

# PERMANENT CURE OF SCROFULOUS SORES.

Mrs. W. Bennet, Crewson's Corners, Ont., had 3 running sores on the neck. B.B.B. healed them up in 1894. They have never broken out to this day.

THE story of Mrs. Bennet's cure of Scrofula, is simply another of those remarkable instances where Burdock Blood Bitters has not only been the means of giving relief for the time, but has made a cure, so effective and permanent that after the lapse of five years there has been no sign of the disease returning. Scrofula is one of the hardest diseases to cure, and scrofulous sores, and scrofulous sores in their nature, need surely not hesitate to use B.B.B., as if it can conquer diseases of such a nature it can surely not fail to cure those of less severity. Burdock Blood Bitters, though, even in these worst diseases, does not fail those who put their confidence in it, and those with ailments less malignant and less severe in their nature, need surely not hesitate to use B.B.B., as if it can conquer diseases of such a nature it can surely not fail to cure those of less severity.

MRS. W. BENNET.

"As long as I live I shall speak of the virtues of B.B.B., and I feel grateful to Providence that such a medicine is provided for sufferers."

MRS. W. BENNET. The following is the letter written July 1st, 1898:

"I have not had a sore or any signs of running from my neck since I wrote an account of my case in 1894. I have better health since than I had for ten years before it. Burdock Blood Bitters saved me from an early grave. When the doctor was attending me my friends and neighbors came looking for my death every day."

"If you doubt what I say write to my neighbor, Mrs. Morgan, or Mrs. John Cripps. She waited on me for two weeks, and see what she will say about my case. They have told the community I had risen from the grave."

"My case has been the means of selling hundreds of bottles of B.B.B. in the villages of Acton and Rockwood. I am yet sounding its name wherever I get the chance, and will so long as I live."

"Any one who wants to hear what B.B.B. has done for me, let them write to me and I will answer them."

"I thank God for such a medicine for the sick."

## S'SIDE AND PRINCE CO.

Mr. W. A. STEWART returned yesterday via the capes from a visit to Boston.

CAPT. W. H. BERNARD arrived home yesterday evening via the capes route.

The social and entertainment given Wednesday evening, in Montgomery's Hall, by the children of Mary's Society, was a very enjoyable one and quite a success financially.

The proposal to establish a pork packing and curing establishment in Summerside, is to be definitely settled at a meeting to be held Friday evening, the 17th inst., in Market Hall.

THERE was a slight break yesterday morning in the pleasant winter weather enjoyed since the middle of January. A slight fall of snow accompanied by high wind with the thermometer at 2 below caused considerable drift, but the bright sunshine all day showed that the old wintry good-humor still exists.

## MOTIVE OF THE POISONER.

Gardiner Satisfied The Mystery Is Solved.

New York Feb. 6.—The motive that caused the murder of Henry C. Barnett and the attempted murder of Harry Cornish has been established in the mind of District Attorney Gardiner.

There are three persons under suspicion. One of these persons is the principal. The second man is the tool who sent out West for the different medicines and who mailed the poison to Harry Cornish, and whose handwriting has been identified beyond a possible doubt. The third person is a woman. She was the cause of it all.

It is alleged that H. C. Barnett and the principal in the murder scheme were at one time friends, but fell out because of their rivalry about a certain woman, the woman in this case.

The woman discarded the murderer for Barnett and he determined to kill him. He had his accomplice ready at hand, a man who had no reason to love either Barnett or Cornish. This man was at one time an employe of the Knickerbocker Athletic club and was forced out of it by Cornish and others at the same time as was the principal.

Cyanide of mercury was sent to Barnett. Then the woman in the case began to play her part. She guessed that Barnett had been murdered by the man she had discarded for him, and she determined to put this shrewd guess to her advantage. She treacherously murdered and made him marry her as the price of her silence.

Barnett had been so easily removed that the men thought they could get rid of their enemy, Cornish, as easily. With this idea they proceeded along the same lines.

The murderers had no motive for the death of Harry Cornish such as that led up to the death of Barnett. They had merely had bitter quarrels with him.

It is thought the men intended to murder a third person, but that the excitement caused by the death of their second victim frightened them.

## A Happy New Year Indeed.

To those who believed there was no cure for catarrh and to whom the constant use of ointments, snuffs and washes was a weariness to the flesh. A delightful and sure cure has been found. ## CATARRH OF STOMACH.

A Pleasant Simple, but Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are full or bloating sensation after eating accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, ickie appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Digestase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and through digestion will follow their regular use after meals.

Mr. N. J. Booher of 2710 Dearborn St. Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but to-day I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feelings. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free, on stomach troubles, by addressing Stuart's Co., Marshall, Mich. The tablets can be found at all drug stores.

For Three Years. Nights Itching and Burning Terrible.

Wife Suggests CUTICURA. Uses it. Presto! What a Change.

## NOW PERMANENTLY CURED.

The itching and burning I suffered in my feet and limbs for three years were terrible. Although they were worse, and would keep me awake a greater part of the night, I consulted doctor after doctor. None knew what the trouble was. I concluded I would have to go to a Chiropractic hospital before I would get relief. My wife finally prevailed upon me to try CUTICURA. Presto! What a change. I am now cured, and it is a permanent cure. I feel like kicking some doctor or myself for suffering three years. Sold throughout the world. POTTER D. LINDSAY, Chiropractor, Gold Proprietor, Boston. ## ARE YOUR Artificial Teeth Giving Satisfaction?

Many persons who are compelled to wear Artificial Teeth on Plate, find that the Rubber or Vulcanite plate causes heating of the month, bad taste, shrinkage of the gum, etc., finally causing the plate to get loose. Sometimes sore lips, sore mouths and sore throats are caused directly from the wearing of a Rubber or Vulcanite plate. While it is true that a majority of persons can wear rubber or vulcanite plates with satisfaction, yet it is a fact that to a large percentage the same material is poisonous.

We have seen many causes where people who had rubber or vulcanite plates were continually suffering from the above causes and came to us for relief. In case of that kind we always recommend a metal plate, either of Gold, Platinum or Aluminum

Our reason for recommending a metal plate is that it is a conductor of heat and cold, hereby keeping the mouth cool, and it is non irritating, and is thinner, lighter and stronger than any other plate. It is clean in every particular, and is enjoyment to the wearer. You can have your impression taken and have a Gold, Platinum or Aluminum plate made same day, fully guaranteed because we make them ourselves and know about the material used. We also make the famous THURLO PLATE, noted for its thinness, coolness and durability.

We would like you to call and see specimens of all our different lines of work including our Continuous Gum Plates—the very finest plate work known to Dental Science. Every piece of work done by us must give entire satisfaction to the patient else we will not allow it to leave our office. Examination free.
