

The Paper That Covers Prince Edward Island

THE CHARLOTTETOWN GUARDIAN The People's Paper Read by Everybody

All The News Worth Reading All The Ads Worth Printing

Charlottetown Guardian, Three Cents. Morning Edition, Founded 1887. CHARLOTTETOWN, CANADA TUESDAY, AUGUST 2, 1921. Annual Subscription, delivered \$6.00. By Mail, Canada, \$5.00. U. S. A., \$6.00.

High Cost of Wives Is the Problem In East Africa

(Special to The Guardian.) LONDON, Aug. 1.—The return to normalcy in British East Africa has run against a hard obstacle. The natives, says a despatch to the Daily Express from Nairobi, are insisting wages are fifty per cent. above the level which existed prior to the war. The employees of the plantations are making representations to the government insisting that some thing must be done regarding the market value of spouses. The latest delegates made the suggestion that the government fix a standard price for wives.

Dutch Waiters Strike

THE HAGUE, July 29.—A general waiters' strike has been proclaimed throughout Holland and the waiters are distributing propaganda pamphlets and have prevented parties of American tourists from entering the largest hotels here, conducting them to cafes which have met the waiters' demands, namely \$20 a month in wages and 10 per cent. of the tips.

SCHOONER SUNK OFF SHELBURNE.

SHELBURNE, N. S., July 31.—Twenty members of the Boston schooner Genesta, who have been landed here, report that their vessel was sunk in collision with the three-masted schooner Mary G. Duff, of Lunenburg, on Brown Bank, seventy miles off this port. The commander of the Genesta, Captain Dobson, of Lunenburg, Yarmouth county, says that at the time of the collision the weather was very thick and the impact was so great that it stove the bow of his vessel completely in. While the vessels were still together the crew jumped to the Mary G. Duff, returning to their own vessel later and took what they could manage to get. Soon after leaving the vessel the second time she went to the bottom. The Genesta makes a weekly trip to and from Boston and at the time of the accident had about 50,000 pounds of fish aboard. She is owned by O'Hara Bros., of Boston and is sixteen years old. Most of the crew belong to Yarmouth county and went to their homes yesterday.

CONDENSED SPECIALS

- FOR SALE CHILD'S SULKY ALSO oak sideboard, 21 King St. JNO. ALFRED McDONALD LAND Surveyor, Hermonville. WANTED MAID FOR HOUSE work. No washing. Apply Royal Hotel. LOST—IN THE EASTERN PART of the city between Fitzroy and Euston Streets, a boys pair of spectacles. Finder will please leave at Mr. Thomas Costello's No 333 Euston St.

To Open Route To Far Siberia

(Special to The Guardian.) LONDON, Aug. 1.—An expedition is being organized under the leadership of Capt. Otto Sverdrup, the Arctic explorer, to open sea and river communication with Northern Siberia. A Russian icebreaker with four British steamers and one Norwegian will go into the Kara Sea (part of the Arctic Ocean) and with good luck should reach the mouths of the Rivers Ob and Kenezi. These rivers pass through a country rich in timber and ores and they are navigable for the greater part of their length, in each case more than 2,000 miles. Capt. Sverdrup's expedition will carry 15,000 tons of miscellaneous cargo destined for the people of Siberia who for a long time have been cut off from the rest of the world. It is hoped that data will be obtained that will enable this water route to be used for regular trade. If a safe route can be discovered immense timber and coal resources in Northern Siberia will be accessible.

"Hitchy Koo" Ruined Mr. Hitchcock

NEW YORK, July 29.—Raymond Hitchcock, the comedian, testifying today before John J. Townsend, referee in bankruptcy, told largely of the financial misfortunes that have made it impossible for him to pay his debts and made him a bankrupt. The purpose of the hearing was to discover whether Mr. Hitchcock had sufficient funds to liquidate a debt of \$2,000 due Jack Welsh, his former manager. Mr. Hitchcock said he was fairly prosperous until he produced "Hitchy Koo," which ruined him, leaving him nothing but a lot of notes, a few pawn tickets and some scenery, which was eating its head off in a storage warehouse. But this burden, he said hopefully, would be removed tomorrow when his rental of the space expires and which he could not renew. He suggested that the referee might be interested sufficiently in the scenery for decorative purposes to release it.

Northcliffe Arrives Unheralded in Toronto

TORONTO, Ont., Aug. 1.—"It's all over in fact it has been dead for two days and there is no reason to resurrect it, I may have a further statement to make at a later date," was the comment of Lord Northcliffe yesterday, concerning the King George, Lloyd George, Earl Curzon-Northcliffe controversy. The British Publisher came to Toronto unheralded and made his exit quietly. Not even the Mayor was on hand to extend the usual civic welcome when Lord Northcliffe stepped from the New York train at the Union Station yesterday morning. Asked for a statement with respect to the controversy which had its origin in an interview published in a New York paper and which has been uppermost in the public mind on both sides of the Atlantic for the past three or four days, Lord Northcliffe with some hesitation, replied: "While the New York papers virtually paralyzed their readers with rash statements which I was alleged to have made in an interview, which I did not give, I don't purpose permitting it to interfere with my mission to this country. During the past two days I have been pestered by reporters. I have given my answer to the statements made in the alleged interview, and I have made clear to His Majesty, King George, that they were complete fabrications and that the incident has closed so far as I am concerned. Lord Northcliffe is touring Canada to look into the immigration question on which he desires first hand information.

THE CANADIAN EXPORTER ASHORE.

ASTORIA, Oregon, July 31.—A wireless message received by the British Consul here today said the Canadian Government steamer Exporter was ashore of Willapa Harbor, Washington. The Willapa left here at 9.30 a. m. to give assistance. Capt. Bradley of the Canadian Exporter reported that the sea was smooth and he believed the vessel would be floated. He had dropped anchor and water ballast was being pumped from the stranded vessel's tanks.

Japanese Premier Likely to Attend Washington Conference

TOKIO, July 29.—Premier Hara, who may himself go to Washington to attend the disarmament conference, it was reported today. Japan is keenly interested to know if Premier Lloyd George will attend the gathering in the United States, and if he does Premier Hara probably will follow his example.

Belyea's Victory At Henly Regatta

MONTREAL, Aug. 1.—At the Henly Regatta, St. Catharines, July 31st, the greatest interest was shown in the senior singles, the senior eight and fours. In the first, Belyea of St. John, was winner of the Eastern States regatta on July 4, was extremely confident that he would be able to dispose of all the other competitors while nearly everyone outside the Maritime Provinces' small band of supporters pinned their hopes on Dibble. At the start Steacy of Brockville, last year's junior winner, went into the lead, followed by Belyea, Dibble and Gilmore with the two Durmans in the rear. Belyea apparently took things easy and the heavy home-made shell he was using, kept sculling away and with the exception of Gilmore son drew away from his rivals. Half a mile from home Dibble cracked badly and commenced to wobble over the course, and it was seen then he was not the Bibba of old. Despite the attack of Steacy to pull ahead of the defeated champion the places remained at the finish line. Belyea did not seem to be in the least fatigued as he crossed the line with a length of clear water between him and the second man, Dibble was three or four lengths back.

Grand Orange Lodge Winds Up Session

TORONTO, July 30.—The Orange Grand Lodge of British America wound up its three day convention last night with the election of officers. The vote was large, each of the officers being keenly contested. H. C. Hocken, M. P., Toronto, was re-elected grand master for the fourth consecutive term. Dr. D. Billis, past grand master, presided over the election proceedings. Kingston was chosen as the place of meeting next year. The election of officers resulted as follows: Grand Master—H. C. Hocken, Toronto. Deputy Grand Master—Hon. W. D. McPherson, Toronto. Grand Chaplain—Rev. Captain F. C. Wardwhite, Lunenburg, N. S. Grand Secretary—Wm. Lee, Toronto. Grand Treasurer—J. E. Thompson, M. P., Toronto. Grand Lecturer—W. H. G. Armstrong, Saskatoon. Grand Director of Ceremonies—Wm. Crawford, Toronto. Deputy Grand Secretary—J. Easton, Winnipeg. Deputy Grand Treasurer—G. B. McCready, Winnipeg. Deputy Grand Auditors—J. F. Harper, Hamilton; L. H. Reid, Toronto. Deputy Grand Lecturers—J. W. Penny, for Newfoundland; W. D. McFadyen, for Nova Scotia; W. H. Sullis, for New Brunswick; L. B. Miller, for P. E. I. Deputy Grand Chaplains—Rev. B. H. Penwarden and Rev. A. D. Archibald, for New Brunswick; Rev. B. M. Parker and Rev. Edward Morrison, for Nova Scotia; Rev. G. Mercer and Rev. R. L. Mercer for Newfoundland; Rev. Major Geo. C. Taylor and Rev. C. H. MacEwen, for P. E. I. By an almost unanimous vote, the lodge placed itself on record as endorsing church union. The resolution embodying this attitude was moved by Rev. E. A. Mercer, of Newfoundland. Among those who spoke in favor of the resolution were: Rev. F. C. Wardwhite of Lunenburg; Grand Chaplain and Rev. T. R. White. Resolutions were passed congratulating Sir James Craig upon his appointment as premier of Northern Ireland and expressing sympathy for the Protestant minority in the south and west of Ireland, also expressing satisfaction at the appointment of Sir Edward Carson to the position of Lord of Appeal of the Privy Council.

MINES TO DOUBLE CAPACITY

TORONTO, July 30.—McIntyre Porcupine Gold Mines will double the capacity of their plant at Timmins, according to an official statement made yesterday and a start will be made at once with the work.

Large Finds in Lead In Sudbury, Ont.

(Special to The Guardian.) SUDBURY, Ont., Aug. 1.—What is believed to be the first discovery of lead in Sudbury district in a quantity which would justify the development of the property on which it was found was made last week on the Gold Nugget property near Creer. Samples brought out from the property have been favorably commented on by mining men in town and a number of prospectors have already gone into the new field. Although primarily a gold property, the existence of lead not having been considered by the prospectors at first on the ground that there is an eight inch vein of galena on the surface running about 124 feet, official assay by the Provincial assayer, W. K. McNeill, shows the lead content to be 78.4 per cent, an unusually high percentage, the highest ever registered in this district. A discovery of lead was made some years ago at Sturgeon's Falls which went to about 25 per cent. Anything over 50 per cent content can be worked with profit. The assay also shows gold at \$8 to the ton and 20.50 ounces of silver to the ton. "Duncan Kennedy, an old time prospector, went into the field this week. He states that the specimens of galena brought in are very similar to those found in British Columbia.

Islander Appointed N. S. T. A. Inspector

At a meeting of the Amherst Town Council last week Mr. W. A. Chandler, Hazelbrook, P. E. I., was unanimously appointed inspector under the N. S. T. A. in succession to Mr. Stanley Baird, resigned. In commenting on the appointment, Amherst News says: "The motion for the appointment of Mr. Chandler was made by Councilor Knight, and passed by a board unanimously. Mr. Chandler is also a veteran of the Great War in which he saw gallant service in the 55th Battalion. Although not possessed with any previous experience along the line of temperance investigation he is a man who appears to be well qualified for the position otherwise, and given the co-operation that is essential to the successful administration of the work, should prove the right man in the right place. If there is any 'gun play' to be done Inspector Chandler can be reckoned upon to be more than fill the bill, as he is one of the leading shots in the Amherst Rifle Association. Mr. Chandler's tenure of office will continue until December 28 of the present year. Mr. Baird's appointment lapsed. In congratulating Inspector Chandler for his appointment, the News joins with the citizens in general in expressing the earnest hope that in future the way of the rum sellers of Amherst will not be as 'easy' as it has been in the past.

Sad Condition in Fire Swept Section

INGONISH, C. B., July 29.—Many pathetic scenes were witnessed at both Neil's Harbor and New Haven during the past twenty-four hours. Women and children, and in many cases, old people, were asleep on the wharves, not being able to get aboard the vessels in the harbor. Particularly sad was the spectacle of people sitting around the ruins of what was yesterday happy homes. A cottage in a fishing village usually means many years of toil, and yet almost without exception, it is a little bit of house, and they are willing to undergo many sacrifices to fulfill that ambition.

FIVE DAYS MORE

The winner of Prowse Bros. Ltd., great \$100 merchandise prize will be decided this week. Just five more days in which to win this extraordinary award. This is the big week for Examiner subscriptions. Get the most—Mr. or Miss Candidate and you will be the winner of a beautiful prize. YOU can win—do just a little more than your competitor and the prize will be yours. From present indications the race will be close. Get busy—don't let a single minute pass without doing something. The votes you secure in winning this prize will also put you a long way up the ladder to the top honors of the big competition. Subscribers are receiving the Examiner for \$1.50 per year but this price is not guaranteed to remain at this rate after the competition closes. The publishers are making arrangements to enlarge the paper and very likely the price will be increased in the course of a few months. Sign up now for a year or more while the price is so reasonable. Twenty-two more working days of the competition left. Work—work—work. Then you won't be disappointed.

Prisoner's Dock a Relict of Barbarism Says Service Committee

TORONTO, July 29.—That the prisoner's "dock" is a barbarism and should be removed is one of the recommendations made by the public service committee in its report on the Toronto police court, and suggests trial by jury in this court without the necessity of going to higher courts. Need of a woman magistrate and many other reforms is urgently recommended, and also many amendments to the criminal code in regard to bail.

Big Opening for Settlers In British Columbia

LONDON, July 29.—Hon T. D. Pattullo, member of the British Columbia Government, who is in London campaigning for 1,000 British families to settle on farming lands in the Pacific provinces, has issued a statement in which he says that despite the restriction of ordinary immigration now being enforced by Canada, there was never a time when men with experience and capital could settle themselves to better advantage in British Columbia. Accompanied by Timber Commissioner Turnbull, Hon Mr. Pattullo will investigate the pulp and paper situation in Sweden, and will then visit Egypt, which has recently been an extensive buyer of British Columbia track sleepers.

Lord Northcliffe's Editor Misquoted

NEW YORK, July 30.—The Times issued the following statement explaining the interview with Westminster editor of the London Times, which it published Monday and was erroneously attributed to Lord Northcliffe, when published in some newspapers abroad. "The interview with Mr. Stead, editor of the London Times last Monday, was written by a trustworthy reporter, who believes that he reported accurately, what Mr. Stead said. Mr. Stead has since told the Times that it contained matter which should not have been published. Mr. Stead did not have an opportunity to revise the interview. "As reported in England in one of Lord Northcliffe's own papers, according to the cable despatches, it appears that the interview was incorrectly attributed to Lord Northcliffe himself. Lord Northcliffe has not given to the Times, nor has the Times reported him as giving any statement of a purported conversation between King George V and Mr. David Lloyd George.

Won On First Ballot.

After the ballot was announced, giving Bowen 173 of the 304 votes cast, Mr. Chisholm, seconded by Mr. Snowden, made the choice unanimous, amid great applause. Mr. Chisholm paid a generous tribute to the nominee of the convention, declaring that he was the man to carry the riding. In accepting the honor Warden Bowen declared his pride in the victory and his pride in his leader. "The Liberal-Conservative party have as their leader the Hon Mr. Meighen, a young man who was born on the farm, who rose from the ranks and merits the position he occupies today," he said. "This by-election is going to be fought on the protection policy, a policy that has stood for the good of this country for over forty years. We are geographically handicapped and we must abide by the consequences. We have 4,000 miles of boundary between the United States, and we must bear the burden, either that or bear the burden of excessive subservency to another nation." While the ballots were being counted the gathering was addressed by Miss Constance Boulton, of Toronto, who spoke to the women particularly, pointing out to them the good cause they had for pride in the Conservative party and its record of Government at Ottawa and Toronto.

Officers Elected.

Before settling down to the primary business of the convention, the delegates elected a new executive. R. J. Copeland, of Bowmanville, was chosen president; Mrs. E. H. Chisholm, of Port Hope, vice-president; Miss McIntosh, of Newcastle, second vice-president, and Mrs. (Dr.) Spencer, of Bowmanville, third vice president. Later, however, Mrs. Spencer retired in favor of Joseph Hickson, who had earlier yielded the office to the lady. J. A. Vance, of Milbrooke, was re-elected secretary, and Silas Runnalls, of Port Hope, treasurer. A Progressive Farmer. Warden Bowen is widely known in a deep interest in municipal affairs. He is now serving his fourth year as Reeve of the Township of Clarke and his first as Warden.

150 Mile Chase Along the Border

ST. JOHNSBURY, Vt., July 31.—A 150 mile chase of an automobile which had smuggled liquor over the Canadian border by a car containing a sheriff's posse, with frequent exchanges of shots, resulted last night in the capture near Groton of a man giving his name as George Sabae. The car containing 400 quarts of liquor, was seized. Sabae was wounded in the left hand and on the verge of exhaustion when he emerged from the woods where he and his two companions had taken refuge when the chase became too hot and they were forced to abandon their car. According to his story the liquor was obtained at Abercorn (Que.), Wednesday night after a gun battle between a man named Fiske, proprietor of an hotel, and Sabae's companions, whom he knew only as "Pete" and "Steve." The man was said to have been seriously wounded. Sabae said he came from Pawtucket (R. I.), and his partners from Providence. Word was received here late tonight from South Rivergate that a man answering the description of one whom Sabae called Steve, had been arrested while running for a train there.

Bowen Will Have Strong Support In Durham

TORONTO, Ont., July 29.—Fred W. Bowen, Warden of the United Counties of Durham and Northumberland, and a farmer of Clarke, Township, will carry the Government standard in the approaching Federal by-election in Durham. Mr. Bowen was chosen on the first ballot this afternoon at one of the most enthusiastic conventions ever held in the country. Every part of the riding sent its representatives and over three hundred delegates answered the roll-call. The presence of women was particularly noticeable and the part they will play in the coming fight may be gauged by the fact that three out of the six executive offices in the association went to women, though one later retired. One sure sign of faint-heartedness in a party on the eve of a campaign is a lack of competition for nominations. There was none of it at today's gathering at Orton. For three aspirants stayed in the fight to the ballot, the others being D. H. Chisholm, barrister, of Port Hope, and Samuel Snowden, of Darlington, Brig-Gen. Sir John Hughes, brother of Lt.-General Sir Sam Hughes, and Joseph Hickson, executive of Manvers, were nominated, but withdrew. Thomas Underwood, a former warden, now living outside the riding, was nominated, but he had no second.

Islander's Name in Probable Line-Up Of Alberta Cabinet

CALGARY, July 30.—Herbert Greenfield, Premier-designate of Alberta, after spending a busy day conferring on the Cabinet situation, announced last night that he would make no statement as to the probable make-up of the new administration and is not likely to do so until the next conference of the U. F. A. members-elect which will be held in Edmonton prior to the taking-over of the Government administration. According to some members of the party attending the conference, the Cabinet line-up will be as follows: Herbert Greenfield, Premier and Minister of Health. John Brownlee, Calgary, Attorney-General. George Hoadley, Okotoke, Minister of Agriculture. Perrin Baker, Medicine Hat, Minister of Education. Alex Ross, Labor member, Calgary, Minister of Public Works. V. A. Smith, Camrose, Provincial Secretary and Treasurer. R. C. Reid, Vermillion, Minister of Municipalities. It is possible that there will be an adjustment of the departments, placing telephones and railways with some other departments. Mrs. Parby is also mentioned as a Cabinet possibility. (Mr. Vernon A. Smith, member-elect for Camrose, and referred to above as probable Provincial Secretary and Treasurer for Alberta, is a son of the late John Smith of Pownal, P. E. I.)

Maritime News

(Special to The Guardian.) THE STREET CAR SITUATION. ST. JOHN, Aug. 1.—Asked concerning the street car situation of the day, Mr. P. W. Thompson, General Manager of the New Brunswick Power Company, said that he expected to have the cars running by midnight tonight. Mr. F. A. Campbell, President of the Trades and Labor Council said that ten cars had been ordered for the James service conducted by the union.

BELYEA'S VICTORY WELCOMED

ST. JOHN, Aug. 1.—There is great rejoicing among sporting fans in the city over the victory of Belyea, St. Catharines, and it is confidently expected by many that he will also carry off the international honors at Buffalo.

BANDITS IN PICTOU COUNTY

PICTOU, Aug. 1.—Operating in two motor cars and sometimes with a grey horse, motor bandits are considered to be responsible for a series of hold-ups, robberies and fires which have terrorized Pictou County for several weeks. Although some arrests have been made it is thought that the guilty ones have not yet been captured.

BIG FOUNDRY CLOSED.

ST. JOHN, Aug. 1.—The brass foundry of T. McAvie and Sons was closed down on Friday night for an indefinite period. Under normal conditions this plant employs 200 to 250 men, but gradual reductions in staff have been made during the past few months. The reason for the shutdown is that there is about one and a half year's stock on hand at present.

HARBOR COMMISSION VOTE LIGHT.

(ST. JOHN, Aug. 1.—From indications it would appear that the vote on harbor commission which is being taken here today will be extremely light. He is forty-four years old, possessed of more than average ability and an aggressiveness, combined with a pleasing personality, that should make him a splendid candidate. In the Durham contest Mr. Bowen will have as his opponents, Bert Reed, U. F. A. nominee, and W. T. R. Preston. Liberal Mr. Preston's name means little to the present generation but fifteen years or more ago "W. T. R." was a rather well advertised Liberal organizer who later was a Trade Commissioner under the Laurier regime. In a straight fight between Warden Bowen and Mr. Preston the result would be a foregone conclusion but the fact that Reed, the U. F. A. man, is a former Conservative puts the issue more in doubt. The consensus of opinion, however, is that Bowen can carry the riding even with this handicap. PARIS, July 31.—Gabrielle D'Annunzio, with the proceeds of his latest volume on Fiume, safely in his pocket and his new Flaminia wife to cheer away future worries, now wants permission to establish a residence in Paris, and with his usual megalomania has addressed a verbose appeal to the French government asking for information as to whether his "nobility" as a sovereign in exile would interfere with his obtaining courtesy from officials here."

Yesterday Was Children's Day At Chautauqua

A special feature of the program yesterday afternoon at Chautauqua was the Junior Chautauqua Pageant in which some sixty local boys and girls took part. Considering the inopportune opportunities for rehearsal and the immature age of many of the performers it was a remarkable little concert, and one that was very much a credit not only to themselves but to their painstaking instructors, Miss Adelaide Fisher and Miss Anna Brown. Junior Holidays was the name of the playette put on by the children yesterday. It was composed of marches, minuets and recitative parts, all performed in appropriate costumes, symbolic of the various holiday seasons. Halloween, Thanksgiving, Christmas, Valentine day, Dominion Day, Our Birthday, and Chautauqua Day. There was a large attendance at the performance and it was quite evident by the generous applause that the grown-ups present were enjoying the fun as much as the children. Following the children's entertainment Mr. John Mangel in his specialty "Just Fun" gave an amusing exhibition of fancy hoop juggling and other comic stunts. To conclude the afternoon's entertainment, Vierra's Hawaiians—a talented group of Hawaiian musicians, put on a splendid programme. There was a peculiar and haunting charm about their melodies which elicited warm approval from the audience. The steel guitar selections by Mr. Kalani were a feature of the programme. At the closing performance last evening the Hawaiian concert party rendered another programme of musical selections from their native land. Mr. Ned Womam, a wonderful charcol and brass artist made a decidedly strong finish for Chautauqua with his funny "Cartoon and Comedy Review."

Heavy Duties on Canadian Fish

OTTAWA, July 30.—Canadian exporters of fish and fish products are considerably handicapped by the new United States tariff. It is pointed out by officials of the Department of Marine and Fisheries, that there is an increase of more than one and a half million dollars in the duties which would be collected on last year's exports of fish and fish products across the border. During the calendar year 1920 Canada exported to the United States 1,632,505 cwt. of fish and 15,717 gallons of fish oil, with an aggregate value of \$1,950,825, upon which it is estimated duties amounting to less than \$100,000 were paid. For a similar movement under the provisions of the Fordney Act approximately \$1,627,000 must be paid in duties. Under the former tariff practically all fish was admitted free excepting fish packed in oil, tinned fish, caviar and roe and fish skinned or boned. The Fordney Act imposes a duty on virtually everything with the exception of sea-birding and shell fish, while the duties on fish oils have been heavily increased.

THE WEATHER TEMPERATURE TIDE, MOON, ETC

High tide this morning at 8.29, and this evening at 10.08. Sun sets this evening at 7.28 and rises tomorrow morning at 4.43. New moon Wednesday, Aug. 2, at 4.18 p.m.

Noozie the Sunshine Kid

A SMILE MAY HELP ME TO GET AWAY WITH THIS. Illustration of a smiling boy holding a sign.
