WEDNESDAY

A DELIGHTFUL VACATION.—The Maple Leaf of Oakland, Cal., says:—Archie J. McPhee of Brooklyn, New York, enjoyed a delightful vacation among old friends and relatives last month in his native province, Prince Edward Island. It is nineteen years since Mr. McPhee made his last trip over to "the Island" and we are sure his friends of former days, as well as his sister, nephews and nieces around Selkirk, St. George's and St. Teresa's, made his visit a most enjoyable one. May the pleasure of that visit among true and hospitable friends linger long in your memory, Mr. McPhee.

SPECIAL SUNDAY SERVICES AT GRACE CHURCH.—The various services in Grace Church last Sunday were of more than usual interest. Both morning and evening the pastor, Rev. F. H. Littlejohns delivered earnest Thanksgiving addresses and the choir effectively rendered appropriate anthems. The annual Sunday School Rally Day Service was held in the afternoon, and should prove quite a stimulus to the school work. The programme, which consisted of vocal and instrumental solos, choruses by the scholars, recitations, orchestral selections and an address by the pastor, was much enjoyed by the large congregation. The Thanksgiving decorations, an artistic arrangement of various fruits of tree and soil, added much to the attractiveness of the services.

ANNANDALE.—There is quite a lot of shipping going on Mr. A. C. Myers has a large schooner in load of with coal. He intends reloading it with potatoes and other articles. Mr. E. McFarlane is also loading a schooner with produce. He brought a load of coal. Mr. J. M. Morrow is still busy bagging potatoes and shipping them by Georgetown. Mr. D. D. Steele merchant, took a first prize in Seaside Exhibition for carriage tillie under 3 years.—Mr. A. McCormack 2nd; Mr. H. Robertson 3rd; all of Annandale vicinity. Not so bad. Mr. Roy Howlett is busy thrashing and he is quite a hustler at it.—The Annandale school held a picnic at Launching beach the other day. They had quite a good time. The school house is getting brightened up by the skillful hand of Mr. J. Banks and the village in general is putting on a better appearance all round.—U. ed.

"The White Flour Pinch"—have you felt it? With the advancing price of wheat "the seven-cent loaf is doomed," say the bakers. In its place we have the eight-cent loaf—in many cities only the sixteen-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteids the human body needs. In **Shredded Wheat Biscuit** you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits.

WELLINGTON INSTITUTE.—The Wellington Womens Institute held their last meeting at the home of Mrs. Joseph E. McNeill. Twenty-five members being present. They discussed the making of an Autograph quilt to be made during the winter. They have just forwarded seventy-five pairs of socks to the soldiers of C. Company 105th Batt. The next meeting will be held at the home of Mrs. J. P. Arsenault, Wellington Station on Oct. 12th at 2 p. m.

SUCCESSFUL EXHIBITS.—Says the Pictou Advocate:—A Pictou exhibitor, Mr. Jones-Henry, won a number of prizes at the Charlottetown exhibition, taking first and second for White Whyantettes, old birds, and first and third for the same class, young birds; also first and second for sweet peas. Mr. Henry, in a year when sweet peas were a failure generally, had beautiful flowers of this variety. Four and five blooms on a single stem are considered exception, but Mr. Henry showed us three stems with a total of 21 blooms on them, five on one stem and eight each on the other two. Mr. Henry and family moved to New Glasgow this week.

LAI D TO REST.—A Montreal despatch states that the funeral of Mrs. Duncan, widow of Rev. Dr. Thos. Duncan, of Edinburgh and Bridge of Weir, Scotland, who was in her eighty-second year, took place to Mount Royal Cemetery, Montreal, on the 9th inst. The deceased lady was a sister of Mr. Fred W. Hyndman and Miss Hyndman, of this city, and a cousin of Sir Louis Davies and Sir Joseph Pope, Rev. George Duncan, of St. Andrew's Church, Montreal, and Capt. Charles S. Duncan, of the 17th Battalion, C. E. F., are sons, and Mrs. Herridge, wife of Rev. Dr. Herridge, Mrs. Bauld, wife of Henry G. Bauld, M. L. A., Halifax, and Miss Duncan, Ottawa, are daughters of the deceased.—U. ed.

—A TRIBUTE.—The St. John Telegraph says:—Apparently, they breed college heads down East. The Rev. Dr. D. J. Fraser, who has just been made principal of the Presbyterian College in Montreal, was born at Alberton, Prince Edward Island in 1886, the son of the Rev. Alan Fraser. Dr. Fraser was educated in Prince of Wales College, Charlottetown, at McGill and Harvard. After several years as a pastor he went to Montreal and has spent the past dozen years as professor of New Testament Literature and Exegesis. Dr. Fraser is a frequent contributor to the press, and is the author of a book "Victoria, Queen and Mother."

THE EXCELSIOR MONTHLY.—The Excelsior Monthly is the name of a new periodical just launched in Charlottetown. Although edited and controlled exclusively by ladies, there are in the first number at least, no indications of revolutionary undertakings or of any intended undulgence in connection with woman suffrage or other questions peculiar to the feminine mind. The periodical is a modest and well edited school journal published by the pupils of Grade Nine, Prince Street School, and is a distinct credit to its staff of editors and reporters. It also bears tangible evidence in its advertising columns of the generosity of the merchants of the City who so kindly patronized the venture and helped it financially. It promises to issue monthly and to be a record of current social events of interest, especially, to the pupils and to their friends and generally, to citizens. It is an excellent exercise for the pupils, will be a valued souvenir in after years of their school days and is in every way worthy of encouragement.—U. ed.

Madame Clara Novello-Davies, the well-known singer and conductor of the Welsh Ladies' Choir, writes:—I have great pleasure in recommending Dr. Cassell's Tablets as a safe and effective remedy. Fawcett

Ranges, Heaters and Hot-air Systems guarantee you this

HOW? WHY?

Fawcett Grates are all made to admit an immense amount of air from below the fire which forces the fuel to burn entirely to a white ash. Fuel burns longer and the gases and smoke are converted into fuel, because the fire boxes in Fawcett Ranges and Heaters are all built with hot-blast, smoke-consuming devices which burn the hot gases and smoke, thereby saving half the fuel.

These are only a few Fawcett features. Others can only imitate.
