

NATURE'S LAXATIVE FOR MAN

is the whole wheat grain properly cooked, with the outer bran-coat prepared in such a way as not to irritate the intestines. In making Shredded Wheat Biscuit we retain the outer bran-coat, so useful in promoting "bowel exercise," at the same time supplying all the rich, body-building material in the whole wheat grain in a digestible form. The most real food for the least money. Deliciously nourishing for any meal with sliced bananas, peaches or other fruits.

EVERYONE INVITED

Getting Full Value for Your Money is Real Thrift

Thrift does not imply deprivation, although some people have an idea that they must practice self-sacrifice in order to save. The woman who knows what thrift means seeks first the worth of her money and, if she finds it, savings are the logical result.

There is no form of thrift to compare with full value for the money you spend. And there is no form of waste to compare with the haphazard spending of money which takes no heed of value.

People who do all their shopping at this Store automatically save in the course of a year, a sum which permits purchasing additional things, which otherwise could not be bought if the same purchasing power were used in shopping elsewhere. The reason for this lies in the fact that our patrons get full value. They pay the lowest prices in the city, and consequently save money. In other words, they practice thrift in the best form.
