TIM'S APPROVES OF THE AWARD

Investible Gain Overweighs Any Disappointment

Canada Could Hope for no More Favorable Result in any Court - Our Commissioners Blamed.

THE TIMES ON THE AWARD. LONDON, Oct. 21. - (Special) - The Times discussing the Alaskan award says the investible gain of definitely settling a question offering perennial opportunities for discord between two great and kindred nations far outweighs any disappointment at the decision, which, after all practically leaves things as they were found.

CANADA HAD NO CASE. The Times further doubts whether Canada could hope for a more favorable result before any actual court of arbitration.

OUR COMMISSIONERS BLAMED. Some British papers condemn the Canadian commissioners for not signing the award and for publishing an explanation of their position.

YOU FEEL ALL USED UP. You're discouraged and disgusted—not enough energy to think, less to go to work upon. The reason? you are run down, your blood is poor, your nerves are like Indian Rubber, you feel like they ought to be. Use Ferrozone and the tired feeling will go, for it makes plenty of rich red blood that feeds the brain and nerves. The desire to labor comes back and you enjoy it. You don't get tired, because you have used Ferrozone. Neglect not a day longer, Ferrozone will cure you. Sold by all druggists.

CLERKS FOR SHORTER WORK-DAY.

SYDNEY, Oct 19.—Members of Minro Lodge (retail clerks) of the P W A have issued a manifesto to the Grand Council of that body asking for the co-operation and support of all members of the P W A in their effort to secure shorter work day from merchants. Clerks in Cape Breton at present work from 75 to 85 hours per week and they are endeavoring to reduce this to sixty hours.

THE DELAY OF PROROGATION

Caused by Legislation yet to be Finished

Conservatives Block the Commons Post Office with Blair's Speech - Laurier Says Franking Privilege is Abused.

DELAY OF PROROGATION. OTTAWA, Oct. 21.—(Special)—Prorogation is delayed, as there is some legislation yet to be finished.

MORE SYMPATHY FOR BERNIER. The Alaskan boundary settlement has given an impetus to the feeling that Capt. Bernier should be helped in his north pole expedition.

BLAIR'S SPEECH MAKES TROUBLE. Mr Borden indignantly complained that the Speaker had ordered from the corridors bags of campaign literature (Mr Blair's railway speech) sent up from the Montreal Star office and blocking the Commons post office and all available space.

ALLEGED ABUSE OF FRANKING. Sir Wilfrid Laurier defended the Speaker, explaining that the whole franking privilege is being abused.

THE TELEGRAPH INDEPENDENT

ST JOHN, Oct 19.—The Daily Telegraph, which throughout its thirty-five years career has been strongly Liberal, will tomorrow morning editorially announce its political independence. This follows its opposition to the Grand Trunk Pacific Transcontinental Railway Bill now before the Senate of Canada. The Telegraph will say its politics will be St John first in all things.

DOCTORS DIFFERED

And Nicholas Ecker Suffered from Kidney Disease for 29 Years—Dodd's Kidney Pills Cured Him.

ST CATHARINE'S, Ont., Oct. 19th.—(Special).—Bordering on the miraculous is the cure of Nicholas Ecker, a well known farmer living near St. Johns P. Q. on the dividing line of Pelham and Thorold townships. For twenty-nine years he suffered from Kidney Disease.

Doctors differed as to his trouble. One called it Gravel, another Bright's Disease, and a third simply said he was in a dangerous condition. None of them cured him. In his statement he says: 'At this stage I gave up; other treatment and started using Dodd's Kidney Pills. After taking two boxes I found they were helping me. I kept on till I had taken sixteen boxes when I was again enjoying the splendid vigor of early manhood.'

THE SUNDAY SCHOOL CONVENTION CLOSES

After Most Interesting Sessions—An Eloquent Address by Rev. Dr. Smith—W. C. Pearce of Chicago Gives Instructive Talks to the Delegates.

Session opened at 7.30 o'clock, President Rev R S Whidden in the chair. The congregation was very large, filling every available seat. The members of the church choir were in their places and rendered some excellent singing, the organist Miss Jessie Strong presiding at the organ.

After service of praise, conducted by Rev D B McLeod, an address was given by the retiring president, Rev A F Wightman, which dealt with the general work of the Association, its stand for advancement and progressive methods for work on the Island. The address was of a most interesting character and was listened to with rapt attention.

The congregation were then pleasantly entertained with a vocal solo by Miss Ida Gough.

Rev W H Smith, Ph D, then gave an address on

GRADING AND SUPPLEMENTAL LESSONS.

Grading, he said is a matter of great importance to our Sunday Schools. At the present time the majority of schools are ungraded. There is in many instances a practical grouping of ages but no clear conception of the principle involved. Grading is fully recognized in the public schools where age and attainment determine the place of each pupil. It is also adopted by the best Sunday Schools and has been followed by gratifying results. Some arrangement of pupils is necessary. The teachers has a number of pupils, has a certain truth to teach and only a limited time in which to teach. If the pupils be of equal capacity and attainment the teacher can teach one hundred as successfully as one. If there be great diversity of capacity and attainment the teacher must either select a few or devote a few moments to each in the laws of the child mind demand careful grading. During infancy the striking peculiarity is physical activity. This demands that certain methods can be successfully employed. During childhood we find the play, instruct, individualism, hero-worship. This also determines what ought to be taught. Then also adolescence is marked by emotional power and enthusiasm, while doubt is common. This is the day of grace with the young and suggests that certain method and truth be wisely employed. Thus we must grade our schools so we will have similar material arranged in most convenient form for the teacher. Any one who will seriously attempt grading by age can easily accomplish it. It is our next forward step.

But grading of pupils implies grading of instruction. The present system arranged by the International Committee is not graded to suit the pupil. Its main idea is rather topical. The same material is presented to old and young, it is in many ways arbitrary and unsuited to the younger grades. The Committee has sanctioned a "beginners course" but this is optional and not part of the lesson scheme. The opportunity remains with the denominations to adopt or select to suit their needs. A graded course takes this material and arranges it according to the laws of thought giving to each what is suitable. This has not yet been done. Many suggestions have been made. We have a partial remedy in the Supplemental Lessons which are studied every Sunday and form the basis of examination for promotion. These are graded and will probably lead to a graded system. In the meantime we should adopt these lessons and the experience and education will prepare for the ideal Sunday Schools whose scholars and instruction will alike be graded.

Offered for provincial work was then taken.

The closing address by Mr Pearce of Chicago, descriptive of the International work, dealing with the world wide efforts of the Sunday School, was then given. Mr Pearce gave much encouragement to the workers and with blackboard illustrations showed the strength of co-operative methods. He held the closest attention of the audience for over an hour and imparted many lessons toward the uplifting of the young. Through his appeal all special contribution, amounting to the large sum of \$116, was made at the meeting, towards the provincial work.

WEDNESDAY MORNING.

At 8.30 the convention met in Epworth Hall where prayer service was held conducted by Rev G F Dawson, Tryon. The association then repaired to the church and after a short devotional service the report of Home Department was given by A W Sterns, Charlottetown. The method

of this work has now had over twenty years of experimental development and satisfactory trial. Not until 1885 was it attempted in this Province when some home classes were formed in connection with the Summerside schools. In 1900 a Home Department was organized in Charlottetown and now there are twenty-two Home Departments with 919 members in this Province.

This report was followed by Mr Pearce answering many questions relating to the originality, intentions, and general work of and benefits to be derived from the Home Department.

Thomas Moyses, Bedouque then gave a thoughtful and helpful address on the teachers personal relation to Christ.

This was followed by a conference on the Sunday School as an Evangelistic agency taken part in by Rev A D McCully, Mr Pearce, and others.

WEDNESDAY AFTERNOON.

Session opened at 2 p m. Devotional service was conducted by Rev. A N Simpson.

Miss Ethel Connors gave a splendidly prepared report on the primary department. The report showed that the cradle roll had a membership of 290. There are two primary unions, one in Charlottetown and one in Summerside. Remarks were made on the report by Dr Smith and Rev Mr Raymond. Mr Pearce spoke with much encouragement on primary department work.

The Field Secretary, Rev G P Raymond, then gave his report which was chiefly statistical. Only 149 schools had reported, but others were forthcoming; out of these there was a total membership of 9135. The total amount spent upon the different schools this year was much greater than in former years, and a greater number of school members had joined the church.

Mr Pearce answered several questions which had been handed in.

The auditing committee's report was next given and showed a balance from last year of \$119.58; this with receipts from different sources made a total of \$203.18, and with an expenditure of \$104.58 leaves a balance on hand of \$100.00. After a conference conducted by Mr Pearce the Association adjourned.

WEDNESDAY EVENING.

After praise service the report of Teachers Training Department was submitted by J D Seaman and will be found on page 8.

Rev A D McCully, read the report of the Alumni Society in connection with the teachers' training course.

Next came the presentation of diplomas to graduates.

Rev Dr Smith, moved, seconded by Rev F A Wightman a resolution expressing regret of the retirement of Mr Seaman as Superintendent of the Normal Department.

Rev Mr Rattee then gave an address on "The Training of the Teachers." The teachers need to know a great deal about the Bible also the business of teaching and how to teach. He would favor weekly or bi-weekly meetings of teachers.

While the offering was being taken a duet was sung by Miss Z Sharp and Miss Acorn joined in the chorus by the choir.

Rev G R White, Charlottetown gave an address on "Our duty to the Sunday School" dwelling upon the greatness of the work especially in this age of so many evils.

The committee on resolutions moved a resolution tendering greetings and thanks to Mr Pearce and thanks also to the pastor and trustees, the organist of the church and the choirs, the people for their attendance, the local committees, the friends who hospitably entertained the delegates here, the press for reports, the railway and all others who assisted. The resolution was passed by a standing vote.

By resolution the President, Rev Mr Whidden and the Field Secretary, Rev Mr Raymond were appointed delegates to attend the Nova Scotia convention which meets next week.

After the singing of 'God be with you till we meet again' and the benediction by Rev Mr White the convention closed.

NO STRIKE LIKELY.

WINNIPEG, Oct. 19.—The C P R officials here deny that there is any possibility of a strike of the engineers and firemen. The men are awaiting the return of the Montreal committee, and the result of the poll of the men on this division. The general feeling is that trouble is much less likely than appeared Saturday.

IN GEORGETOWN AND VICINITY.

Two more Orientals have arrived in town.

The schooner Laia, Capt Thomas Molden is loading produce at the Queen's wharf for W W Jenkins.

The Guardian regrets to learn that the condition of John Westaway of this town who is now in the P E I Hospital is very critical.

The regular train did not arrive here yesterday morning until 11.40 o'clock owing to a break down west of Mount Stewart.

Alder Brehaut, city; Capt Bisset, Cardigan Bridge; James Fay, Newport; Stipendiary Magistrate Blanchard and Prosecutor Beers were in town yesterday.

The Scott Act Court was in session yesterday. Stipendiary Magistrate Blanchard presiding. Richard Kehoe confessed and handed over \$100. The case against Jerry Sampson was dismissed.

The Deadly Trail

Of disease is often the trail marked by a woman's gown. A recent investigation showed a horde of microbes, including those of influenza, consumption and a dozen other varieties, gathered in the trail of a woman's dress.

The microbe is everywhere, but its prey are the weak and feeble people whose blood is "poor" and digestion "weak." Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition and purifies the blood.

Please accept my thanks for the good Dr. Pierce's Golden Medical Discovery has done for me. writes Mrs. N. Chesley, of Cleveland, Cuyahoga Co., Ohio. "I was troubled for over a year with what the doctor pronounced indigestion. I had nervous headaches, an unpleasant taste in my mouth in the morning, and my blood was very poor. I tried different medicines but to no avail. My parents insisted on my taking Dr. Pierce's Golden Medical Discovery. I did so, and now on the fourth bottle, and feel stronger than I have for ten years. I cannot speak too highly in its favor."

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative. They do not get the pill habit.

Russia Objects to U. S. Treaty with China - Carnegie Given the Freedom of Limerick - His Vision.

WAR DANGERS NOT PASSED. YOKOHAMA, Oct. 21.—(Special).—The ministerial conferences and naval preparations continue and the belief grows that the danger of war is not yet passed.

OBJECTS TO U.S. TREATY. The Russian authorities are understood to object to the new treaty between China and the States which opens ports in Manchuria to United States trade, as an interference with Russian treaty rights.

CARNEGIE'S IRISH FREEDOM. LIMERICK, IRELAND, Oct. 21.—(Special).—The freedom of the city has been given to Andrew Carnegie.

Referring to the emigration he said "Ireland's loss was American's gain." HE SEES STARS—AND STRIPES. He looked for the day when Canada and the States would have a population of 250,000,000 and with the British Isles would make one nation.
