

DAILY SELECTIONS FOR GUARDIAN READERS

Published by W.S. Louison

CULTIVATED CONTENTMENT.

In this latter day struggle for wealth, power, and greatness of all degrees, the beautiful repose and simplicity that characterizes our distinguished forefathers have been trampled under foot.

However this may be, contentment seems to have been lost in the evolution of the passing years and no reward has been offered worthy a consistent search for it, more's the pity. But the men, women, or children who have caught a glimmering shadow of it are a continual feast to their friends, who wonder why that home is so delightful to visit; why the beauty of the faces of the inmates is so elusive; why the atmosphere is so reposeful and uplifting that all their cares and woes betake themselves to the background of forgetfulness while they are enjoying their hospitality. Certainly it is not wealth or palatial surroundings, for the home is guiltless of either perhaps, but the hidden secret is contentment and repose, and this no man can buy. It is something that comes from within and requires the most vigorous cultivation that enlightened mentality can give it.

After carefully weighing in the balance the fancied desires of the "hurry up" age and seeing how little real happiness they create for others, look within and find for yourself contentment with that which may be earned on six days of the week and rest on the seventh.

Devote it to the enjoyment of nature and the arts, the sunshine of love, the white light of truth, the brightness of hope, the tenderness of charity, and the strength of faith, and marvel at the result of the discovery, for lo! it is the Kingdom of Heaven within you.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally and acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. "Take Hall's Family Pills for constipation."

"An Eastern Cap costs only 50c at Patons worth \$1.50 1661-9-23ME3"

"Wear one of Patons 50c Eastern Caps at the Exhibition and you may win the prize offered. 1661-9-23ME3i"

"Wear one of Patons 50c Eastern Caps at the Exhibition and you may win the prize offered. 1661-9-23ME3i"

"The prize winning Perrins gloves are only 75c at Patons during exhibition. 1661-9-23ME3i"

THE CENTRAL GUARDIAN

IT PAYS TO BUY in this Province

COAL ARRIVALS yesterday for A. Pickard & Co., schrs. "Joseph McGill" with Reserve Run of Mine and "Blanch Thorburn" with Albion Run of Mine. 1653.

HARD COAL.—The schooner "Unity" loaded a full cargo of Hard Chestnut Coal at New York Saturday for A. Pickard & Co. This vessel will arrive later part of this month. 1653.

FIVE PAIRS FOXES—There have just been received at the ranch of the Upton Silver Black Fox Company, Ltd., five pairs of pure bred black foxes equal to the best produced in P. E. Island. This company offers the best proposition for fox investment in the fox industry. Its low capitalization and small expense for up-keep, etc., makes practically all the profits from the increase returnable to the shareholders. A few shares of this stock can still be obtained from the secretary, H. G. Jenkins, Charlottetown. 1511.

THE HARVEST—As previously intimated in these columns, the harvest operations in this province, practically throughout the island, are backward, and up to yesterday there was still a large amount of grain to be stored, while in some instances there are a few late fields yet to be cut. Yesterday's fine weather, however, was of great assistance to the harvesters and with the Exhibition at hand every one was only too ready to make the most of it. As one farmer put it, in conversation with a Guardian reporter, "It is all going to be gathered in to-day, because to-morrow the Exhibition opens, and nobody wants to miss that, you can bet." It might be stated, on the same authority, that the crops this year were excellent in almost every respect; the only exception being that in a few cases, in certain parts of the island, potatoes were ruined by frost late in the season.

C.M.A. AT ST. JOHN—The manufacturers who have been attending the convention of the Canadian Manufacturers' Association at Halifax arrived here about 11.30 Friday evening and spent the night in their cars, says a St. John exchange of Saturday, including the ladies of the party numbers about 150. At 9.30 o'clock automobiles will leave the station and the Royal Hotel, and take the manufacturers for a trip to Courtenay Bay. A number of local manufacturers and members of the Board of Trade have arranged to provide automobiles to take the party for the trip, and those in charge of the arrangements say they hope owners of automobiles who have been invited, owing to press of other matters, will be on hand with their cars, as it is expected that more cars will be needed than have been arranged for. At 10.30 the party will be on the scene of the Norton Griffiths' works, and the return to the city will be made as speedily as possible. Assembling at the North Market, where at 11 o'clock the party will board the government steamer Curlew which has been loaned for the occasion, and will make a trip through the Falls to Indian town. From there they will leave for Fredericton at 12 o'clock on the steamer Victoria; it was reported in an evening paper that the Victoria was going on a Trades and Labor excursion today, but this is said to be unfounded. Among the party are some of the most prominent manufacturers of Canada, including Bruce Stewart of Charlottetown, and every effort will be made to impress them with the possibilities of St. John and the province generally.

(From Yesterday's Evening Guardian) ENDOWING SCHOLARSHIP.—Murdoch McLean, of North Wiltshire, (P. E. I.), is endowing a scholarship in connection with Halifax College in memory of his wife, whose death took place in January last. Three brothers of the late Mrs. McLean are in the ministry of the Presbyterian church, two of whom, Revs. D. M. McLeod and Angus McLeod have held charges within the bounds of the presbytery of St. John.

SUPERNUMARY—Rev. Geo. Steel, Superintendent of Missions for the Maritime Provinces, who is well known in Charlottetown, is to be congratulated on the success of his appeal on behalf of the Supernumary

Fund, says a St. John exchange. "We understand that he started our last Conference to raise twenty thousand dollars on behalf of the endowment of this fund. He has, we learn, passed the nineteen thousand dollar mark. No more commendable effort has been made for some time, than the effort to put this very worthy fund on a better basis."

METHODIST MISSIONARIES—There are now six hundred and twenty-six missionaries on the home mission held in the Methodist church in Canada, eighty-five in British Columbia, one hundred and forty in Alberta, one hundred and twenty-four in Saskatchewan, twenty-nine in Manitoba, forty-two in the Toronto Conference, one in London Conference, twenty-three in Bay of Quinte Conference, fifty-four in Montreal Conference, thirty-seven in New Brunswick and P. E. Island Conference, thirty-seven in Nova Scotia Conference, and fifty-one in Newfoundland.

CONFERENCE COMMITTEE.—The missionary committee of the New Brunswick and Prince Edward Island conference was in session in St. John on Tuesday of this week, adjusting the recommendation of grants to missions, preparatory to the meeting of the mission board at Annerst in October. The missionary committee is composed of Rev. George Steel, superintendent of missions, Rev. George E. Dawson, president of conference, Rev. Neil MacLaughlan, and Col. F. S. Moore, representatives to mission board and Rev. H. E. Thomas and C. A. Sampson, conference representatives to the committee. The financial situation of the missions shows considerable improvement over last year.

WEDDING BELLS.—A pretty wedding took place at Annandale on the 18th, inst. The happy couple united in the bonds of matrimony were Mr. Jacob McDowell of Sydney Mines, N. S., and Miss Bertha A. Howlett, only daughter of Mr. and Mrs. Robt. R. Howlett. The ceremony was performed at the home of the bride's parents; the officiating clergyman being the bride's brother, Rev. C. O. Howlett, B. A., B. D., of Moncton, N. B. The bridesmaid was Miss Jennie Norton and the groomsmen Mr. Marple Howlett. Fifty invited guests from the happy gathering. The bride was handsomely attired in white silk with bridal veil and orange blossoms. Miss Maud Mager played the wedding march. A sumptuous wedding supper and short musical program helped to make the evening all the more enjoyable. The popular young couple were the recipients of many hand some and valuable presents, among them being a valuable piece of gold from Mr. and Mrs. H. S. Howlett the brides brother. Mr. and Mrs. McDowell, after enjoying a wedding trip will reside in Sydney Mines, N. S.

PERSONALS

Messrs. G. H. Patterson, H. T. Odell, E. R. Coughlan, W. H. Baxter, Geo. Cootley, H. Heenan, of the C. P. R., St. John, and G. T. Hoar, J. A. Stronvek, both of Sweetnam, Elias White, of the I. C. R., Moncton, were in the city over Sunday attending the meeting of the Brotherhood of Railroad Trainmen.

(From Yesterday's Evening Guardian) Mrs. J. Boyle, St. John, and Mrs. J. E. B. McCready, Charlottetown, spent Thursday and part of Friday in Fredericton.

City Council Doings

To put through the license reduction will require some tall hustling. Meantime lots of corns will be tramped on. The cure is "Putnam's," the old reliable corn extractor that has been curing corns and warts for years. "Putnam's" never fails, 25c. at all dealers.

"Our assortment of toilet preparations includes all those foreign and domestic ones found worthy of public favor. We have it if it is to be found in this locality. J. G. Jamison, Druggist. 1629-9-22mtf.

"Visitors to Charlottetown will find that we have the best assortment of smokers goods and toilet sundries in town, J. G. Jamison, Druggist, 1629-9-22mtf.
