FERTILIZER PLANT IS NOW ASSURED

Great Fox Show Closes To-Night

Presentation Of Awards Will Be Made By His Honour Lt. Gov. Hartz. Judging Will Be Completed To-Day.

The official closing of the Fox show will take place this evening at 8 o'clock in the judging pavilion. His Honor Lieut.-Governor F. R. Hartz will present the championship trophies, and the reserve championship banners to the various winners. Short speeches will be made by His Honor and by the officers of the Fox Exhibitors Association.

The closing will be one of the most interesting features of the 1930 Fox Show, and it is expected that the pavilion will be filled to capacity. Without doubt the show, about to close, is the greatest of its kind ever held in the world. There will be no admission fee charged this evening, but children will be excluded as space is limited. As it is the intention to start the proceedings promptly at 8 o'clock, the executive requests spectators to be in their seats before that hour.

The presentation of the awards of the championships, group, and herds will be the concluding event.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS ETC.

- **Cardigan club will ship hogs and lambs Wednesday, November 5th. 7981-11-1-21.
- **Chicken Supper in Rose Valley Hall, on Tuesday evening, November 4th. If not fine Tuesday, first fine night following. 7982-11-1-31.
- **Reserve Thursday, November 27, for Trinity Church Anniversary Tea and Sale. 7985-11.
- **Choice Chocolates, regular 70cts. package, Saturday special 45 cents. P. I. McDonald. 7973-10-31-21.
- **Saturday special, regular 70 cts. package chocolates only 45 cents. Bradwells Grocery. 7972-10-31-21.
- **Buying Hogs, Sheep and Lambs at Emerald Tuesday forenoon, November 4th. Everett Haslam. 7982-10-31-31.

- **Mrs. Chas. A. Cooke, noted Canadian Indian Chief, will be in Georgetown Town Hall Tuesday evening, November 4th with a rare program of songs, Indian music and readings. Admission 20 and 35 cents. 7957-10-31-21.
- During the judging yesterday the pavilion was filled to capacity with visitors from all parts of the Island. Foxmen and their wives from remote parts of the province were in attendance in spite of the bad roads. Competition was extremely keen, as it was on the day previous, and the classes were even more interesting. Spectators are taking a very great interest in the judging, but the best order and decorum prevails. Today the judging will be completed. It is expected that the Extra Pale Silvers will be run off very quickly in the morning, as this class is one of the smallest. There are no less than eighteen championships with cups for each champion. These magnificent pieces of silverware are on exhibit in the window of R. T. Holman Ltd. Following are the results of yesterday's judging:

LIGHT MEDIUM SILVER

- Male Whelped Previous to 1929:
- 1 W. K. Rogers
- 2 Albert S. Robertson
- 3 McLeure and MacKinnon
- 4 J. Walter Jones

Army Leader

Gen. Hans Von Seeckt, strong man and strategist of Germany's monarchists, recently took the salute with the former crown prince at march-past in Coblenz of 140,000 members of the Steel Helmet, a militarist organization with a membership of a million. Seeckt, reputed originator of artillery drum-fire, is the father of the reich's post-war army.

INCREASE IN FISH CATCH

(Canadian Press)
OTTAWA, Ont., Oct. 31.—Although lower in value Canada's catch of sea fish and shell fish for the first nine months of this year, was larger in volume than for the same period last year. The total catch was 818,870,000 pounds compared with 788,201,700 pounds in the same period in 1929, an increase of some 30,000,000. Owing to lower prevailing prices the monetary return to fishermen was only \$20,566,000 compared with \$20,656,000 a year ago.

25 KILLED IN QUAKE

(Canadian Press)
ROME, Oct. 31.—Casualties in today's earthquake along Italy's Adriatic Coast were estimated in a semi-official announcement tonight as 25 killed and more than 350 injured. Twenty three of those injured were in a serious condition. The estimate was based upon report from prefects of the affected districts. At Hengigalla ten deaths were reported instead of twenty previously announced. In Fesaro province twenty three persons were said to have been injured. Many houses were wrecked or endangered.

Columbia Again Visits Berlin

(Associated Press)
BERLIN, Oct. 31.—The staunch little monoplane "Columbia," twice conqueror of the Atlantic, made its second visit to Berlin today, this time bearing Capt. J. Erroll Boyd and Lieutenant Harry P. Connor on a tour of Europe. The last time the "Columbia" came here in 1927, when Clarence Chamberlain and Charles Levine crossed the Atlantic and landed some distance from Berlin, continuing on to the German capital later. Captain Boyd and Lieut. Connor leaving Amsterdam at 1:36 p. m., experienced no difficulty in finding their way to Berlin. They simply rose into the air in the wake of the regular passenger plane and kept behind it all the way to the city. The weather was clear so they never lost sight of their guide.

PRINCE MAKES PLEA FOR WORLD PEACE

Speaks To Imperial Conference in Trans-oceanic Radio Address.

LONDON, Oct. 31.—A plea to the British people for the support of the League of Nations in the "crusade for world peace" was made last night by the Prince of Wales in a trans-oceanic radio address before delegates to the British Imperial Conference.

The Prince pointed to the unguarded frontier between Canada and the United States as an example of what good feeling could do in the relations between nations. He called upon people who doubt the efficacy of the League of Nations to think a little deeper, and consider what a possible alternative can be offered to establish world peace and rebuild world prosperity. He said the British Empire represents an organization such as the League of Nations is attempting to perfect.

"We meet at a particularly fitting moment, when the near approach of Armistice Day recalls that period still so vivid to most of us present, when the British Empire demonstrated to the world two outstanding facts: First, of all, its own complete solidarity of the greatest brotherhood the world has ever known, and secondly, its readiness to help in the building of a similar brotherhood among all nations."

"These facts must increase in reality and in importance. They are interdependent, and they both find expression through the United policy of the British Empire in membership of the League of Nations. "I realize that there are still in all countries some people who profess to have no belief in the efficacy of the League of Nations to prevent another devastating world war. I would ask those people to think a little deeper, to reflect first that the way to prevent war is not by some sudden and violent action at the eleventh hour, but by the gradual and steady formation of habits of international co-operation and mutual trust."

Havana To Lose Its Identity

(Canadian Press)
HAVANA, Oct. 31.—Havana, one of the oldest cities in the new world, is to lose its municipal identity to become a federal district, much like the federal district of Ottawa. Cuba has been striving to bring Havana to greater international prominence through creation here of a sort of new world Hague for the adjustment of pan-American affairs, and it was with this program in mind that Congress favored legislation placing control of the city under federal authority. Havana, according to national library references, was founded in or about the year 1519 by Diego de Valesquez. At the time it loses its municipality the city will be 412 years old.

Fears Trouble

Dr. Hjalmar Schacht, until recently president of the Reichsbank, has declared, in a New York address, that Germany will at some future date stop all reparations payments and defy the treaty of Versailles' disarmament provisions if other countries don't help her extend her foreign trade and if the allied nations don't disarm.

MAYOR OF CHICAGO ILL

(Canadian Press)
CHICAGO, Oct. 31.—Mayor William Hale Thompson was stricken seriously ill today just before he was to appear for a noon day political address. He was taken to hospital where his secretary said he would submit to an operation for appendicitis.

500,000 Men Guard State Capital

(Canadian Press)
OKLAHOMA CITY, Okla., Oct. 31.—An army of a half thousand men, military and civil, guarded Oklahoma's capital tonight against the menace of a potential fire dragon—a gigantic wild oil well—that roared at the city's edge. Nine units of the Oklahoma National Guard were called to assist civil authorities in protecting life and property in the vicinity of the number 1 C. E. Stout well, which since last night has been hurling prodigious quantities of oil and gas into the air less than a mile from the main business district. All activities in the immediate threatened area on the southeast outskirts of the wholesale district were suspended. Householders were warned not to light fires and residents nearest the well—mostly negroes—were ordered to vacate their homes. Six schools considered to be menaced by low hanging clouds of gas were closed for the day, making a holiday for more than 2,300 pupils.

"Young" Stribling Stops Christner

(Associated Press)
BOSTON, Mass., Oct. 31.—W. L. "Young" Stribling, outstanding "Young" Stribling, scored a three round technical knockout over K. O. Christner, rugged Akron, Ohio, veteran, here tonight in the Argonne A. A. feature ten round bout. Stribling came out of a clinch in the third and battered Christner's head heavily, with both hands. One of the blows opened a wide gash in Christner's nose and the injury appeared serious enough for Referee Johnny Brassell to stop the bout. Stribling led in the first two sessions. He weighed 191 pounds, ten less than Christner.

"The better a song is today, the shorter its life."—James J. Walker.

TRIO ARRESTED IN CONNECTION WITH ROBBERY

Three lads aged seventeen, fifteen and fourteen were arrested about 11:30 last evening by Constables Biggar and Doyle, and confessed, the police state, to having broken into a number of stores recently. Last evening, it is alleged, the trio broke into Palmer & Watson's and took therefrom a number of flashlights and some cash.

On Wednesday night last between the hours of 10 p. m. and midnight, the Prince Grocery, Bolger's Service Station and Mullen's Meat Market were broken into, and goods and cash stolen.

When arrested the lads were prowling around Rattenbury's warehouse. Their actions aroused the suspicion of the officers, and the arrests followed. The goods alleged to have been stolen on Wednesday night have also been recovered.

HALLOWE'EN CELEBRATED LAST NIGHT

Considerable damage to street lights and property in the Brighton section and in the eastern part of the town was reported last evening as a result of the outpourings of the Hallowe'en spirit. In addition to those malicious pranks the usual tricks and stunts were perpetuated where opportunity offered. The seizing of opportunity in many cases meant the seizing and carrying away of doorsteps, gates and fences. Most householders, with a well justified distrust for human nature and particularly of its inclinations on Hallowe'en night, took in such movables as might catch the eye of a group out for fun.

Flocks of children in costume paraded the streets early in the evening celebrating the occasion in the time honoured fashion of the young. Sparklers and other fireworks were in evidence as on former years.

The students of Prince of Wales College as usual assembled in force and made their annual Hallowe'en serenade of the members of the college faculty. Upper Prince Street came in for its due share of attention as on all former occasions.

Striving To Bring About Naval Agreement

(Special to the Guardian)
PARIS, Oct. 31.—Diplomats of nations friendly to both France and Italy are striving to bring those two countries into accord on the problem of Franco-Italian naval strength, the Associated Press learned today. International circles are considering two unconfirmed reports which, if they are true, are destined to exert a profound influence upon the future of armament limitations.

The first of these is that France is ready to confer with Great Britain in particular preparatory to making a statement of her building program up to 1936 in the domain of cruisers, destroyers and submarines, thus coming in as a fourth party to the London treaty without waiting for Italy. The second report, also is that Germany will insist that any failure to secure what she calls the "Levelling of Armaments" will automatically release her from the disarmament stipulations imposed by the Treaty of Versailles.

Work Will Begin On Plant At Once

Completion Of Large Building On Bruce Stewart's Wharf By Dec. 1st. Raw Material Expected This Fall.

The building of a new fertilizer mixing plant in Charlottetown is now definitely assured, and work will begin on Monday morning of clearing the site on Bruce Stewart & Co.'s Wharf, where the building is to be erected. The undertaking will proceed with all possible dispatch in order that the plant may be completed by the end of the present month, and a steamer load of raw materials be brought into port for the plant this fall.

The plant will be two hundred feet long, one hundred and thirty-six feet wide, eighteen feet high with a floor area approximately equal to that of the new rink, and a storage capacity of 6,000 tons of fertilizer. It will be located near the southern end of the wharf opposite where the dredge is now working. It will not interfere with the operation of the Hochelaga or the Harland as the steamers will continue to use that dock.

The machinery will be supplied and installed by Bruce Stewart & Co. McDougall & McAulay are the contractors for building the plant. The fertilizer shipped out by the plant will be distributed by A. Horne & Co., Charlottetown, for the central part of the Island, Austin A. Scales.

Four Survivors Give Evidence

(Canadian Press)
LONDON, Oct. 31.—Four men who escaped with their lives from the inferno of the dirigible R-101 when she crashed and burned on a hillside near Beauvais, France, relived those terrifying moments just before the wreck as they testified today before the court of inquiry investigating the disaster. So harrowing to them was the necessity for recalling that horrible experience that two of them asked the court not to compel them to describe the agonized screams of their comrades perishing in the flames. But the commission was as gentle as the circumstances permitted in questioning A. J. Cook, H. J. Leech and V. Savory, engineers, and Arthur Distri, the radio operator.

Sees Future Within The Dominion

(Canadian Press)
HALIFAX, N. S., Oct. 31.—"In Nova Scotia we feel that a satisfactory future for the province can be worked out within the Dominion of Canada," said Premier the Hon. Gordon S. Harrington today commenting on the question raised by Premier Baxter of New Brunswick as to the advisability of New Brunswick and the Maritimes generally, remaining within Confederation. "All that is necessary," the Nova Scotia premier continued, "is a fuller understanding throughout the rest of Canada and display of as much sympathy toward our problems as we in the past have given to the problems of the other provinces and the dominion at large."

GUELPH ONT, Oct. 31.—Lieut Col David McRae, father of the late Lt-Col John McRae, author of In Flanders Fields, died at his residence here last night in his 81st year.

ONTARIO WON FIRST PRIZE

(Canadian Press)
TORONTO, Oct. 31.—Ontario home again won first prize at the Royal British Dairy Show held at the Royal Agriculture Hall at London, England, Oct. 21 to 24. This is the second time in succession that the province has won this coveted place. In addition, this year, Ontario won second prize, the first prize going to P. J. Francis of Hannington, and the second prize to J. I. McArthur Rosedale Drive, Toronto. There were six entries from Ontario.

The Weather, etc

WHEN IGNORANCE IS BLISS; IT'S FOLLY TO ASK QUESTIONS!

Moderate to fresh northwest winds, mostly cloudy and somewhat colder. High tide this evening at 7:53 and tomorrow morning at 7:30. Sun sets this afternoon at 4:43 and rises tomorrow morning at 6:42. Full moon Thursday, Nov. 6th, 8:04 a. m. Summerside tide eighteen minutes later than Charlottetown.
