WATCH FOR OPENING DATE

"Not By Meat Alone"

Leading fox ranchers have demonstrated that, in addition to meat, it is absolutely necessary to feed a liberal supply of IMPERIAL BISCUITS daily, during the winter season, in order to keep the bowels regular and also to ensure the females having an adequate supply of milk during the lactation period.

IMPERIAL COD OIL FOX BISCUITS are made from a formula which has been prepared with these results in view and which reliable tests, extending over a considerable term of years, have proved to be signally successful.

Ranches, which have continued the feeding of IMPERIALS regularly in winter have had the largest litters of young foxes and also the highest average of pups, raised to maturity; in addition, they have practically eliminated the destroying of young by the females.

For assured results feed IMPERIALS throughout all the winter season.

IMPERIALS are sold by leading distributors or direct from the factory.

Kingston at 11 a. m.; New Dominion at 3 p. m.; Cornwall at 7 p. m.; Rev. D. K. Ross, Minister.

POLICE COURT—

At the Police Court yesterday morning a man charged with vagrancy was remanded till Thursday. One drunk and incapable was remanded till today, and a second till Thursday.

FUNERAL THURSDAY—

The funeral of the late Michael T. Lamb, Sp. Ingfield, Lot 67, takes place Thursday morning leaving the house at 9.30 o'clock. This funeral was previously announced for Wednesday morning but has been changed to enable one of the family who is coming from Boston to attend.

SENT OUT OF PROVINCE—

The two men from the Mainland, who about two weeks ago were lodged in Queen's County Jail on charges of vagrancy have been ordered released by His Honour Lieutenant Governor Dalton and yesterday morning were conducted to Borden by Constable Jay of the Provincial Police. The men were put aboard the car ferry and ordered to return to their homes.

FORMER ISLANDER—

The death occurred at 465, 14th avenue, San Francisco, Calif., on Jan. 22nd of Mr. J. H. McKay a former Charlottetown resident who will be remembered by some of the older residents. Mr. McKay, after a long and healthy life, took a stroke at six p. m. and died at nine the same evening. Mr. McKay would have been 83 years old in October next and was planning to take a trip home this summer to visit his only sister, Mrs. Charles Dalziel of this city. He was deeply interested in the home news and had the Guardian read to him regularly each evening by his daughter, Mrs. Alice Meldrum, as his eyesight has been failing for the past year.

STOCK NOTE—

A pair of purebred Holstein cows, one four, and the other six years of age, both owned by Walter Buntain, Rustico, P. E. I. have just finished highly creditable records in the R. O. P. with a production averaging 16,691 lbs. milk containing 70.17 lbs. butter. The six-year-old cow, Posch Jewel Sylvia, bred by Mr. Buntain himself, gave in her lactation period of 365 days, 18,201 lbs. milk containing 832.50 lbs. butter, her test averaging 3.66% fat. The four-year-old, Patricia Changing, in milk only 305 days gave 15,161 lbs. milk containing 571.25 lbs. butter. This cow was bred by R. Percy Mutch, Charlottetown. It is worthy of note that Posch Jewel Sylvia in the month of January last produced over a ton of milk containing 70.93 lbs. fat.

LONG CREEK INSTITUTE—

The regular monthly meeting of the Long Creek Women's Institute met at the home of Mrs. Norman MacLean on Wednesday evening Feb. 4th with an attendance of fifteen members and four visitors. The meeting opened with the singing of the Institute Ode and repeating the Creed followed by the reading of minutes of last meeting and approval of same. Roll Call was answered with "My Favourite Name." A committee was appointed to take charge of the program for a social to be held in the near future. After the business part of the meeting various contests were enjoyed and a program was exceptionally well rendered. Special mention may be made of a solo which was beautifully rendered by Miss Annie McKenzie. A dainty lunch was served by the hostess and the meeting closed with singing. Mrs. Alex. MacLeod invited the members to her home for the next meeting, roll call to be answered with "My First Beau."

Best Remedy for Cough Is Easily Mixed at Home

You'll never know how quickly a stubborn cough or chest cold can be conquered, until you try this famous recipe. It is used in millions of homes, because it gives more prompt, positive relief than anything else. It's no trouble at all to mix and costs but a trifle.

Into a 16 oz. bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup or strained honey to make 16 ounces. This saves two-thirds of the money usually spent for cough medicine, and gives you a purer, better remedy. It never spoils, and tastes good—children like it.

You can actually feel its penetrating, soothing action on the inflamed throat membranes. It is also absorbed into the blood, where it acts directly on the bronchial tubes. At the same time, it promptly loosens the germ-laden phlegm. This three-fold action explains why it brings such quick relief even in severe bronchial coughs which follow cold epidemics.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Before marriage he's her fiance; after marriage he's her finance.

Borden Trims Cape Traverse 3-1

At the Kensington rink on Saturday, February 14, in the final game for the championship of the Eastern Section of the Prince County League, the Borden Nationals triumphed over the Cape Traverse Bloodhounds to the tune, more or less out of key, of 3 to 1. A summary of the feature plays follows:

FIRST PERIOD

The play opened fast. Campbell, orange and black centre, went through almost to the goal mouth but was checked out of position before he could shoot. Borden forced the play for a time, keeping the red and white sextette behind their blue line, and bombarding Carver with a succession of shots, but the diminutive goalie held the fort. W. MacWilliams broke through and drove a dangerous shot from left wing which the capable Allenach smothered. The ice was getting soft, slowing the play and making much solo work inevitable. Paquet, hard working left winger for the Nationals, smoked one at the Bloodhound kennel which Carver got in front of. Campbell and Harper threatened with some fine combination, C. MacWilliams swooping into the danger zone and missing it up. Just before the bell Gardner stick handled his way to the firing line, but the Nationals defence converged on him and he was jammed up. The period ended scoreless.

SECOND PERIOD

Paquet started the second with a close in shot on which Carver saved brilliantly. With two Bloodhounds in leash for tripping. Borden tried hard and Carver was called upon to kick out a lot of rubber. Webster went down fast, faked a pass to his right wing, rounded the left defence, and tossed away a golden opportunity when his bullet drive missed the net. Harper uncorked a surprising burst of speed but was skated into the corner. After nine minutes of play W. MacWilliams beat Allenach for the initial goal of the evening on a fast travelling drive from the blue line. This reverse put scrap into the Nationals and MacPherson, rangy defence, who improved as the game progressed and who was a real threat on every invasion, kept the Bloodhounds busy holding him at bay. Paquet entertained with a stickhandling orgy a minute before the period ended, with the score one to nil in favor of the Cape aggregation.

THIRD PERIOD

Paquet lifted a tantalizing floater at Carver which the goalie found difficult to corral. B. Clark, hustling centre for the Hounds, put Allenach to work with a shot from centre. Campbell backed handed one from close in, then got his own rebound but Carver was still doing business. C. MacWilliams went berserk, stick handled crazily through the whole Borden out fit, his high shot catching the Borden goalie tender above the eye. Allenach, though his eye was badly swollen and closed, gamely decided to carry on. W. MacWilliams tried hard to get in position to release his fast one but he was carefully checked by Harper. The National forward line, led by Paquet, resorted to long distance sniping but got nowhere with this. A flock of penalties depleted the forces of both teams, and with four men to side some spectacular hockey resulted, Allenach deserting his net and charging W. MacWilliams to put the damper on an incipient shot. A minute later the Borden net guardian saved miraculously on a shot from the same stick. Larter and Webster swapped punches and when they were in cold storage Harper batted the rubber through a maze of red and white legs to sag the draperies behind Carver who didn't have a chance. The score remained one all to the end of the period.

AFTERMATH

The Bloodhounds refused to play overtime, claiming the championship by virtue of a tie, and after considerable discussion in which no one seemed very clear as to the ruling, the referee blew his whistle. The Nationals scored two goals against no opposition thus ending the game but not the controversy.

Penalties (all 2 min.) First Period: Cape Traverse, Dawson, Borden, Larter, C. Howatt, MacPherson.

Second Period: Cape Traverse, B. Clark, Webster, C. MacWilliams, Webster, Borden, Harper, McAleer.

BEWARE OF COLDS NOW!

If Neglected They May Pave The Way For Flu Attack

TREAT COLDS PROMPTLY BUT AVOID "DOSING"

Now that flu is in the air again health authorities advise everyone to take these common-sense precautions: Eat wisely; get plenty of sleep and fresh air; avoid undue exposure; and above all treat every cold promptly. Unless checked quickly, colds tend to pull down the body resistance and may pave the way for an attack of flu with all its serious complications.

Attack Colds at the Start

At the first sign of sniffing, sneezing or other signs that you are "catching cold," start treatment at once with Vicks VapoRub. Place some Vicks up each nostril and snuff well back. Do this several times a day. It will often prevent a little cold from developing into a big one.

If the head is clogged with mucus or phlegm, or there is much coughing, melt a teaspoonful of Vicks in a bowl or kettle of hot water and inhale the steaming vapors for five minutes at a time. This

auxiliary vapor-steam treatment with Vicks has a remarkable effect in clearing the air-passages, easing the breathing, and helps keep the cold from spreading.

Double Action Effective

At bedtime, in order to get the benefit of its long-continued stimulation and inhalation effect, rub Vicks vigorously over the throat and chest and cover with warm flannel. Vicks attacks colds in two direct ways: (1) through the skin like a poultice or plaster, drawing out the tightness and soreness; and (2) at the same time, its medicated vapors, released by the warmth of the body, are inhaled direct to the irritated air-passages.

Protect Children, Especially

Children should be put to bed at the first sign of a cold, and Vicks rubbed on throat and chest. Its use brings prompt relief, and avoids constant "dosing" which often upsets the digestion. When used at bedtime, Vicks often prevents sleep-disturbing night coughs, thus permitting needed rest for both mother and child.

Don't take chances with colds NOW!

Third Period: Cape Traverse, B. Clark, Webster, Borden, MacPherson, Larter, Larter.

Frank MacFarlane kept the fixture well in hand at all stages and added to his reputation for handling an impartial game.

MILLVIEW AND VICINITY

The many friends of Miss Prudence Drake, Millview are sorry to learn she has had to enter the P. E. Island Hospital for an operation and hope for her speedy recovery.

Mr. and Mrs. Joseph Acorn, Jr., Millview, were guests of Mr. W. C. Smith, Monday.

Mr. and Mrs. M. E. Jenkins, Millview were recent guests of Mr. and Mrs. Callum Bruce, M. P. P., Vernon River.

Miss Mary Ross, Vernon River was in Village Green, recently.

Mr. T. J. Burhoe, City spent the week end in Millview.

Mrs. Clarence Wood, Vernon River was a recent visitor to Village Green.

Mr. Harold Robertson, Mt. Albion, has entered the P. E. Island Hospital and his many friends hope to see him out again very soon.

Mr. and Mrs. Parker Wood, Cross Roads, spent the week end the guest of Mr. and Mrs. Henry Wood, Vernon River.

Mr. Milton Furness, Vernon, was a recent visitor to Millview.

Master Edison Drake, Millview, who has been ill, is reported as being improved.

Mrs. Francis Drake, and family is spending a few days, the guest of her parents Mr. and Mrs. sleeping Murray Harbour.

Mr. and Mrs. Green and Orville were recent guests of Mr. and Mrs. C. Bruce.

Mr. Gaston Sheldow, Millview, who had the misfortune of cutting his foot in the woods, is able to be about again.

Misses Margaret Smith, Myrtle MacEachern and Edna Taylor were recent visitors to Pownal.

Mr. Llewyn has been spending a few days the guest of Mr. and Mrs. R. B. Muttlow.

Mr. Milton Smith, Milburn was a recent visitor to Lyndale.

Mr. Malcolm Martin, Montague was a recent visitor to Vernon River.

Mr. and Mrs. W. L. Jenkins, Miss Olive Smith and Mr. Lester Jenkins were recent guests of Mr. and Mrs. Geo. L. Jenkins.

Mr. and Mrs. George H. Jenkins were recent guests of Mr. and Mrs. C. Wood, Vernon River.

The Vernon Trotting Club held a dance the Millview L. O. L. Hall on Monday evening. There was a large attendance.

The weekly dance and whist was held in the Millview Hall on Friday evening. Ladies, first, Mrs. Geo. MacEachern, Consolation, Miss Margaret Huntley, Gentlemen's first Mr. Wilfred McInnis, Consolation, Mr. George VanDerstine.

Mr. and Mrs. Leo McKenna, Cornwall spent the week end the guest of Mr. and Mrs. E. V. Grant, Millview.

Miss Myrtle MacEachern spent a few days in Cornwall the guest of Mr. and Mrs. McKenna and Mr. and Mrs. Albert Warren.

On Thursday, Feb'y 5th. Mr. Frank McDonald, Glenoe, passed peacefully away. The deceased had been ill for about eight months. Hopes were entertained for his recovery, but later, as the days went by, complications set in. Under the continued strain of such intense suffering, little by little his supply of reserve strength gave way until on the above mentioned date his gentle spirit winged its Heavenlyward flight. He was a first class carpenter. He was popular with all who had the pleasure of knowing him. The fact of his popularity was made evident by the large number which assembled for his funeral. Just why one so young should be taken we cannot understand. All during his illness he was never heard to murmur a word of complaint and fortified by the last rites of the Catholic Church, he put his trust in God and patiently waited for the day when he would soon be

A bird in the hand is bad table etiquette.

The only way some people know is the other way.

Miller's Worm Powders act mildly and without injury to the child and there can be no doubt of their deadly effect upon worms. They have been in successful use for a long time and are recognized as a leading preparation for the purpose. They have proved their power in numberless cases and have given relief to thousands of children, who but for the good offices of this superior compound, would have continued weak and enfeebled.

FEED THE BIRDS CONTEST

The Guardian offers prizes of \$2.50, \$2.00 and \$1.00 to each of the three Counties to children Feeding, Counting, and Writing the Best Story about the Birds visiting their farms.

This contest closes March 31.

For further particulars read regularly "Agricola's" Notes in The Guardian.
