By reference to the ad. in another column it will be seen that we are to have a distinguished visitor at the Opera House on Friday night, in the person of Dr. B. F. DeCosta of New York.

A VERY quiet wedding took place at the residence of the officiating clergyman, Rev. E. P. Calder of Summerside, on Wednesday, October 15th last, when Arthur P. Aitken, accountant with Perkins & Co., and Miss Elizabeth Eild Mutch, milliner with the same firm, were united in the bonds of holy matrimony.

THE well known Charlottetonian, Robert Harris, Canada's most famous portrait painter, the honored president of the Royal Canadian Academy, was awarded with the insignia of a commander of the famous order of St. Michael and St. George on Saturday at the vice-regal residence. The ceremony of investiture was performed by His Excellency the Governor-General, who is himself a grand commander of the order.

IN CASE OF FIRE.

There are very few people who can keep cool when they discover a fire, and this is the reason why more fires are not put out in their incipient stages, before any great damage is done.

In case you are walking along the street, and discover a chimney burning out, make up your mind that the whole house has got to go unless your own individual exertions prevent. Therefore, jerk the gate off its hinges, kick the front door in on the astonished family and yell "Fire!"

"Fire—fire—your house—get out—hurry—blazes! Fire—hang it—fire—fire!" They will generally accept the explanation without argument, and you can go ahead and rescue the occupants of the house. Always commence on the drawing-room ornaments first.

low doors farther on, and deposit them gently on a doorstep.

But the case is different with crockery, looking-glasses, and clocks; you can heave them out on the pavement with perfect confidence that they won't even get a flaw.

Meanwhile remember that it is positively necessary for you to yell "Fire!" twice per second from the time you kick the door in until the fire is out, or the house burned down.

An ordinarily cool man will clear a house of all worth saving in about fifteen minutes, especially if he has a little help. If the house is burnt out, the family will not fail to remember that but for you they might have been roasted alive; and if the flames are subdued they will pick up the looking-glass, frames, drawers, knobs, jugs, handles, and chair legs, and move back in with hearts full of gratitude, that you, noble hero, through your coolness and self-possession, saved all that was worth saving.

CHANGE OF CLIMATE

Not Necessary In Order to Cure Catarrh.

The popular idea that the only cure for chronic catarrh is a change of climate, is a mistake because catarrh is found in all climates in all sections of the country.

Catarrh may be readily cured in any climate, but the only way to do it is to destroy or remove from the system the catarrhal germs which cause all the mischief.

A new discovery which is meeting with remarkable success in curing catarrh of the head, throat and bronchial tubes and also catarrh of the stomach, is sold by druggists under name of Stuart's Catarrh Tablets.

These tablets which are pleasant and harmless to take own their efficiency to the active medical principles of Blood Root, Red Gum and a new specific called Guajacul, which together with valuable antiseptics are combined in convenient, palatable tablet form, and as valuable for children as for adults.

Mr. A. R. Ferabank of Columbus, Ohio says: I suffered so many winters from Catarrh that I took it as a matter of course, and that nothing would cure it except a change of climate, which my business affairs would not permit me to take.

My nostrils were almost always clogged up; I had to breathe through the mouth and inflamed, irritated throat. The thought of eating breakfast often nauseated me and the catarrh gradually getting into my stomach took away my appetite and digestion.

My druggist advised me to try a fifty-cent box of Stuart's Catarrh Tablets, because he said he had so many customers who had been cured of Catarrh by the use of those tablets, that he felt he could honestly recommend them. I took his advice and used several boxes with results that surprised and delighted me.

I always keep a box of Stuart's Catarrh Tablets in the house and the whole family use them freely on the first appearance of a cough or cold in the head.

With our children we think there is nothing so safe and reliable as Stuart's Catarrh Tablets to ward off croup and colds and with older people I have known of cases where the hearing had been seriously impaired by chronic catarrh cured entirely by this new remedy.
