue blooded French-Canadian and British-Canadian would resist to the last ditch, we must not think that we would be able to shift our debts on to Uncle Sam's shoulders. Uncle Sam is quite a business man. Our provinces would become states. Uncle Sam's national debt is \$228 per capita; Canada's debt is \$282. The difference is \$54. Uncle Sam would assume \$228 per capita and the New States would have to assume \$54 per capita along with the provincial debts and all municipal debts would stay as they are.

And all the private investments held by those living in outside countries amounting to \$5,200,000,000 of \$612 per capita would still remain a mortgage against the northern half of this continent or against what is now Canada and it would still be necessary and for all time or until paid off, to pay interest and dividends amounting to \$312,000,000 annually. It is only by means of the unfair and uneven basis of trading that this selling out or mortgaging could be accomplished and we must remember that this mortgage we are placing round our own necks, not only injures us in the process of placing but remains for all time or until it is paid.

IN THE FIELD

(Canadian Press.)
CALGARY, Sept. 22.—Capt. J. T. Shaw, independent candidate for West Calgary and M. Irvine, Labor candidate in East Calgary riding, were endorsed by the West Calgary and East Calgary U. F. A. respectively at the annual joint convention of the locals held in the G. W. V. A. hall Monday afternoon. Nominations were Stone-wall, Col. H. M. Hannison, Conservative.

WESTMORELAND, N. B., Sept. 22.—Dr. O. B. Price, Conservative, nominations Wright—F. W. Permas, Liberal, Compton—J. A. Lettler, Liberal.

TORONTO, Ont., Sept. 22.—Hon. Vincent Massey, minister without portfolio in the King Cabinet, who today announced his acceptance of the Liberal nomination of Durham riding was yesterday afternoon assured of the support of the Liberals and Progressives of the constituency at the forthcoming general election.

WINNIPEG, Sept. 22.—"Endorsement of Hon. Vincent Massey by Progressives of Durham Ontario has no party significance whatever," said Robert Forke Progressive Leader today.

NICOLET, Que., Sept. 22.—M. J. Desoutaux, Liberal; Maissoneuve, Montreal, Clement Robitaille, Liberal, St. Mary Montreal, Dr. Des Lauriers, Liberal, North Wellington, Duncan Sinclair, Conservative, Parkdale Toronto, David Spence, Conservative.

Preparing For Disarmament Conference

(Special to the Guardian)
GENEVA, Sept. 22.—The technical work preparatory to an international disarmament conference will be started immediately by the co-ordination of the commission of the League of Nations, which in future will be called the technical commission for the study of disarmament. This decision was reached this afternoon in the assembly commission which has been studying the various propositions advanced by different delegations in regard to disarmament.

The French were the strongest supporters of an immediate start in disarmament work, while Great Britain presented opposition.

Cattle Restrictions Are Lifted

(Canadian Press)
LONDON, Sept. 22.—The Minister of Agriculture has withdrawn the last restrictions imposed by the Ministry dealing with foot and mouth disease. Great Britain is now free from such restrictions which are made necessary by outbreaks among cattle periodically since 1922.

MAE EDWARDS PLAYERS DELIGHTED LARGE AUDIENCE

The Mae Edwards Players ably demonstrated their versatility as actors last night before a large audience at the Prince Edward when they presented "Scarlet Women," a four act comedy drama, abounding in thrills and tense dramatic situations with a wonderful vein of good clean comedy. Once again Miss Edwards was seen to good advantage in a somewhat advanced role, and with her unexcelled, only humorous conversation, would have pleased the most exacting audience. Miss Edwards, as the hit of the show, Charlie Grace Carew, had a very pleasing scene with her husband in the play Herbert Carew, and both acted their parts very naturally and received many laughs for their efforts. Scarlet Women tells a story of the underworld and the life of a young girl trying to get ahead in a large city and finally falling into the hands of men who framed her for their own personal advantage and after a big fight, with the aid of Mrs. Carew and Taylor Markland, she finally wins out and enjoys the better things in life.

The stage settings were very pretty, the ladies wore some beautiful gowns, and the play went with a snap and brightness that would give credit to a much higher priced attraction. All in all the Mae Edwards Players are without doubt one of the best attractions that has visited the Island and orchestra was nicely rendered.

Probable Personnel of Advisory Tariff Board

(Special to the Guardian)
OTTAWA, Sept. 22.—The advisory tariff board which is to be created by the government shortly will include, it is understood, G. O. Ducrest, manufacturer of Montreal; G. R. Wood, Financier, of Toronto; Dean Rutherford of Saskatoon, Agricultural College; Tom Moore, head of the Trades and Labor Congress, and Mrs. Mary Ellen Smith, Vancouver. Practically all the provinces will be represented.

SAYS HE HAS "CANCER CURE"

(Canadian Press.)
LONDON, Ont., Sept. 22.—Dr. W. T. Galbraith, veterinary surgeon believes after five years experimentation that he has discovered a cure for cancer. So positive was Dr. Galbraith that his cure called "Isin" was the real thing that he injected cancer virus into himself last fall and then proceeded to cure it with "Isin."

Lady Mosley Is Nominated As Labor Candidate

(Canadian Press.)
STOKE-ON-TRENT, Eng., Sept. 22.—Lady Cynthia Mosley, daughter of the late Marquis Curzon was yesterday unanimously nominated a Labor candidate for a seat in Parliament. Lady Mosley said that she would accept the whole programme of the party.

French Fur Specialist In Canada

(Canadian Press)
MONTREAL, Sept. 22.—M. D'Aigneaux, specialist in Asiatic and North American furs, will arrive in Montreal on a special mission for the government of France the purpose of which is to study rearing certain species fur bearing animals in this country for information on the industry in France. M. D'Aigneaux arrived in Quebec last week and has been carrying out his studies in that neighborhood.

FORMAL OPENING YESTERDAY OF PROVINCIAL EXHIBITION

Fair Declared Open in Evening by His Honor Lt.-Governor Hartz. Other Speakers Are President Davies, Mayor McKenna and Hon. J. H. Myers.—Large Entry Lists in All Classes Except Horses.

The Provincial Exhibition was opened last evening in front of the Exhibition grandstand and was attended by one of the largest crowds that have ever graced such a function. The President of the Association, Mr. J. J. Davis acted as Chairman, and after the National Anthem and O Canada had been played by the Halifax Rifles Band, presented his annual address as follows.

PRESIDENT'S ADDRESS.

Your Honor, Ladies and Gentlemen—

Another year having run its course, we are again assembled to make formal opening of the Annual Exhibition of Live Stock and other products of our Province.

From the entries made in the various classes it is becoming apparent that the nobles of animals, the Horse is to a considerable extent having to make way for a time at least, for his rival the "Iron Horse" hence the reason why today several classes of horses which were the admiration of all are not as well represented as formerly. I say this with regret but I dare to express the hope that the day is not far distant when the old reliable will be restored again to his first place for usefulness among all Domestic Animals.

The largest and best ever in the grounds, and will be found to possess amongst their numbers many animals which would compete favorably amongst the best in any Live Stock Show in Canada. It is evidenced by the very high position taken by the Island cattle in the competitions at the Great World Exhibition at Toronto, and other Provincial Exhibitions in Quebec and elsewhere.

Owing to the great movement which has recently been made by the Dominion Department of Agriculture in having this Province made a "Disease free Area" our Province is making a great stride towards being the safest breeding area in Canada, and with its other natural conditions which tend to the health and growth of live stock, a great future should be in store for our stock raisers and agriculturists generally.

The entries of Sheep and Hogs are very large, the latter exceptionally so.

This year in order to comply with the requirements of the Department of Agriculture, a very large expenditure has been necessarily made in putting all the barns and stables in order for the reception of all accredited animals.

LOBSTER PACKERS' MEETING LAST NIGHT

At Beach Grove Inn—Various Problems of the Industry Discussed.

At Beach Grove Inn yesterday the meeting of the Cannery section of the Canadian Manufacturers Association was held in Beach Grove Inn with a fairly large attendance. Hon. Fred Magee of Fred Magee Ltd., Port Elgin, presided, a private meeting of the Maritime Cannery Fish section was held in the morning. In the afternoon Dr. A. G. Huntslaw, director of the Atlantic Station Biological Board of Canada spoke on the Biological station in relation to canning problems, the possibilities of securing for lobster Hatchery purposes an area on the North Shore of P. E. I. was discussed.

An address followed by Dr. F. C. Harrison of McDonald College, Quebec on Bacteria in relation to canning. The evening session opened with an informal dinner addressed by Mr. W. F. Tildmarsh, Prof. Andrew Halket, Associate Zoologist of Marine Biology, Ottawa, and also by Pres. Magee, Mr. W. F. Tildmarsh in his address suggested the formation of different sections of the Maritime Provinces into zones in order to overcome local difficulties, each zone to have an executive board with the object of protecting and advancing the industry, the executive of the various zones to be members of the executive of the central organization. These zones would be subsidiary to the Maritime Cannery Fish section of the C. N. A. This suggestion created much interest and was approved.

TORONTO, Sept. 23.—Fresh Westerly winds, fair and cooler. Toronto, cloudy 50-53; Montreal, clear 50-53; Quebec, fair 52-54; Charlottetown, fair 51-53; Halifax, clear 62-64; St. John, clear 64-62; Boston, clear 52-48; New York, clear 80-55.
