Bracken Scores Wartime Mentality Of Government

SAINT JOHN, Sept. 9 — (CP) — John Bracken, Dominion Progressive Conservative Leader addressed party executive members and workers of this constituency tonight and declared the present Federal administration represented a "continuation of wartime mentality."

He criticized the government for its fight to maintain foreign exchange controls, its "inability to handle properly the national steel strike problem and its financial extravagance."

Mr. Bracken said the Liberal Government had failed to strengthen the economy of the Maritimes, which was a "future aim" of his party.

Production troubles were the results of high taxation, resulting in workers refusing to complete a full week's labor and destroying the incentive of both the laborer and business.

Mr. Bracken arrived here today and will cross the Bay of Fundy to Digby, N. S., tomorrow morning.

MONTREAL, Sept. 10— (CP)— Produce prices quoted here today reported by the Dominion Department of Agriculture follow:

NATIVE KILLS OFFICER

NAIROBI, Kenya — (CP) — Major Hugh Grant, a district commissioner in the reserve for Kenya's Masai tribe, was killed by a spear thrown by a native. The government of the East African colony reported that the incident was isolated but that precautionary measures against unrest had been taken.

MORE POLICE NEEDED

LONDON — (CP) — Three missions that were sent to India to comb the armed services for recruits for British police forces, have reported back to headquarters with 4,000 volunteers — one-quarter of the number needed to bring the forces to full strength.

SPORT-TIPS by "Ace" Percival

Formerly a star athlete, now Canada's top coaching expert. "Ace" says: "Part of every athlete's success is due to right training, part to right easing, part to knowing 'inside' tricks. Here's a tip on the placement. Practise it."

BALANCED DIET

Even in the matter of diet, one can get 'too much of a good thing" say nutrition experts of the Department of National Health and Welfare. They point out that, for comfort as well as health, food uust be taken in reasonable amounts. This means choosing a balanced diet. It is suggested that such diet will be found in the "Canada's Food Rules" booklet which has been printed for free distribution by the federal and provincial health departments.

MAGIC BY MOUTH

No matter how "fagged" you are, a "square meal" can work magic for you. The Department of National Health and Welfare, through its nutrition authorities, points out that lack of food, or improper diet, can result in fatigue, headache, digestive upset and other ailments.

Wise people, they say, give serious thought to their food—both as to quality and quantity.

CLIMATE AND HEALTH

While wind, rain and sun may be hard on such lifeless objects as brick and stone, they are essential to living creatures, including human beings, declares the Department of National Health and Welfare. The government health experts point out that living organisms grow stunted and pale when cheated of benefits of the weather. For health, people should get out of doors as much as possible, for the open air is the natural habitat of breathing things.
