MAKE MONEY EARN ITS WAY

No attention is paid by many people to the investment of small sums of money. It is allowed to remain idle. To get the most out of life, people must work—So with money. It should be made to more than earn its own way.

To some this may not have occurred to be worth while. To others, it is not known that excellent bonds, affording absolutely safe and profitable investment, are issued in denominations of $100 and $500. Any number can be purchased from us, yielding splendid interest return. Full particulars upon request.

We give the same price and attention to large and small orders.

We are glad to receive inquiries about investments. Write today.

OBITUARY.

There departed this life at Hampton on the 21st day of October, 1911, Ann Ferguson at the advanced age of ninety-four years. She was a remarkably, loving, kind, and gentle disposition and many can testify of her true Christian virtues. She was brought to a knowledge of salvation in her early years, being a subject of the first revival under the ministry of the late Reverend Donald MacDonald and continued during her whole life to be a faithful, zealous, and consistent member of the church of Scotland. She sat at the first communion dispensed in the Kirk at DeSable and was led to the table by Archibald MacDougall, the first member of the Session and grandfather of the present pastor. The funeral took place on Monday, the 23 rd, to the beautiful cemetery at Argyle and, notwithstanding the inclemency of the weather, there was a large procession. The service was conducted by Rev. Jas. MacDougall. She leaves to mourn besides a large circle of friends and other relatives, three sisters Mrs. Isabella MacKinnon of Churchill, Mrs. Mary MacKay of DeSable and Christy of Hampton.

MASKED MEN HELD UP PASSENGER TRAIN

MEMPHIS, Tenn., November 1—Six masked men held up west bound Rock Island passenger train No. 43, known as the Arkansas-Oklahoma express, mid-way between Memphis and Hurlburt, Ark., early this morning ransacked mail pouches and fired seven nitro-glycerine caps into the local safe of the express car, which not only tore away the safe doors, but wrecked the car. In the midst of their pillage they were frightened away, when a switch engine searching for the overdue train, approached from Hurlburt.

The robbers boarded the train when it slowed down near Hurlburt, eleven miles from Memphis, intimidated the engineer by a display of weapons, forced the engineer to back the train several miles. Then the express and mail cars were cut from the coaches and hauled ahead a short distance, where the half completed robbery was executed.

In the meantime other members of the train crew assembled, and express clerks, brought to submission by the robbers. Then the detached cars were brought to a standstill, each of the men set about a certain task. One began gathering mail and another set the charge of explosive in the safe, while others stood guard over the train.
