AT THE EVENING SERVICE in the BAPTIST CHURCH, Dr. Zella Clark, medical missionary in South India, who is home on furlough will give an address dealing with some of the interesting and dramatic incidents of her calling. The Thanksgiving music will be repeated. Rev. R. C. Eaton will speak on Presumptuous Sins, at the morning service.

FARM NOTE—A rather unique freak of nature occurred when a very thrifty sheep belonging to Mr. Will W. Lea, Victoria, presented her owner with a beautiful pair of lambs on October 29, 1928, this being her second pair in ten months. The first pair was born in January and were sold May 30, weighing almost 160 lbs. (What next.)

YORK UNITED CHURCH which is to be re-opened tomorrow has been remodelled to such an extent that it is practically a new church. It has been lengthened, supplied with several new classrooms, furniture, new pews and pulpit throughout. Rev. Hammond Johnson, Rev. W. H. Spencer and Rev. Dr. E. H. Ramsay are to be the preachers at the respective services morning, afternoon and night.

STUDY GROUP—On Thursday evening, Nov. 8th, Inspector Hynes and the teachers of Leuching, St. George's and De Gros Marsh met in St. George's school for the purpose of organizing a Study Group. The officers elected were: President, Margaret J. McCormac; Secretary, Kathryn FitzPatrick. Inspector Hynes gave a very interesting and helpful talk on Silent Reading and Lesson Assignment. The next meeting will be held on Thursday, November 29th.

TRINITY UNITED CHURCH—The 64th anniversary services will be held tomorrow, the special prayer at morning and evening services being Rev. W. M. Ryan, B. A., for 5 years the beloved pastor of the church here. The special music for the day will include anthems particularly before the congregation at this time: (Rev. W. M. Ryan, Rev. Dr. Ramsay and Rev. Hammond Johnson) The Harmony Male Eight will sing at each service. Sabbath School and Bible Classes meet at 2:30 p. m. The congregation is expected to rally in full strength at these services, and to join in singing the old favorites and hymns used on the occasion. OFCY will broadcast both services.

OFFER PRIZE FOR SLOGAN

W. W. Wellner Ltd. are advertising a contest for a new slogan to replace the unsatisfactory phrase, "Gifts that Last," which was evolved some years ago by the trade, in the United States and adopted in Canada by the Canadian Jewellers' Association, for the purposes of a co-operative national advertising campaign. Various objections have been raised against this slogan; that it lacked life; that the sibilants made it difficult to pronounce; that it threw too much emphasis on gifts, ignoring the idea of purchase for personal use; and that there might be two opinions as to the virtue of durability. In any event, the Jewellers of Canada have decided that something better should be procurable—a slogan which would be easily pronounced, and remembered, and which would effectively cover the merchandise and business of the average retail jeweller. The competition is open until midnight, Nov. 30th, at the store of Messrs. Wellner. Entry cards may be obtained at the store, and no purchase of goods is involved. One slogan may be entered by each competitor.

DISCUSSION RE CAR FERRY
Conference Held Yesterday by Associated Boards of Trade.
A meeting for the discussion of the new car ferry steamer was held yesterday afternoon by the Associated Boards of Trade in the Board of Trade rooms, Mr. S. A. MacDonald presiding. Among those present were Premier Saunders, Hon. James McIntyre, Hon. W. M. Lea, Mr. R. H. Jenkins, Mr. P. McIntyre, J. O. Hyndman, H. A. McLeod, W. F. Hyndman, J. O. Hyndman and others.
The chairman said the meeting was called at the request of several of the members to discuss the plans of the new car ferry. He said the Government should be advised as to the type of boat. Next Wednesday the Maritime Board of Trade meets in Halifax, and he was sure any action taken today would be supported by that Board.
The secretary read the resolutions adopted by both the Summerside and Charlottetown Boards. Mr. J. O. Hyndman thought the resolutions very much in line and

PERSONALS

Mr. Ivan Driscoll, Johnston's River, and Mr. Walter Morrissey, Mt. Herbert, left this morning for Boston.

Rev. W. M. Ryan and Mrs. Ryan of West Saint John, arrived in the city last night, and are guests of Mr. and Mrs. H. C. Duchemin, 279 Richmond St.

Mrs. Katie Hogan, Morell, who has been visiting in the city for the past week, left yesterday morning for Piedmont, California, to spend the winter.

Mrs. Ewen Cameron and Miss Reta Cameron are spending a short holiday in Souris, where they are visiting the latter's grandfather at the Cox Hotel.

Mr. and Mrs. Frank Hughes, Tracadie, left yesterday morning for Boston, where they will spend the winter.

Mrs. P. N. Pate, of O'Leary, and Rev. Neil MacLaughlan of Bathurst, N. B., have arrived in the city on a visit to their brother, Mr. John MacLaughlan.

Nervous and Run Down The Least Noise Would Bother Her

Mrs. R. Burton, Oshawa, Ont. writes: "Three years ago I was so nervous and run down I could hardly bear to have the children make a noise it would bother me so.
"A friend advised me to take
MILBURN'S HEART NERVE PILLS
and after taking two boxes I began to feel stronger, looked better and the color came back into my cheeks, and now I am feeling fine again."
Price 50c, a box of all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

DISCUSSION RE CAR FERRY

Conference Held Yesterday by Associated Boards of Trade.

The Associated Board should endorse them and draw the attention of the Provincial Government to the resolutions.
Mr. W. F. Tidmarsh said that in endorsing both resolutions some slight change should be made in our resolution to conform to the Summerside one. He suggested the wording but was not making a motion that it could be adopted.
S. A. McLeod said Summerside was not asking for a train to be carried on the boat but a passenger service.
Premier Saunders thought the Summerside resolution was in line with that of Charlottetown. He thought it advisable that there be but one resolution so that the whole province would agree and present it to the Board at Halifax.
The discussion was continued by Messrs R. E. Mutch, W. F. Tidmarsh, Hon. W. M. Lea, Hon. J. P. McIntyre, J. O. Hyndman, H. D. McEwen and others.
It was pointed out that the Charlottetown Board of Trade resolution goes further than that of Summerside and asks for passenger trains to be ferried over.
The Charlottetown resolution asks that the new boat should be constructed with a gradual curve from how to stern so as to enable her to operate successfully in the ice. That she should be an oil burner, have on her car decks three parallel tracks to accommodate not less than 19 standard freight cars, that she should be built to carry passenger cars throughout the year. That if she should have a separate deck for motor cars, with facilities for loading and unloading under their own power, ample provision being made for a certain increase in this traffic, that it would be a mistake to limit the design of the new boat to the existing docks but that the docks should be altered to suit her, and that there should be two docks at each terminal.
After further discussion the meeting adjourned till next Monday at 2 p. m. when it is expected representatives from Summerside will be present and a joint resolution acceptable to all sections of the province will be adopted.
The following were appointed delegates from the Associated Board of Trade to the Maritime Board at Halifax on November 25th: Messrs R. E. Mutch, Charlottetown; W. L. Poole, Montague; S. R. Burke, Alberton; Claude Holman, Summerside.

When Young Girls Grow Pale And Thin

Dr. Williams' Pink Pills Should be Taken to Enrich the Blood.
When girls grow weak, pale and thin, parents should not neglect these symptoms; to do so cannot develop into robust womanhood without an abundant supply of rich, red blood in her veins. It is the lack of this that is the great trouble with nine girls out of ten. Dr. Williams' Pink Pills have achieved world-wide fame for their remarkable blood-making properties. In these pills there is vigorous health, with glowing cheeks and sparkling eyes for every weak, pale girl. The value of the pills in cases of this kind is shown by the statement of Mrs. Winnifred Rutty, Barton street west, Hamilton, Ont., who says: "About two years ago my eldest girl got into very bad health. I took her to a doctor who advised having her tonsils removed, saying this was the seat of the trouble. We had them removed, but it did not help her, and she seemed to have absorbed so much poison from the trouble that she did not pick up at all. She could neither eat nor sleep, and what food she did take did not digest. Then she developed a cough that kept her awake at night, and went down in weight to 95 pounds. A neighbor said to me, 'You have tried so many things why not try Dr. Williams' Pink Pills?' I got some and before she finished the second box she began to show improvement. She continued the use of the pills for some time and is now in the pink of condition, able to work and play, and eat and sleep with all her old-time vigor. These statements can be verified by neighbors who watched her rest from ill health to perfect health."
If your medicine dealer does not keep these pills you can get them by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

that the Associated Board should endorse them and draw the attention of the Provincial Government to the resolutions.

Mr. W. F. Tidmarsh said that in endorsing both resolutions some slight change should be made in our resolution to conform to the Summerside one. He suggested the wording but was not making a motion that it could be adopted.

UNCLE RAY'S CORNER

LITTLE TRIPS INTO SCIENCE

ancient times, and was given because stones with magnetic power were found near a place called Magnesia. The power of the lodestone can be transferred to iron and steel, as well as to platinum, nickel and few other metals. You have probably played with magnets in the shape of a horseshoe. Soft iron loses the magnetism rather quickly, but steel keeps it a long while. Electro-magnets are used in certain factories. They get their power from an electric current which runs through a wire wound around a metal bar. Some of them will lift heavy weights. Next time you play with a magnet, think of the wondrous power which Nature stored up in "lodestones."

A natural magnet with iron filings. What was the cause of their moving? It was a magnet below the case, a wheel which kept turning and pulling the toy figures around by the power magnetism.

The magnet is one of the marvels of Nature. Its name comes from

Quebec, having crowded programmes for the whole month. The annual canvass for missionaries and maintenance funds is held in the United Churches late this month.

MISSIONARY HARVEST REAPED IN NOVEMBER

TORONTO, Nov. 16.—By a plan which gathers laymen representing the pastoral charges into one centre for a supper meeting, the missionary interests maintained by the United Church of Canada are being fostered at the present season, it was disclosed at missionary and maintenance fund offices in Wesley Buildings here yesterday. The plan involves holding several such gatherings in each Presbytery in order to have representation of all congregations. During the present month several United Church leaders will go to various portions of the Dominion in assisting local speakers at their rallies.

LETTER OF SYMPATHY

To Mrs. James Jenkins:—We the members of Lower New-Town Missionary Society of the Presbyterian Church in Canada join in expressing our heartfelt sympathy in your recent bereavement by the death of your beloved sister Mrs. D. S. McLeod. Realizing how little comfort mere sympathy may bring you at this hour we would direct you to him who alone can give you the consolation you need so much. We can not tell why such sad things occur but it is not for us to question, the purpose of an all-wise loving God who teachers us that He doeth all things for our good, not our will but His. We would wish you to convey our sympathy to the other members of the family especially the husband and little children who are bereft of a mother's tender care. With deepest sympathy and consolation of the tender love of your friends may bring you at this time. Signed on behalf of the Lower New-Town Missionary Society. Mrs. John A. McLeod, Pres. Mrs. Wilfred McLean, Vice-Pres.
