The Guardian has received from the Panoramic View Company, Toronto, several handsome panoramic views, including the wharves and sheds in Montreal harbor; complete view of Toronto harbor, showing the eastern and western entrances; Halifax harbor, with Dartmouth on the opposite side, and part of Sydney. The scenes are certainly most artistic and clear.

The pastor, Rev. S. J. Woodroffe, preached in Christ Church yesterday, after an absence of six weeks. Mr. Woodroffe at the request of the members of the congregation left on the steamer Sokoto, six weeks ago for the South for the regaining of his health. On Saturday Mr. Woodroffe arrived in port and was met on his arrival by a number of the parishioners of the Church. At the services last evening he referred to the kindness of his people in giving him such a pleasant trip. Mr. Woodroffe was not favorably impressed with the manner in which the Latin services were carried out in Cuba. He preached an able sermon taking as his subject "By the grace of God I am what I am."—Halifax Echo. Mr. Woodroffe's many friends here will hear with pleasure of his renewed health.

The coterie of artists in this city who are making of Edmonton an important musical centre, scored another distinct triumph in the rendering of Mendelssohn's oratorio "Elijah" in the First Presbyterian Church last evening. This great masterpiece of individual and choral effort was given before a delighted audience, every one of whom took pride in the fact that the performance was the work entirely of local talent. To Jackson Hanig, conductor is due the reward for the careful training of a chorus of ninety voices; to the soloists, Miss Ethel Welcher, soprano, Miss Florence Lamdowne, contralto, W. J. Handra, tenor, and Alfred Melsaac, baritone, is due credit for their most praiseworthy appearance before an Edmonton audience, and to Harry Watts and Vernon Barford is due unstinted appreciation for their masterly accompaniment as organist and pianist. Many music lovers who heard the "Elijah" in the same church last year felt that the height of ambition had been reached.—Edmonton Exc. Prof. Watts' many friends in this city will hear with pleasure of his success.

A death of more than usual sadness occurred at Burlington last week when Fanny, beloved wife of Frazer Mann, departed this life after a brief illness, at the early age of 26 years. The sympathy of the entire community goes out to the sorrowing husband, who with three little motherless children, is left to mourn the loss of a kind, loving wife. Deceased was the eldest and last surviving daughter of Archibald and Mrs. Brander, who also have the sympathy of many friends in their deep sorrow. One brother, Harry, mourns the loss of an only sister. May the Great Comforter console the sorrowing ones in their grief and may He who blessed the babes of Salem, bless and keep the little ones now bereft of a loving mother's care. The funeral was held on Wednesday the 16th inst. and was largely attended, the services being taken by Rev. A. D. Stirling, of whose church at Long River Mrs. Mann was a consistent member.

Twenty Million Mark is Passed

For the first time in the history of life insurance in Canada the twenty million dollar mark of policies issued in one year has been passed.

That the Sun Life has done this with largely increased profits and a reduced ratio of expense, makes pleasant reading for its army of policy holders.

Everyone who attended our Spring Millinery Opening freely expressed their appreciation of our efforts to gather stocks that would please and conform with their ideas.

You hardly know how we have to search the trade markets to get desirable styles to meet your requirements.

As soon as we find a stylish hat we immediately get our own milliners to copy it. But—even though we lower the price on the hat—not for one moment will we consent to give you less style or less quality. We have linked quality, style and low price in a manner never heretofore attempted by any store in this city.

If you would act wisely you will purchase your Spring hat NOW. You will not find styles prettier or value more pronounced.

Some of the most charming pretty styles in years are on display in our superbly filled millinery room.

The Exhibit in the Ladies' Ready to Wear Section

Not the least in attractiveness is the display of New Costumes, fetching designs in the new silk and net waists, and fashionable gloves which may be had in all the new shades as well as in the regular black and tan shades. A visit to this department will convince you of the position of this store as style headquarters for this locality.

What about your Easter Toggery Mr. Man?

We are in fine feather for the Easter trade. Our smart and snappy suits and top coats, our swell new hats and elegant Easter Neckwear, Gloves and other Haberdashery, will make this store headquarters for men, boys and children who want "THE THING" for Easter.
