THE WESTERN GUARDIAN

—SHOP from Holman's Catalog.

—ANNUAL MEETING of Kensington Dairymen's Association takes place Tuesday, Jan. 17th, 1.30 p.m. in Temperance Hall.

—SIX WIRELESS STATIONS. There are now six wireless receiving stations in Summerside, considered a great number in proportion to population, than any other town in Canada. Many other Summerside boys are talking about getting receiving stations and even parents are taking a marked interest in the work.

—COURSE POSTPONED. Owing to the unforeseen circumstances which made it necessary to place instructors at another point for the present, the Signal Course which was being arranged for Summerside has been postponed, and it is understood that the course will be given about April first, when all probability more effective work can be done.

—REFUSED ASSISTANCE. At a fire in Summerside on Monday morning, when damage to the amount of \$100.00 or more was caused, one of the town truckmen refused assistance to the members of the hose company, who went through the heavy snow and rain to help the firemen. For the benefit of this truckman and others it may be said that there is a town by-law that calls for assistance when required from every owner or driver of a vehicle, who may be called upon.

PIL Do not suffer another day with itching, bleeding piles. No surgical operation required. Benefit 60c a box all dealers, or Ed. Manson, Bates & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c stamp postage.

Huestis, O. G.; George K. Knight, J. P. G.

—TOWN COUNCIL MEETS. The regular monthly meeting of the Summerside Town Council was held on Monday evening. Mayor Campbell presiding and the following councillors present: Messrs. Walker, Carruthers, Gallant, Grady and Manson. The minutes of last meeting were read and approved. Council submitted the annual statement of revenue and expenditure for the year. Showing a surplus of \$386.11, on motion the annual statement was received and adopted. Tenders were received for publishing the town accounts. The Mayor stated that there were several complaints re the high cost of milk, but it was decided that this was a matter for the citizens to deal with. The matter of having a town weigher duly sworn in, was left over for the next meeting for decision. The meat inspector report showed that 47 cattle, 11 sheep, and 3 hogs had been slaughtered from Dec. 15th to Jan. 1st. Other business was transacted after which the meeting adjourned.

—ALMA SCHOOL. The semi-annual examination and concert of the Alma school was held in the artistically decorated school on the evening of Dec 21st, and the number of people, who thronged the school and yard showed the interest taken in school work and the popularity of the teacher, Mr. Simpson Crockett ably presided as chairman and performed his duty in a most worthy manner. The examination of the classes was conducted by the teacher, Miss Lavey, ably assisted by Mrs. Donalds and Miss Baker. The prompt answers and the orderly conduct of the pupils clearly showed the teacher the splendid work which had been accomplished by the classes during the term. This work was especially noted in the senior grades where the pupils by their prompt and correct answers won a record name for themselves. After the classes had been examined, the chairman pointed out some map and weed drawings and then drew the attention of the people to the splendid showing of crocheting and fancy work which also formed part of the school work and which more firmly convinced the people that Miss Lavey is a thorough teacher. Immediately after the examination was completed a splendid concert was given by the scholars and others and the many beautiful songs, recitations and dialogues, in which each part and character was acted, showed the painstaking efforts of the teacher. During the singing of the last song, "Jingle Bells," Santa Claus arrived, and after being greeted by a "Welcome Song" from the pupils, proceeded to deliver presents to both old and young. From the overloaded Christmas tree the many gifts delivered to the teacher show the esteem in which she is held by the pupils. After Santa had delivered all his presents, he made a noble speech to the teacher and this was followed by speeches from the chairman, Pete O'Brien, Benj. Dunbar, and others. Each person spoke of the splendid work done by Miss Lavey and of their great desire for her to remain with them for another year. In a few well chosen words Miss Lavey ably thanked the people and expressed her desire of trying to faithfully perform her duties. Much credit is due the trustees in securing the services of such a competent teacher.

WESTERN PERSONALS

—Mr. J. E. Milligan, Northam, returned Saturday evening from New York, where he had been on business in connection with the fox industry.

—Miss Marion Weeks of Carleton College, who has been attending P. W. College, returned to Charlottetown Monday night to resume her studies after having spent a pleasant time among her friends who gave her a royal welcome.

SUMMERVILLE SCHOOL EXAMINATION

The semi-annual examination of Summerville school was held in the artistically decorated school room on the afternoon of Tuesday, Dec 27. There was a good attendance of parents, visitors and teachers. The pupils of the different classes were carefully examined by the Rev. P. D. McGuigan, Vernon River, Inspector Shaw, Newport, Mr. Harold M. Cairne, Principal of Alberton High School, Mr. J. Francis McMillan, St. Dunstan's University and also by their capable and energetic teacher, Mr. Eugene J. Dunn, and showed, not only by their correct answers to the literal bombardment of questions, but also by their ability in solving our difficulties for themselves that the efficiency of teaching in Summerville School is kept at a very high standard. After the completion of the examination, a short programme was carried out by the pupils, supplemented by one number by Mr. J. D. Carmichael, Elliotville. Needless to say the programme was thoroughly appreciated by all. Short addresses were given by Rev. P. D. McGuigan and Inspector Shaw, complimenting the teacher and pupils on the very satisfactory result of the term's work, and complimenting the ratepayers in securing the services of such an industrious and painstaking teacher as Mr. Dunn. When all were treated to candy, the singing of the National Anthem brought a very pleasant afternoon to a close.

**NEW LAMP BURNS
94 PER CENT. AIR
Beats Electric or Gas**

A new oil lamp that gives an amazingly brilliant, soft white light, has been tested by the U. S. Government and is found to be superior to ordinary oil lamps. It burns without odor, smoke or noise—no pumping or sputtering. Burns 65 kerosene (coal-oil). The inventor, G. A. Johnson, 246 Craig St., W. Montreal is offering a trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get or money make \$250 to \$500 per month.

MUST ACCEPT A Wage Reduction Of 8 Cents

TORONTO, Jan. 9.—Representatives of Division No. 4 railroad department of the American Federation of Labor, which has jurisdiction over the shop trades of the Canadian railroads, from its Winnipeg headquarters, has been informed by the Canadian Railway Association that the union workers represent must accept as permanent a wage reduction of eight cents an hour, temporarily made last July, or the railroads will insist upon a reopening of agreements at once.

The attitude of the Railroad Association is being placed before the shop trades by their representatives.

A vote has been asked for, the result to reach Winnipeg by the end of the month, after which the committee from Division Number 4, will have another conference with the representative of the railroad association. It is said that local trades have opposed a permanent reduction, and the same feeling has been expressed in the voting in other railroad centres.

STOCK QUOTATIONS

HALIFAX, Jan. 11.—Quotations furnished by Johnson and Ward, members of the Montreal Stock Exchange.)

Soil And Sun.

India is many times the size of Nova Scotia, and Ceylon many times the Annapolis Valley. It is not enough to know that it is India or Ceylon Tea—Cape Breton apples don't compare with Annapolis Apples, nor does ordinary India or Ceylon Tea compare with Blue Bird which is grown, where sun and soil unite to make the most fragrant and flavorful of teas.

BLUE BIRD TEA
BRINGS HAPPINESS!
