**FUNERAL OF POPULAR YOUNG LADY**—After an absence of only a little more than five months from her home, Dorothy Burdett, the eighteen year old daughter of Mr. and Mrs. E. L. Burdett, of Sirinchoon, died in Boston on Feb 18th of a short but sharp attack of pneumonia. Her remains, arrived at St. Peter's a few days after, where they were met by a large number of friends and sympathizers. The funeral which was conducted by the Rev. Mr. McGowan in the unavoidable absence of the Rev. J. F. Benny was one of the largest seen in the neighborhood for a long time. The deceased young lady had a large circle of friends. All who knew her loved her. After a service in the home the cortege proceeded to Duha Cemetery, where the remains were laid to rest in the presence of a large crowd of friends and neighbors. The chief mourners were the deceased's father and mother, Mr. and Mrs. E. L. Burdett, Messrs. Walter and Henry Burdett, Messrs. and Mrs. Anderson (aunt) while Messrs. W. Dockendorff, S. McSwain, Frank Clay, Wallace McDonald, Walter Hunter and Arthur Corn acted as pall bearers. We may state also that before the casket left Boston a short funeral service was held in the undergarment chapel at which there was a large attendance of the friends of the deceased. The latter was a member of the Methodist Church.

**SEALING FLEET TO GET AWAY ON TIME**  
ST. JOHN'S, Nfld., March 8.—Under a compromise arrangement made between the striking marine engineers and most of the sealing steamer owners, all the ships will get away to the ice fields on schedule time. The only firm taking action, independent of the Engineers' Association, is Bowring Brothers, Ltd., who, when the strike started, made special arrangements and had their engine rooms fully staffed. Six steamships will go to the ice for seals this year, and their crews total slightly over 1,500 men. Major Sidney Cotton who is now on an air trip to Labrador with mails, is expected back in time to do a special observation for the sealing fleet.

**BILL FOR £32,000,000**  
LONDON, March 8.—The Star expresses wonder as to why nearly all the morning newspapers suppressed a disclosure made in the House of Commons yesterday in answer to a question as to Great Britain paying France £32,000,000 for "dock dues, rent of houses and public buildings, rent of tranches and compensation for damages and disturbance" caused by the "war." The Star adds: "Surely this is the first time that an ally has been charged rent for tranches wherein he shed his blood for the charger."

**BLOOD MONEY**  
"Blood Money" was the name applied in the Middle Ages and went into the more modern period to the money paid for bloodshed. It might be either the compensation paid by the murderer to the nearest relatives of the victim, to secure himself and his kin from vengeance, or the money paid as a reward for bringing about the death of another, directly or through evidence. It was once common among the Scandinavian and Teutonic peoples, who called this money payment "wergild." The price varied with the nature of the crime and the rank of the victim. Certain crimes, such as the slaying of a sleeping person, could not be compensated by a money payment; such criminals were declared outlaws and could be slain with impunity. The term is now often applied to the reward or bribe paid for giving up a criminal to justice.

The game which was very fast and exciting, was marked by a number of splendid plays on both sides, and ended 9-15 in favor of St. Peter's. The first period counted equal scores on both sides. The second 3-4. The third 6-6 both in favor of St. Peter's. Great interest was centered in this game and the people were not disappointed as it was the best game played here this season and one of the best ever played in this rink. Very few penalties were given. A large number attended. Jack Yoston refereed the game to the satisfaction of both teams. The Georgetown team returned next morning well pleased with the game, trip and entertainment. Welcome again Georgetown. Georgetown St. Peter's.

**RUSSIANS, LIKE HUNGRY BIRDS, POCK UP THE FALLEN GAME**  
TSARITSYN, Russia, March 7.—Great crowds, like hungry birds picking up fallen grains, followed behind every lorry sack that was unloaded from the first train bringing United States corn to this stricken country. These rickety cabs were unfamiliar, but welcome means to starting peasants, life long accustomed to rye, wheat and barley. The news spread rapidly and hungry folk gathered from all directions. Two hundred and fifty workmen were on the job to help the unloading, instead of the forty that were ordered. With completion of the task a thousand teams will be started on their way here as every available resource must be conserved on the job to help the population to get a two months supply to starving villages before the quickly approaching spring thaw makes all roads impassable.
