WILL THE CRYSTALS WIN THE TROPHY?

If the Crystals win from the Connaughts in the Arena to-night the hockey trophy remains in Summerside for a second year, but if the Connaughts win there is a possibility that Charlottetown will be the resting-place of the silver cup for 1915.

However, with the fans both the clubs have supporters, and the general opinion is that it will be a very close and fast game.

The septettes will, as far as is known, be the same as when the clubs last played, and both teams are strong and evenly matched.

Summerside defeated the Conns by 8-5 in the Crystal Rink, but the Conns feel sure they can turn the tables when they play them in the Arena.

The Crystals are confident they can win, but they will be up against a determined lot, so a royal battle is in store for all who attend the match.

No doubt a large number will come down for the game from Summerside, and, with the Charlottetown enthusiasts, a bumper house will likely result.

WAS CARLOAD OF OATS POISONED?

LONDON, Feb. 17.—The military authorities are investigating a sensational story to the effect that a carload of oats shipped in for the mounted rifles horses was poisoned by German sympathizers. It is stated that the poisoning was discovered accidentally when an employee took home a pailful of oats that had fallen out of the car and fed them to his chickens which all died.
