PAINFUL INJURY—Norman, ten year old son of Mr. and Mrs. Norman W. Lowther, Brighton Road, was the victim of a very painful accident on Friday evening, when, while the detonation of a cart, threw a small piece of metal casing pierced one of the lad's eyes, accompanied by his mother and a nurse, he was taken to Montreal Saturday morning for immediate attention, and it is hoped, by this means, that the sight of the eye will be saved. The lad's other eye and face were uninjured, as it seems he was standing some distance away when the explosion occurred. The accident happened through the finding of some cartridges in an outbuilding of a tenanted house in the neighborhood. Norman and a number of other boys were playing about at the time, little suspecting the dangerous nature of the toys they had discovered. No word has yet been received from Montreal, but it is hoped that though serious the accident may not result in permanent injury. Norman is a bright and active boy, and very popular with his schoolmates and companions.
