The Attleboro Sun of June 1st has the following item in reference to the marriage of James J. Doyle, a son of James and Mrs. Doyle, city, who left this city about two years ago: James J. Doyle, a well known and popular Interstate conductor, and Miss Helen E. Cahill were united in marriage this morning at St. John's Church by the pastor, Rev. Fr. Sheehy. The nuptial mass was attended by many friends of the couple. The bride was charmingly gowned in ivory satin with picture hat and carried American beauty roses. She was attended by Miss Katie Cahill as bridesmaid, who wore pink satin. John Davie was groomsmen. Following the ceremony a wedding breakfast was served at the home of L. B. and Mrs. Richardson of 39 Falmonth St. Congratulations and gifts were showered on the bridal pair. Later in the day Mr. and Mrs. Doyle left on an extended honeymoon trip to Maine and on their return will reside in Attleboro.

E. Ira and Mrs. Purdy, City, will have the heartfelt sympathy of their many friends on the death of their little son Wallace Ira which sad event occurred at his home, Highland Avenue, on Saturday. The little chap had been ill for some time but death was not expected to take place so soon, in fact hopes for his recovery were entertained until the day of his death. He was only fourteen years of age and had been considered a strong and healthy chap, was very bright and intelligent for his years and a generous share of the parental affection was bestowed on him as their only son. This fact makes their loss the more keen to the father and mother, the former of whom is as present in Western Canada. Besides his parents, the deceased leaves three sisters, Bertha in Vancouver, and May, at home. The funeral took place yesterday afternoon from his late residence to the Peoples Cemetery and the following were pallbearers: Forest Stewart, Temple Stewart, Vernon Worth, Percy Worth, Walter Worth, and Roy Proctor. Services at the house and grave were conducted by Revs. H. E. Thomas and Z. L. Fash. The Guardian joins with the many friends of the deceased's family in extending sincere sympathy.

The death on Saturday of Henry Mutch, Southport, which occurred at his home there, has occasioned no little regret in the community in which the deceased lived. Mr. Mutch had been ill for the past two or three years with bronchitis, a disease which eventually caused his death. He was a highly respected and practical farmer of Southport and was active up to a couple of years ago. Besides a widow, nee Miss Moore, daughter of the late George Moore, city, he leaves to mourn the following sons:

WHAT CAN I DO FOR MY SKIN-TORTURED BABY?

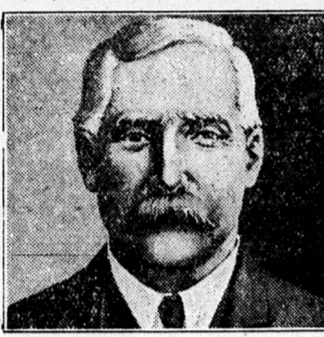

In the Despairing Cry of Thousands of Mothers, A Scotchwoman Tells How Her Child was Cured.

"What can I do for my skin-tortured baby?" How many worried, worn-out mothers, whose children are suffering with eczema, nettle or other torturing, disgusting humor, have asked themselves this question. Through neglect or improper treatment, some minor eruption has developed into a distressing and unsightly ailment. Since treatments fail, and stronger ones are tried, sometimes so harsh that the suffering is increased rather than allayed. Even professional aid has been sought, but the disease will become chronic, turning the child's future into a nightmare of physical and mental misery. Such mothers, who have witnessed their children suffer and who have undergone the long, sleepless nights and distracting anxiety which they alone can realize, will understand the great life that prompted the letter from Mrs. John Ewan, 5 Victoria St., Inverurie, Scotland, and will read it with keenest interest. "I use Cuticura Soap steadily for my baby's skin. She had the eczema when she was three months old. She was in a awful mess all over her body. We never thought she would get over it. We sat with her night and day for about a month, expecting every minute to see her die. The doctor gave me an ointment to rub on her, but it did not do any good. My mother was home from America and she told me to try Cuticura Ointment and to wash her with Cuticura Soap. I did so, and the difference when I used the first box. It seemed to soothe her and she slept. I used three boxes of Cuticura Ointment and she was quite cured. She has the purest skin and is the fattest baby now. She is a miracle, the doctor declares. I am glad to tell anybody about it." And that the success of the Cuticura Remedies is not confined to the treatment of eczema, is amply proven by Mrs. M. A. Schwern, 674 Springwells Ave., Detroit, Mich., who writes: "When my little Vivian was about six months old, her papa had a boil on his forehead. At that time the child was covered with prickly heat and I suppose in scratching it her own head became infected, for she got out in boils one after another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her in many weeks. We do not think any one can praise Cuticura Remedies too highly." That mothers may get the efficacy and economy of the Cuticura Remedies for themselves, the Potter Drug and Chem. Corp., 121 Columbus Ave., Boston, Mass., will send free on application, a generous trial box of Cuticura Ointment, sufficient to afford immediate relief in the most distressing forms of eczema, rashes, itching and scalds of the skin and scalp. Under the influence of Cuticura Ointment, the itching and burning stop, the child falls into a refreshing sleep, the mother rests, and for the first time perhaps, in many weeks, peace falls on a distracted household. The Cuticura Remedies are sold by druggists everywhere.

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-tives"

SHANLY, ONT., Sept. 23rd, 1910. "You certainly have the Greatest discovered Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from headaches caused by Stomach Disorders. "One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications. "I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying "Fruit-a-tives".

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years". WM. PITT

The death of Edward Byrne of the firm of Byrne Bros., City, which occurred at the home of his sister-in-law, Mrs. James H. Byrne, in this city yesterday morning at three o'clock, has occasioned regret which is widespread among the citizens generally, among whom the deceased was most widely known and universally respected. He had only been ill for a few days, but death ensued as a result of an attack of rheumatic fever some years ago which left his heart in a weakened condition. His demise at the comparatively early age of forty-eight years is considered untimely, especially when it removed a man from actual business life who was ever courteous and gentlemanly in all his dealings with his fellow citizens. He leaves to mourn one brother and one sister, John Byrne and his sister, Miss Mary Byrne, besides a large number of other relatives and friends who will keenly feel the loss they have sustained. LAME BACK

Cured by Booth's Kidney Pills. If you suffer from backache like Mr. W. M. Ferguson, of Indian Head, Sask., don't wait until you are laid off work before you give the matter your attention. He says: "I was compelled to quit work six months ago on account of a lame sore back, which had become so weak that I could scarcely get around. My limbs and feet were very much swollen, and I also had severe headaches occasionally. On learning of Booth's Kidney Pills, I procured a box and found them a fine remedy. The pains and aches have left my back and it has been greatly strengthened. The swelling in my limbs and feet has disappeared, and I am very much pleased to recommend this remedy."

"What's flour gluten, Bud?" "It's what makes your dough rise, Rose." "Yes"—she encouraged. Added Bud very sagely: "Makes it rise in the mixer and expand in the oven. It's the elastic part of flour—absorbs all the water and milk—and things." Rose grew interested. "FIVE ROSES, said Bud, is exceedingly rich in gluten. I s'pose because it's all made from Manitoba wheat. Takes up a lot more water—makes those fat loaves—lasts longer too." "Saves money, doesn't it?" asked Rose. Bud in a big voice: "The fat loaf makes the fat pocketbook." Use FIVE ROSES always. And Rose said YES.

Victory has once more perched on the P. E. Island rifleman's banner, a victory which puts to blush performances in all former contests, because

of the extraordinary score total by the Garden of the Gulf's team and also by their competitors. For twenty-six years the riflemen of the three provinces have been battling for a piece of silverware emblematic of Maritime Championship but it remained for the team of yesterday to obliterate all previous records and establish the unprecedented score of 762 or an average of 35 1/2 pts per man.
