Who Are Just Ready to Drop

Vinol Will Enrich the Blood and Create Strength

In a natural manner it creates a hearty appetite, aids digestion, enriches the blood with thousands of red corpuscles, creates strength, and the system is filled with renewed vigor. WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

school here answers for a widely distributed district, many living one and one-half to two miles distant which make it possible for young children to attend in summer, only though many drive the children to the school house. It will be hard for those people to get the benefit of the new increased taxes.—There are a number of new-comers settled here.—Captain Purchase has bought up two farms, the James Nicholson farm, on Hallett road, on which he now resides and a wood farm, lying along the same road, near Culloden schoolhouse. Captain Purchase, who is an American, enlisted and was of the Corps that marched to the Rhine. Captain Purchase had those two farms surveyed last week by Surveyor McDonald of Hermanville.—John Stewart who spent about twenty-five years in the lumber business in British Columbia sold his timber belts in the coast for a handsome sum, and is now purchasing land on the Maitland Road, in the Lewis settlement.—There is a mill property owned by M. McRae which he is also about purchasing.—Mr. Stewart had Mr. McDonald, Hermanville, also surveying his property.—Mr. John A. Nicholson is another American citizen who has settled here and has already purchased three improved farms, which he also got surveyed. He resides on the Munn farm.—Another American is Mr. Archibald Bell who resides on the Henderson property, a fine block of high veyor working for him too.—The famous Rona Springs is in this district which is probably the finest spring water in the Dominion and inexhaustible. It is a wonder some Company does not bottle up this crystal water. It is said to be curative too of which the writer can attest. Mr. Fred W. Hyndman, Charlottetown, owns the Rona Springs property.—Rev. Mr. Morrison, who spent his time in Europe for the duration of the war is ministering very acceptably to the people here as well as Wood Islands. Just arrived a car load of nice sound, young horses.
