On Thursday of last week what might have resulted in a fatal accident occurred at Darnley Point. A picnic was being held on the shore when the little three year old son of Mrs. Paul of Boston, who was amusing himself on the shore, was caught in a large wave and carried out quite a distance in the water. When rescued by Wm. Morrison the little fellow was considerably exhausted though not much the worse of his dip in the brine.

At a special meeting of the Council of the Summerside Board of Trade held Wednesday evening with Neil McLeod in the chair the following delegates were elected to attend the meeting of the Maritime Board of Trade which meets at Yarmouth, N. Read and Neil McLeod were appointed delegates to attend the meeting of the Royal Commission on Transportation to be held in Charlottetown on the 29th. inst. Some important correspondence was also disposed of.

"WEEKLY" CHANGED TO "TRI-WEEKLY"

The "Weekly Edition" of "The Charlottetown Guardian" was changed on July 1st to a "Tri-Weekly Edition." This was done because it is considered that the "Weekly" is too slow for a province with so many daily and tri-weekly papers as that of Prince Edward Island. In the past, four or eight pages have been printed on Friday, eight on Saturday or Monday and these twelve or sixteen pages have been held until the following Wednesday when eight more have been printed and then the entire twenty or twenty-four pages have been mailed as one paper to all subscribers. Thus the news of about two thirds of the issue is so old as to be of very little value when it reaches its destination the week following its actual publication. Now each section is mailed on Monday, Wednesday and Friday as soon as off the press. All the news is thus fresh, and each section of ads. and reading matter much more likely to be read thoroughly than if the entire twenty to twenty-four pages arrived but once a week, and all at one time. All advertisements will appear in but one section of each entire week's issue as in the past, unless it is desired that they appear more frequently, in which case arrangements can be made with the management. Regular advertisers in the past have been required to have "changes" in not later than Saturday, and by the time the paper reached subscribers the following week it was often desirable to be advertised. Under the three-a-week issue "changes" received up to either Tuesday, Thursday or Saturday at ten a. m. will be printed in either the Wednesday, Friday or Monday issue respectively, and thus reach readers when new and fresh. Transient advertisements can appear either once, twice or three a week as arranged for. It is believed that all readers will appreciate the change, as they will in future receive a paper, issued each Monday, Wednesday and Friday of every week instead of twenty to twenty-four pages issued but Wednesday of each week. Advertisers very much prefer that their ads appear but once a week in a tri-weekly rather than in a Weekly of two or three times the size, as they are much more likely to be read carefully.

FELL TO HIS DEATH.

NIAGARA FALLS, Ont., July 18.—Wm. Summerfield, a carpenter on the Ontario Power Co's. works at Table Rock, was working on a scaffold near the top of the cliff, and other men were lowering planks to him with ropes. One plank slipped from the rope and struck him, knocking him off the scaffold. He fell one hundred and fifty feet, landed on his head and was instantly killed. He leaves a widow and infant child.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.
