"The Climbers"

Clyde Fitch's Famous Play

A bigger and better version of a Broadway play that had a generation of success. It puts the light on the petty and hypocritical element of the upper crust of society. It is the story of the charming and beautiful daughter of the newly rich. Unseeing his selfish motives, she marries the wrong man. His cadish calibre is revealed when a financial crash comes.

Reputed she had made a mistake. A true friend who honestly wires her proves a real friend. Then comes a smashing climax as the lives are straightened out.

Automobile and occupants crash through bridge into gorge below.

This is one of the big thrills in
