SHE MADE A CHANGE.

A Charleston Mother Did so With Advantage to Herself and Children.

A mother living in Charleston, Mass., the happy possessor of four children writes: "Every fall and winter I have laid in a stock of cough remedies, croup mixtures and throat medicines for my children, for some hour or other they never seem to be free from colds, coughs or sore throat."

This fall I made a change in the usual program. I had myself been cured of an obstinate catarrh from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be used for catarrh, coughs and colds.

So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or sore throat and I no longer dread the approach of cold weather as I once did. Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh but they have saved me many an anxious night with my little ones. The children like the taste of them and it is really wonderful how quickly they will break up a croupy cold or an obstinate, deep seated cough."

People who have used sprays, inhalers, salves or washes for catarrh and have found how useful they are, will be greatly surprised at the results following the use of a pleasant, convenient, interbal remedy in tablet form. Druggists everywhere admit that Stuart's Catarrh Tablets which sell for 50 cents full sized package, is the safest, most effective and popular of catarrh medicines.

Pure Wool Versus Shoddy Everybody sees the folly of buying clothes made from SHODDY CLOTH but the large majority of consumers not being experts do not know until after they have worn them "what was in them" and then it is too late. People buy shoddy cloth and clothing chiefly because the merchant forces the sale of such stuff, there being more profit in it FOR HIM And the purchaser thinks they are cheaper not being able to discriminate between shoddy and pure wool. We Use No Shoddy In Our Factories Suits to order and ready-to-wear pants and overcoats, home-spuns and flannels, cloth and tweeds, horse rugging and blanketing, yarins and stockinette.
