The hosts of friends and patrons of the Haydon House, will be delighted to hear of Miss Foster's return. In her absence they missed the good substantial and beautiful prepared meals, that could be had at such short notice. Miss Foster is one of the best cooks in that part of the country and her many friends are delighted to see her back again.

WAR ROMANCE IN VERSE.—The Guardian has received a copy of an interesting after-war poem, entitled "We Remember" tracing the love romance founded upon fact of a Canadian soldier and his bride from shell-stricken Armentiers who have settled in Westerm Canada and are doing well.

The poem was written by Rev. D. Victor Warner, rector of St. Cyprian Anglican Church, Montreal. The author writes that \$1.00 will purchase four copies, the proceeds of the sale going towards the erection of a new church. His address is 430 Pie IX Boulevard, Maisonneuve, Montreal. There are some handsome illustrations in the booklet by Mr. A. Sherriff Scott and the printing is particularly attractive.

Happenings Of The Week

(Continued from Page 4)

Mr. and Mrs. R. L. Cotton returned last night from their honeymoon trip to New York.

Mr. Lewis Smith, M.L.A., for Albert, N.B., is visiting his sister, Mrs. P. Turner city, and is remaining for a few days.

Miss Berna Huestis, assisted by her mother, Mrs. W. A. Huestis, entertained a jolly company of young people at the tea hour on Tuesday in honor of her friend, Miss Jean Louison, of Montreal. Quaint decorations were carried out in true Halloween style, and a most enjoyable social reunion was spent.

The Curling Club was officially opened on Wednesday evening with a Bridge, well attended by the members. Col. Charles Leigh is the new president, and this year's program promises to be a good one for curlers.

Miss Tena Anman, of Summerside, is visiting in Halifax, the guest of Mrs. A. Jamieson.

With the election of a committee such as was appointed on Thursday night the monument for our soldiers now seems an assured fact.

A pair of baby's socks she knitted herself won the Duchess of Devonshire a second prize at a handicrafts exhibition she opened at Chatsworth Institute, Edensor. A thoroughly domesticated duchess, she also knitted a jumper for exhibition, but this failed to win a prize. There were nearly 1,000 exhibits, mostly sent by tenants or employees and their families on the Duke of Devonshire's famous Chatsworth estate. "There is nothing more likely to make country life interesting than these exhibitions," said the duchess, "or more likely to stop people leaving for the towns."

Miss Jean Louison, of the Royal Victoria Nursing Staff, who has been spending her holidays here, was given a most cordial welcome by her many friends.

The Daughters of the Empire are being congratulated on the success of the Art Show, so kindly put on by Miss Jack, of St. John, in aid of the P. E. I. Protestant Orphanage. Her work is exquisite, and Miss Jack is being thanked for giving Charlottetown art enthusiasts an opportunity to see her many beautiful pictures.

Observance Of Armistice Day Is Requested

OTTAWA, Oct. 3.—His Excellency the Governor-General, Baron Byng of Vimy has received a message from His Majesty the King, expressing the hope that the two minutes of silence in memory of those who gave their lives during the war, will be observed throughout Canada on Armistice Day, November 11, commencing at 11 o'clock in the morning. In a communication to the Prime Minister the Governor-General hopes that the people of Canada will join with His Majesty in making the observance a reality. The two minutes of silence is endorsed by the Prime Minister, in a statement issued to Canadian Press today. "On behalf of the Government," Mr. King states, "I desire to express the hope that the observance of two minutes of silence at 11 o'clock on the morning of November 11, as requested by His Majesty the King, and to which His Excellency, the Governor-General has referred, in the accompanying communication, will be made as General as possible throughout all parts of the Dominion. "The impressiveness of the occasion will necessarily depend on the degree to which the two minutes of silence is generally observed. To this end the Government desires to invite the co-operation of the provincial and municipal authorities, the press and the educational and religious institutions, as well as of all engaged in industrial and commercial activities. May it be said of Canada that no remote as to have failed in doing reverence to the memory of our country's honored dead." The communication from His Excellency to the Prime Minister follows: "As I think you are aware I have received a message from His Majesty the King saying that he hopes that the two minutes of silence as a mark of respect to the memory of those who gave their lives during the great war, will be observed throughout the Empire at 11 o'clock on the morning of armistice day, November 11. "I sincerely hope that all citizens of the Dominion will join with His Majesty the King in making this observance a reality, and that all work will be suspended during the two minutes set apart for the silence of tribute. "You will, I am sure, be glad to give widest publicity to the request of His Majesty."

Girls Quit College Over Cigarette Ban

BOSTON, Nov. 3.—Rather than quit cigarettes while attending Wellesley College, Jean Roth, of Stamford, Conn., and Billie Burse,

of Barre, Vt., have left the institution. The girls, who were taking the hygiene course, were caught smoking in their rooms by the house mother. She warned them that a repetition of the offense would mean dismissal, and they chose to quit immediately. "We're resigning," they explained "as a protest against the antiquated notion that ladies do not smoke."

LAST OF GREEK SOLDIERS OUT OF EASTERN THRACE

CONSTANTINOPLE, Nov. 3.—The last trainload of Greek troops left Thrace last night. A majority of the Greek population already has been evacuated. It is reported that Gen. Harrington has sent a long message of thanks and congratulations to Gen. Nider, commander of the Greek army, on the completion of the evacuation.

RAIL GRAIN SHIPMENTS AS BRISK AS IN WINTER

FORT WILLIAM, Nov. 3.—During Sunday and Monday, from these two ports, from the many elevators at the head of the Lakes, the enormous quantity of five million and twenty-five thousand bushels of grain was shipped out. All the elevators are working day and night, with a full complement of men on hand. Freight trains laden with all-rail shipments, which in other years have been practically nil at this time of year, are almost as heavy as during the winter season, after the close of navigation.
