ments will be landed at all points necessary. I will endeavor to avoid bloodshed, but will fulfill my mission thoroughly. The Athens correspondent of the Daily Mail interviewed Vice Admiral Du Fournet aboard his flagship, and quotes him similarly to the correspondent of The Chronicle. The Admiral said that he did not intend either to seize the arms or fire upon the Greek troops, but declared that unless the guns were surrendered he would land large detachments, which would not re-embark until his demands were complied with. Other coercive measures would be taken at the same time.

"As I have ample forces at my disposal," the Admiral said, "and some of the heaviest and most powerful artillery in existence, I can see no reason why the arms will not be quietly given up."

GROWING ANXIETY IN GRECIAN CAPITAL

(Canadian Press Despatch.)

LONDON, Dec. 1.—Special despatches from Athens dated Thursday say there is a growing state of anxiety in the city. The Greek garrison seems to have withdrawn inland, taking arms, munitions and stores. Two regiments left during the night with artillery.

The despatches add that there was alarm in the streets on Thursday morning due to the appearance of bands of reservists, but that later it was ascertained they had been called for service. The authorities seemed to be doing their utmost to preserve order. The Bourse Thursday was very firm, indicating optimism.

HEAVY FIGHTING ON ITALIAN FRONT

(Special to the Guardian.) ROME, Dec. 1.—There is heavy artillery fighting in progress along the Austro-Italian front, the war office announces. Following is the state of the front:

"On the whole front the activity of artillery on both sides increased, particularly in Adige and Astico valleys and in the area east of Gorizia and on the Carso. Hostile aircraft raided several points along the front. They were driven off by anti aircraft guns and aeroplanes. Enemy aeroplanes dropped bombs on Grignano in the Sugana Valley but no damage was caused. One of our air squadrons dropped numerous bombs on the station at Dolina, north of Roncole, inflicting damage and causing fire. Another squadron dropped bombs on the station at Rittenberg in Branzia valley. Some standing trains were hit. All the aeroplanes returned."

ALL EYES CENTERED NOW ON ROUMANIA

Roumanians Have Taken a Stand West of Bucharest Either to Save the Capital or to Cover Retreat. The Situation Admittedly Grave.

(Canadian Press Despatch.) VIENNA, Nov. 30.—Via London, Dec. 1.—The Russians are attacking incessantly and in great force along the eastern Transylvanian front in an effort to relieve the Roumanians, according to an official statement issued by the War Office.

PETROGRAD, Nov. 30.—Via London, Dec. 1.—The violent attack begun by the Russians in the Carpathian which, if successful, will menace the rear of the Transylvanian Austro-German armies, is expected by military critics here, to relieve the pressure upon Roumania and possibly avert the crisis caused by the concentric advances on Bucharest of the three groups of the forces under Generals Von Falkenhayn and Mackensen. The Russian operations are directed at that portion of the front which has already been the scene of hotly contested battles, in which the Germans strove to make a breach between the Russian armies and the forces defending Roumania.

Military observers believe that the wedge, which the Russians are reported to be driving into the Dorna-Watra and Kirlibaba positions is of great strategic importance. (Canadian Press Despatch.) LONDON, Dec. 1.—The mention in the Roumanian communication of violent fighting on the Glavatzolotz River is regarded here as showing that the Roumanian retreat has halted, and that a stand is being made on that stream to contest the advance on Bucharest from the west. There is nothing to indicate, however, whether this action is intended as a final effort to save the capital or whether it is merely a cover to permit the main Roumanian forces to take positions on the Argesche River, some miles further to the east. The battle has also been joined near the frontier north from Bucharest, and along the whole Moldavian frontier where the Russians are known to be operating with large forces.

Successes claimed by the Germans at Campulung and south of the capital impress the critics, however, more than any other feature of the struggle. It is admitted that Bucharest is in immediate danger, and that the whole situation in Roumania is very serious.

SUMMARY OF WAR SITUATION

Russian Troops Arrive at Bucharest to Assist Roumanians.

(Special to the Guardian.) LONDON, Dec. 1.—Desperate Roumanians, probably aided by Russian troops, are defending the southern and western approaches to Bucharest, while the Teutonic Allies' advance continues to press more closely on the Roumanian capital from the northwest. Unofficially, it is reported in London that Russian troops have arrived in Bucharest to aid the hard-pressed Roumanian forces. Progress for the advancing German-Austro-Hungarian armies in Wallachia, south of Bucharest, is reported by the German press, which says the Roumanians continue to offer resistance. The Roumanians apparently are on or near the line of the Argesue, as Petrograd says the invaders have occupied two towns south of Bucharest. Field Marshal Von Mackensen, Berlin records, has thrown an army across the Niazlov lowlands which would be approaching Arguesh in the direction of Bucharest. Advancing south from the Campulung Piteahie region, the Teutonic invaders have taken prisoners, cannon and much other equipment. In the fighting reported in the latest communication Berlin says the Roumanians lost more than 2,000 prisoners, and 22 cannon. The Russians continue aggressively their offensive against the Austro-German lines from the Carpathians to southern Transylvania. Berlin states that to have been along a front of 186 miles from Jablonitz to Kedzi Vazarahely resulted only in small advantages which are declared not to be commensurate with the cost in men, and ammunition. Petrograd admits reverses south of Yanarka in the Carpathians but records the capture of a ridge of heights south of Kirlibaba. Fighting in Dobruja has become more intense. Bucharest announces violent attacks along the whole front in that region. Berlin declares that attacks against the Bulgarian left wing in Dobruja failed, and that British tanks are being used by the attackers. In Galicia there has been a reawakening of activity. Petrograd records that an Austro-German attack to take the offensive north of Tarnopol-Zlochov railway was repulsed. In Macedonia, in France, and on the Austro-Italian front there has been no important change in the situation. Artillery activity on the Somme front in northern France in the Trentino and Carzo regions of the Italian theatre is reported to be increasing. Both Berlin and Paris claim the repulse of attacks north west of Monastir in Serbia.

THE GREEK SITUATION

Admiral du Fournet, commander of the Entente fleet in the Mediterranean, is reported to have landed troops at Piræus, a port of Athens, French, British, and Italian contingents are said to have been included in the landing party, aside from a report that Greek troops are being sent toward Athens from the north of Greece there are no indications as to what measures the Greek government has taken to comply with or oppose Admiral du Fournet's demands for the turning over of Greece's arms and ammunition.

BRITISH MAY ACCEDE

An Associated Press despatch from London says that Great Britain will grant the request from Washington for re-consideration of the refusal of the safe conduct to Count Tarnowski Von Tarnow, recently appointed Austro-Hungarian ambassador to the United States.

GERMANY PROTESTS AGAINST EXPULSION OF AMBASSADORS.

WASHINGTON, Nov. 29.—Germany has protested through the United States against the expulsion of the diplomatic representatives of the Central Powers from Greece. Germany's protest will be sent to Great Britain as requested and as part of the ordinary routine of the state department. The note requires no other action on the part of this government, which is involved only because it represents German interests in England.

Scores of similar notes have been transmitted through the department from both sides as part of the courtesy of the American government in representing belligerent interests in hostile countries. Surprise was expressed that the request was made to transmit the note to Great Britain only, especially as Admiral Du Fournet, commander of the French fleet, is the active head of the whole allied forces before Greece and has conducted all the negotiations. The text of the note, signed by Count Von Bernstorff, and addressed to secretary Lansing, follows: "The French commander of the naval forces of the Entente in the Greek waters has notified the envoys of Germany, Austria-Hungary, Turkey and Bulgaria that they had to leave Greek territory immediately, with the staff of their legations and of the consulates. "The German empire most emphatically protests against this contempt of international law, of the free will of a neutral country, and of the most elementary rules of international courtesy. "Acting under instructions from the imperial government, I have the honor to request your excellency to forward this protest to the British government. "Accept, excellency, the renewed assurance of my highest consideration."

SMUTS TO GO TO FRANCE.

(Canadian Press Despatch.) CAPE TOWN, Nov. 30.—When General Smuts closes his campaign in South Africa it is understood that he will go to France to command the South African contingent there. What's left of the German army in East Africa is kraaled in a stretch of territory 500 miles in diameter with malaria very prevalent. Many of Smuts' soldiers are eager for service in France.

EMINENT PRESBYTERIAN DEAD IN MONTREAL.

MONTREAL, Nov. 30.—The death is announced in Montreal of James Croil, the grand old man of the Presbyterian church in Canada, and formerly editor of The Presbyterian and its successor, The Presbyterian Record. Mr. Croil was born in Glasgow, September 4, 1821, and came to Canada in 1841. He was author of "The Story of the Kirk in the Maritime Provinces."

RIOTERS ARE ARRESTER

WORCESTER, Mass., Nov. 28.—More than a dozen Turks and Armenians are under arrest here for engaging in a riot in which nine men were injured, two seriously. Revolvers, knives, and clubs were used by the combatants. A barber shop was wrecked and other damage was done. The riot was due to race hatred, the Armenians claiming that the Turks are endeavoring to run them out of Worcester. A private message coming over the same route adds that not only is Villa proceeding north, but he is in control of Chihuahua City, which General Trevino is supposed to have abandoned proceeding northward. General Trevino, according to the private report, said that after effecting a junction with General Murguia he would return and recapture Chihuahua.

BARON BERESFORD ON NAVAL MENACE

Declares Present Position is of Unparalleled Gravity and Advocates More Aggressive Methods of Combating Submarine Menace.

(Special to the Guardian.)

LONDON, Dec. 1.—We are in a position of unparalleled gravity, Admiral Baron Beresford declared today in an address at a meeting to support a stronger naval policy. The crisis of the war is now on. Since enemy submarines have transferred their activity from the head lands and shallow waters to the blue sea, the menace requires new strategy and new policies to deal with it but so far no definite and systematic methods have been taken for suppressing the menace. The Germans are now going to send submarines to the Pacific and wherever British trade routes are. Baron Beresford advocated continued aerial attacks on the German base at Zeppel and arming merchant men and contended it was a most unstatesmanlike policy. Thousands of tons of food waiting to come to England have been diverted to Germany. The meeting adopted a resolution calling for more effective blockade and for more efficient measures to deal with the submarine question.

DALTON'S SUIT VS. DOMINION TRUST

The Vancouver News-Advertiser says: "Officers of the Dominion Trust Company are to be called and the genealogy of certain subsidiary companies will be traced in action begun yesterday afternoon in the Supreme Court in which Hon. Charles Dalton of Prince Edward Island is the plaintiff. He sues for the recovery of \$85,000 or for a declaration that the Dominion Trust Company and its liquidators now hold in trust for the plaintiff, and in priority to the claims of the defendants, certain mortgage securities on Trust Company, and Mr. James K. Hogg and John Harbour on behalf of themselves and all other holders of first mortgage certificates issued by the Dominion Trust Company. The real fight is between Hon. Charles Dalton and the defendants, Hogg and Harbour, in their capacity as representing Scottish investors in the amount of \$140,000 in the Dominion Trust Company. The liquidation is between both parties, producing the books of the concern and interwoven in this case are the affairs of the B. C. Securities, Limited, the Merchants' Ice Company, and Alvo von Alvensleben, Limited. Mr. A. H. MacNeill, K. C., and Mr. Hayland are appearing for Mr. Dalton; Mr. R. L. Reid, K. C., and Mr. Douglas for the defendants, Hogg and Harbour, and Sir Hibbert Tupper K. C., for other back letter holders claiming an interest in the same property. The trial is before Mr. Justice Murphy. In opening Mr. MacNeill described Mr. Dalton, who was once the head of the silver fox breeding movement in Prince Edward Island, as a farmer. In or about the year 1914 he was communicated with by the Dominion Trust Company, with regard to investing money in property in British Columbia with the result that he agreed to advance the sum of \$85,000 on mortgages in the City of Victoria. He was advised that a draft would be made upon him for the sum of \$85,000, and it was duly honored. The Dominion Trust Company, instead of investing that money in Victoria property, handed \$44,000 to the B. C. Securities Company. The B. C. Securities Company on the same day paid over to the Canadian Pacific Railway Company a sum of money that was necessary to take up a conveyance of some property in Vancouver. The plaintiff's money was so applied. The conveyance, when received, was given to a third party called the Merchants' Ice Company. They conveyed the property to Alvo von Alvensleben, Limited, and at the same time turned over to the Dominion Trust Company a mortgage for the sum of \$140,000. Upon the receipt of this mortgage the Dominion Trust Company gave to certain investors, who were holders of first mortgage certificates, back letters appropriating to them various interests in that mortgage.
