THE NEW TEA ROOMS

Much interest has been shown in the creating and designing of Charlottetown's latest and most appealing tea room and confectionery store, under the personal supervision of Mr. Harry Richardson and his new partner Mr. Milton Bell.

"Milt's" many friends will be pleased to learn of his return to the business from which he was forced, on account of falling health, to retire a little over a year ago.

His ready smile and pleasing manner have won for him a place in the hearts of the public that is not easily forgotten. This in conjunction with Mrs. Bell's ability to produce good "goodies" in the most appetizing form were responsible for the progress and growth of one of Charlottetown's most popular places of dining and lunching.

Mr. Richardson, who purchased the business upon Mr. Bell's retirement, although a comparative stranger to the Province, has already acquired an ever widening circle of friends and acquaintances who join in wishing him and his partner every success in their new venture.

An interesting feature is that Mr. Richardson and Mr. Bell were almost wholly responsible for the plans and unique designing of the interior and furnishings.

It is also their proud boast that with very few exceptions the labour, material and furnishings have been supplied by local or at least Maritime firms. The following is a list of those who have contributed to the creation of this charming establishment.

Building Contractor, Borden T. Myers; Plumbing and Heating, Leo E. Doyle; Plastering, Andre Dullaire, Charlottetown; Painting and Decorating, Scantlebury and Whitlock; Wiring, Fixtures and Refrigeration, Palmer Electric; Woodwork, McDonald and Rowe and J. W. Fyfe Ltd.; Iron Grill Work, Preston Sentner; Furniture, made by Oxford Furniture Co., purchased through R. T. Holman Ltd.; Glass Ware, Charlie Carson.

All of the old employees are being retained with the addition of several others.
