PAGEANT BIG SUCCESS

LONDON, Aug. 25.—Mr. F. C. Wade, Agent-General for British Columbia and chairman of the executive committee of the Canadian section of the Pageant of Empire writes to The Times expressing on behalf of the Canadian committee "their deep gratitude to the thousands of voluntary performers who in so short a period, in the face of unparalleled conditions—climate and otherwise—have succeeded in portraying a colorful and dramatic history of Canada so magnificently." The Morning Post refers to the pageant as the most striking success of the exhibition. It says a more entrancing and complete spectacle of its kind has ever been presented in this or any country, and warmly supports the suggestion that the pageant be continued in September.

BARON BYNG'S ITINERARY

NORTH BAY, Aug. 25.—The itinerary of Baron Byng through Northern Ontario next week was announced today at the T. and N. O. Railway offices. The party will spend Sunday in camp at Temagami, and will leave Monday noon for Cobalt, making short visits there and at Hatleyburg. Thereafter he will visit two towns daily being at Iroquois Falls and Cochrane on Friday, to end his trip along the T. and N. O. He will then proceed west along the National Transcontinental to connect with the Algoma Central for the Soo.

INDIANS ARE HOSTILE

PRINCE RUPERT, B.C., Aug. 25.—Indians of Kilwanga valley, near Kilwanga are showing signs of hostility to tourists visiting the district according to reports received here. Mr. and Mrs. Donald Cesar, of Prince Rupert, were turned back by the Indians when they attempted to pass from Kilwanga to the Naas river.

Authorities state they have had more difficulty in this district than with any other northern band. It is claimed they have made repeated threats against settlers and succeeded in discouraging several whites who intended to take up land. When the census was being taken three years ago the Indians drove enumerators from their village and refused to give details required. It is understood that an effort will be made to have the Royal Canadian Mounted Police sent to the reservation.

—LADIES' COATS. The best line we have ever shown.—J. W. Murdock & Co. 3731-8-23-41

—EASTERN AGENT.—Mr. J. W. Murdock is now Guardian Agent in Montague and will be pleased to receive news items, advertising, Job Printing, new and renewed subscriptions.

—OUR NEW FALL COATS have just arrived. We can save money by buying your coat from us.—J. W. Murdock & Co. 3732-8-23-31

—HORSE NOTE.—Mr. James Collins, Montague, has disposed of his splendid draft horse to parties in Sydney at a very fancy figure. Duncan McDonald negotiated this sale, and we understand is on the lookout for about half dozen more for same market.

—HARVEST STARTED.—Grain crops are ripening very fast with this continued warm weather, many fields in this vicinity are already in stock and the grain is said to be well filled, harvest will be on in general during the present week and indications, with some exceptions, appear good. The potato crop is excellent as is also the turnip and root crops. H.

—S. S. PICNIC.—The pupils of St. David's Presbyterian Sunday School Class held a very enjoyable picnic on Tuesday, Aug. 19th, in Mr. H. Parker's field, a large number of children and adults were present and both the young and adults entered into the enjoyment and spirit of the occasion, a dainty lunch was served in picnic style and all went home delighted with the evening's enjoyment. A.

—SHIPPING.—The Schr. Argo Capt. Murphy arrived in port after a long and tedious voyage to Sydney, where it took the capt. about six weeks to dispose of a cargo of produce, owing to a very dull market. This vessel will likely go for a cargo of gravel.—The schr. Victory W. T. Capt. Allen sailed recently for Sydney for coal.—The schr. Sea Foam Capt. Durney also sailed for Pictou to engage in the coal trade.

—FISHING.—The "Big Four" renewed operations on the Island and have opened up a Fishing Station at Naufrage Harbour where they now are purchasing codfish, paying a good price "from the knife" to the fishermen. Quite a number of fishermen from all parts are now congregated at Naufrage. A few mackerel are being caught on the trail for bait purposes. They don't seem to "bite" or be attracted by bait as they used to be, and doubt will some day. Night fishing for cod is now on. There are now lots of lobsters right in shore waiting to be trapped and it is a great temptation to the fishermen as the price in England has gone away up.

—WORK AT HOME.—The chief reason why so few left (eastern) on the harvest excursion was the bald fact that there was work for the people at home. The extensive work going on, on the public roads has furnished employment and would be harvesters were not forced to go west. There would be no exodus if work could be furnished at home, and a regular "pay-day" here that forces the young men and maidens to seek other shores, where there are "pay-days." All would be only too happy to work at home for much less money than abroad if only such work, and wages, presented itself. For the first time in history there are pay-days along Eastern King's this summer, hence the people are contented to remain and work at home.

—WELCOME VISITORS.—Miss Ada Westhaver who with her mother is among the visitors to Montague at present the guests of the latter's parents, Mr. and Mrs. Ed. Ward Parkman, enjoys the honor of there being one of the vessels in port named after her the Ada Westhaver. This schooner, built some few years ago by her father Capt. Westhaver of Lunenburg, N. S. is today owned and commanded by one of our townsmen Capt. Vernon Peardon, who although still quite a young man holds papers, making him eligible to command either steam or sailing vessels to any part of the world. This schooner, typical of the modern Lunenburg fishermen is one of the finest fore and afters ever seen in this port, and since her arrival some few days ago, has been visited by practically all of our citizens. She will likely remain here until the fall when she will load produce.

—MANY HAPPY RETURNS.—Mr. William McConnell, the grand old man of Georgetown was Friday receiving congratulations on the attainment of his ninetieth birthday. Being remarkably vigorous and active with his faculties nearly as keen as ever. He is still a familiar figure on the streets of Georgetown.

—The cities of Hamilton, Montreal, Ottawa, Quebec, Toronto, Vancouver, and Winnipeg all show increase, both for July of this year as compared to July of last year, and for seven months 1924 as compared to seven months 1923. Ottawa shows the greatest increase for the month and Quebec the greatest increase for the seven months.

GEN. MACKENZIE APPOINTED

LONDON, Aug. 25.—Among the appointments of new regimental colonels announced by the War Office is that of Major-General Sir Colin Mackenzie to be Colonel of the Seaforth Highlanders. General Mackenzie was chief of the Canadian General Staff at Ottawa some years ago.

—PROPERTY CHANGES.—Hillsdale one of the best residential properties in Montague and owned by Mr. Alexander McLeod now of Charlottetown has recently changed hands and is today the property of Mr. Harry Lane, who with Mrs. Lane and little boy have just arrived from Boston. Mr. Lane intending going into the fox business. This splendid home comprising a whole block and containing almost five acres of fertile land is most beautifully situated and commands a magnificent view of the town and water front and Mr. Lane is certainly to be congratulated on his purchase. We hope that the loss sustained by the town in the removal of the McLeod family will be fully made up by the newcomers. We have every reason to believe that it will, if the older residents of Sackville street, surely for Mr. Lane's sake they will have a culvert placed in the bog hole back of McGregor's warehouse as it has long enough been a disgrace to the town, also a light is needed on this street.—J.
