**A PLEASSED VISITOR.**—Mrs. E. J. Chambers of Montreal, who has been visiting Charlottetown the guest of Mr. and Mrs. Tidmarsh, Rochford Street, left on Monday for home. She thoroughly enjoyed the beauties of P. E. I. and renewed old acquaintances at Montague, where she with her late husband, Col. Chambers and family, summered for several years.

**DISGRACEFUL ACT.**—Mr. A. E. Mace, a respectable gentleman of Boston, left on Saturday last for his home, after spending a short visit with friends in French River. Mr. Mace has been visiting this Island for upwards of thirty years, almost every summer, and he always spoke in the highest terms of the warm hospitality of the people of this section of the Province, and also boasted it as a Tourists Paradise. On the eve of his departure, his car, a costly one, was lettered all over, with very disgraceful slander, and otherwise damaged. Such deeds as this will no doubt change his opinion concerning the people and place. The inhabitants of this part of the country are highly indignant of such actions. Such deeds, as well as being a disgrace to the place, will have a tendency to put a stumbling block in the road of tourists coming to this beautiful section. It is very regrettable to know that in the midst of good respectable citizens that there are some persons, who have no respect for themselves, or for the feelings of others, and thus put a black stain on the name of the community.

**"Is Giving Entire Satisfaction"**

F. Schaffelstein, Canning, N. S. writes:—

My Pease Economy Furnace is giving entire satisfaction. At the beginning of the winter I started it with wood only as a fuel. Thereafter I used hard and soft coal and both mixed, with equally good results. This new-type furnace is in several respects a great improvement on the old style of the year 1901.

**Pease "PIPELESS" Furnace**

"Economy" is the keynote of this furnace, not only in cost but in labor also. Some special features are—Vertical shaking handle, saves stooping, long fire travel, double casing with air space, air blast, low fuel consumption, and extra heavy construction throughout. It will pay you to ask about it.

**Nurse Tells How To Relieve Eczema**

Lady had face disfigured with Eczema. Skin now clear.

Mrs. Wm. Campbell, a graduate nurse of Malden, Mass., reports a very interesting experience she had recently with a distressing case of eczema. The patient was a lady who had suffered keenly both mentally and physically because of the itching, burning sensations of the skin. She had become discouraged because doctors considered her case incurable.

Mrs. Campbell had known of similar cases and by patient persistent treatment was able to obtain complete relief and restore the natural beauty of the skin.

Mrs. Campbell writes:—"A patient under my care was so severely afflicted with eczema on her face that the doctors considered it incurable and could do nothing for it. I decided to try Dr. Chase's Ointment and never found anything like it for the first application stopped the itching. By continuing the use of the Ointment, the eczema was entirely removed and the complexion greatly improved. No one would ever know that my patient had previously been so disfigured by this annoying and torturing ailment."

Dr. Chase's Ointment is the recognized standard treatment for eczema. It should never be confused with ordinary salves for it is a medicinal ointment of proven merit and effectiveness. 60 cents a box, all dealers, or The Dr. A. W. Chase Medicine Co., Limited, Toronto.
