LIFE EXTENSION

During the past fifty years, fifteen years have been added to the life expectancy of each new-born infant. This has come about chiefly because of the scientific knowledge concerning the prevention and treatment of acute infectious diseases has been used.

As a result of modern health work, many more people live to reach fifty years of age, but those arriving at the age of fifty have not any greater expectancy of life than had those of the same age during the past few decades.

of one or more parts of the body. In later life also there are infections. These infections are not acute in early life, but they are chronic. They are dangerous because they are insidious in their origin, hidden and difficult to recognize. They do not destroy life by reason of the damage they do at the point where they exist, but by the damage done to parts distant from this point, through the poison they pour into the blood stream.

Q. What causes the shrill, harsh voice that is heard so frequently in public?
A. It is caused by nervous tension.
Q. When services are held on board ship on Sunday, do women wear hats as they would if they attended church ashore?
A. It is a better form to wear

DAILY LESSONS IN ENGLISH

By W. L. Gordon

WORDS OFTEN MISUSED: Do not say "agreeably to your request." "Agreeably with" is preferable.
OFTEN MISPRONOUNCED: past, as in "ask," not as in "at."
OFTEN MISSPELLED: graphic.
SYNONYMS: culture, refinement, elegance, politeness.
WORD STUDY: Use a word three times and it is yours. Let us increase our vocabulary by mastering one word each day. Today's word: DETESTABLE; hateful. "He was prompted by a sordid and detestable motive."

FUNERAL OF HEDLEY CALBECK—The funeral of the late Hedley Calbeck, which was held Thursday at North Tryon was very largely attended, the cortege being a mile long. Service was conducted at the home by Rev. G. N. Somers and Rev. Mr. Brenton. The pall bearers were Russell Thompson, Heath Chisholm, Earl Thompson, Walter Bell, Howard Wood and Stirling Lord. The floral tributes included a pillow from the family, wreaths from Mr. and Mrs. Frank Calbeck, Pearl Ramsay, and Mr. and Mrs. George Calbeck, sprays from J. W. Calbeck, Rev. W. H. Manson McNeill, George McWilliams, Mr. and Mrs. Louis W. Roper, bouquet from Mr. and Mrs. E. C. Gamble.

WEDDING BELLS—A VERY pretty home wedding took place on Wednesday evening, June 27th, at the residence of Mr. and Mrs. Everett Johnston, Brookfield, when their daughter, Miss Alvina was united in marriage to Mr. Cyrus Earle MacNeill, of Milton. The ceremony was performed by Rev. W. H. Palmer, who was in the presence of relatives and intimate friends.

The bridal party entered the parlour to the strains of the wedding march played by Mrs. W. H. Palmer, and stood under a beautiful arch of honeysuckle. The bride who was unattended, was given away by her father, and looked winsome in a dress of white crepe satin and georgette, trimmed with rhinestones. She carried a shower bouquet of white carnations and maidenhair ferns.

After the ceremony and congratulations lunched was served. Previous to her marriage the bride was tendered a shower by her numerous friends and acquaintances. Many costly and useful gifts, together with hosts of good wishes, testify to the popularity of the young couple.

Rolland Paper Company LIMITED

5 1/2% First Mortgage Sinking Fund Gold Bonds, Series "A"

Maturing June 1st 1948. Principal and interest payable in Canadian, United States or Sterling funds. Denominations \$1,000 and \$500.

The Company, with its predecessor, is the oldest manufacturer of high grade bond, writing and ledger papers in Canada, its business having been established in 1882, and developed very successfully since that time. Its products are well and favourably known throughout the Dominion and are in increasing demand in export markets. The name "Rolland" is synonymous with rag stock and sulphite papers of best quality.

The Company's plants, although operating at capacity, are at present behind in completing orders. Part of the proceeds of the present financing will be used for the installation of an additional fine paper machine, with auxiliary equipment, to be in operation by the end of the current year.

Combined fixed and net current assets, without including any amount for valuable trade marks and goodwill, total \$4,777,562, as against \$2,500,000 First Mortgage Bonds—equivalent to \$1,911 per \$1,000 Bond.

Net earnings available for interest, depreciation and income tax for the year ended December 31st, 1927 were \$331,353, as against the annual interest requirement of these bonds of \$137,500. For the year ending December 31st, 1928, it is estimated that net earnings will be approximately \$400,000, or 2.90 times the annual bond interest requirement. With installation of the additional paper machine, it is estimated that net earnings for the year 1929 will exceed \$500,000.

The business of the Company is continuing under the same management that has been responsible for its sustained growth for many years. In addition, its board of directors includes prominent executives of other successful Canadian pulp and paper companies.

We offer and recommend these Bonds as a desirable investment, at—

97 1/2 and accrued interest, to yield over 5.70%
