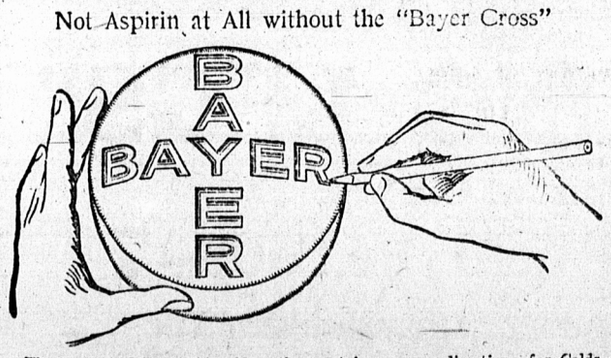
ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



The name "Bayer" identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

"MASTER MASON" is the big man's smoke—the tobacco made to suit a real man's idea of a pleasant and satisfying smoke. Cut at will, fresh from the plug, with all the natural moisture and fragrance of the choicest tobacco retained,

MASTER MASON

Plug Smoking Tobacco

will prove a revelation to any connoisseur.

Say MASTER MASON *to your dealer—he knows*

AT BRADALBANE.—Rev. E. Lockhart, who recently returned from Demerara, will speak at a Missionary meeting in the Presbyterian Church Bradalbane on Wednesday evening at 7.30. There wil be a missionary program with special music.

THE MARKET.—There was a small market yesterday. The retail prices were as follows: Geese, $2.60 to $3.00 each; ducks, $1.75 to $1.90; fowl, $1.25 to $1.50 pair; chickens 85 to 90 cents butter 60 cents lb., eggs 58 to 60 cents. Hides are bringing 32 cents a pound, calfskins 50 cents and sheep and lamb pelts from $1.25 to $2.00. Dressed pork was down to 18½ cents yesterday and 14 cents live weight was paid for live selects.

WILL COST MORE TO CELEBRATE CHRISTMAS.—Every article under the heading of Christmas culinary supplies and table luxuries is very high. Citron peel, that used to retail for about 18c. per lb., is now about 60c. Shelled walnuts a few years ago were about 25 cents a lb. now they are about 95c. Nuts in the shell are almost double their former normal price. Preserved ginger used to sell at $2.50 a dozen, but the whole sale price is now $10.00. —Maritime Merchant.

HOME FROM MONTREAL. — Lieutenant Gerald Kelly, M. C., returned to his home in Charlottetown from Montreal a few days ago where he has been in a hospital receiving treatment since his return from Overseas. It is pleasing to learn that he is much improved in health. Lieut. Kelly was badly wounded in the first day of the Amiens drive, Aug. 8th and amongst his friends in the 26th Battalion was for some days reported dead.

FREIGHT ACTIVITY.—The movement of freight between P. E. Island and the mainland of Canada continues very active, being far in advance of this time a year ago. The greatest activity is in the shipment of potatoes, hay ,oats, live hogs, and sheep while ten or twelve wide-guage cars of inward frieght arrive in Charlottetown daily. The Carferry steamer is making five round trips a day except when coaling, and is handling 114 standard cars and six mail, baggage and express cars. Quite a number of empty box cars and refrigerator cars are being brought over but no empties go back.

MONTREAL QUE.

Congratulations for Prince Street School

Principal J. D. Seaman of Prince Street School has received the following letter from Mr. J. O. Hyndman referring to the excellent program presented by them on Trafalgar Day:

Charlottetown, Nov. 1, 1919

J. D. Seaman, Esq.,
Principal Upper Prince St. School.
City.

Dear Mr. Seaman,—

I took the liberty of forwarding to the Headquarters of the Navy League of Canada, a copy of the very excellent programme carried out by the pupils of your school in commemoration of "Trafalgar" Day, as I felt sure it would greatly interest the officials at Dominion Headquarters, the program being very much in keeping with the policy of education the Navy League is anxious to promote in the schools throughout Canada.

I have received an acknowledgement, from the Dominion Secretary, Lieut. Gordon B. Jackson, R. N., in which he states that, so far as he is aware, Upper Prince Street School, is the only school throughout the whole Dominion, that has undertaken such a unique and appropriate form of exercise commemorating the greatest day in British History. Lieut. Jackson intimates that he is bringing the excellent example set by Upper Prince Street School to the attention of the various Branches of the League throughout Canada. I have been requested to extend to yourself and the scholars and those associated with you, the heartiest congratulations of the Navy League of Canada on your very excellent programme. Having been fortunate enough, myself, to be present on the occasion when the programme was carried out, I can assure you it was a delight and pleasure to me, and I desire to add by personal congratulations on the example you have thus set and to extend best wishes for the continued success of Upper Prince Street School under your most efficient management.

Yours truly,
J. O. HYNDMAN,
Secretary.

Conditions Too Bad to Let Soldiers Sail

LONDON, Nov. 1.—(Canadian Associated Press)—Because of bad conditions, 400 Australian soldiers with their wives and 200 babies were taken off a troop ship at Tilbury dock, and will sail later by a better vessel. General Monash, Australian director of repatriation, says the people were miserable, and the vessel disgracefully crowded. He admits the vessel ought never to have been accepted for the purpose. General Monash mentioned an allegation that a rat had been found in bed alongside a baby.

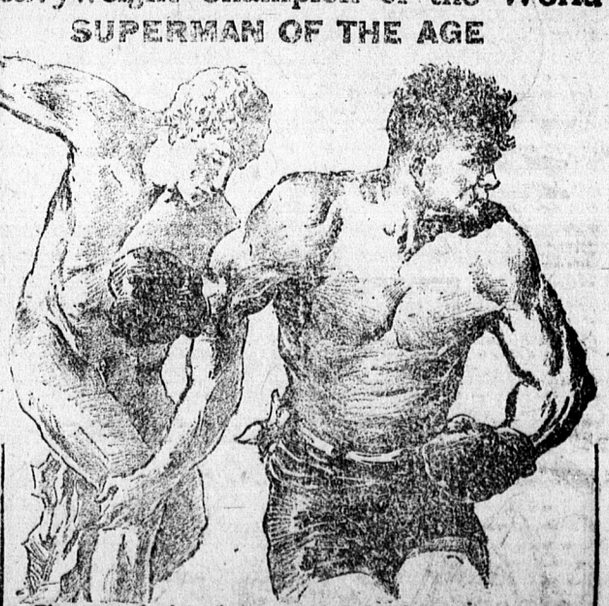
Will Nuxated Iron Help Men Of Today Gain Strength And Endurance Like Athletes of Old?

Physician Says "Yes"---Cites Case of

Jack Dempsey, Heavyweight Champion of the World

SUPERMAN OF THE AGE

Who Used Nuxated Iron as a Part of the Training Which Gave Him Such Marvellous Physical Development that He Was Able To Whip The Mighty Jess Willard—



The coarse foods and rigorous methods of living practised in ancient times made rich red blood for the men whose feats of strength and endurance won fame for them through the ages. Today modern methods of cookery extract much of the natural iron from our blood and this, coupled with the more rapid pace at which we live, make it necessary in our present age to supply the iron deficiency thus caused by taking some form of organic iron—Nuxated Iron—so as to build up a race of sturdy, red-blooded men.

To every man who lacks physical strength and energy there comes a longing at times to possess the power and endurance of an athlete, yet they go on struggling through life weak, nervous and rundown, when in reality their trouble may be nothing more than lack of sufficient iron in the blood.

Had they not kept their blood rich in iron the athletes of old might never have achieved such fame, is the opinion of Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, who believes that modern men who are fagged out by worry, work and other strains might readily build up their strength, energy and endurance by increasing the supply of iron in their blood.

As an example of the superb physical condition that may be obtained by a man of today who follows proper methods of living and who keeps his blood filled with strength-giving iron, Dr. Sullivan cites the case of Jack Dempsey, who used Nuxated Iron as a part of the training which gave him such marvelous development that he is now recognized as the Superman of the Age and perhaps the superior of any famous athlete of ancient times. In connection with his use of Nuxated Iron, Dempsey says: "Nuxated Iron put added power behind my punch and helped me to accomplish what I did at Toledo. From the results in my own case, where the possession of super endurance is necessary, I feel that I am in a position to strongly recommend Nuxated Iron to every man and woman who wants to build greater strength, energy and power."

In commenting on the foregoing statement made by Dempsey, Dr. Sullivan says: "It should occur to every thinking person that if a man as physically fit as Dempsey should consider it advisable to take Nuxated Iron how much more important it is for the average man or woman to see that there is no lack of iron in the blood. In my opinion, the men of today who want to be strong, sturdy and successful must either live more as did the athletes of old or else supply the iron deficiency in their blood by taking some form of organic iron—Nuxated Iron. I have used Nuxated Iron in my practice and I know of nothing more effective for building up the system and increasing the red blood corpuscles, thereby enriching and fortifying the blood against the ravages of disease."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Manufacturers' Note: Nuxated Iron which is prescribed and recommended above, is not a secret remedy, but one which is well known to druggists. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

Sold in this city by Geo. E. HugCentral Drugstore, and H. J. Mabon,hes, Apothecaries Hall; E. A. Foster, (Montague.)
