..*LODGES MEET.—King's County District Lodge of the International Order of Good Templars met in Quarterly Session at Abiton on Feb. 15 in connection with the Morning Light Lodge No. 113, owing doubtless to the cold weather and bad roads the Business Session in the afternoon wasn't as well attended as it usually is. Five Lodges in the county were represented at the meeting and reports from those Lodges indicated that they were in a flourishing condition. Good Templars residing in the District will be gratified to learn that about 40 members of the Lodges were in active service for their King and Country and it reports had been available from the other Lodges in the County this number would have been greatly increased. The meeting throughout was very optimistic and the interest shown by the members was an indication of the steadily growing interest in the Temperance Movement throughout the county. At the Public Session in the evening a splendid program was rendered as follows:—Opening Chorus by Choir. Recitation by Dimple Kerwin. Quartette, Solo by Ben Graham, encores. Recitation by Mary J. Gould. Lecture by Rev. Mr. Sutherland of Murray Harbor North. Closing Chorus by Choir. God Save the King. Too much praise cannot be given of the splendid lecture in Temperance by Rev. Mr. Sutherland, the audience (quite a large one) listened very attentively and with applause. After the building rang with applause. After the lecture a hearty vote of thanks was tendered Mr. Sutherland which he very suitably responded to. A vote of thanks was also tendered to Morning Light Lodge by the visiting Delegates for the kind hospitality of the members and splendid entertainment. The dances given by Messrs Gordon Ross

 WHY WE DO THIS—Never in the history of Ch'Town has such a distinctive, dignified and high-grade publicity contest been offered, especially emanating from one of the world's largest and honored manufacturers of high-grade pianos. The fact that this far-reaching publicity contest is launched by this great concern stamps it immediately as one of the squarest propositions ever offered the public, and its magnitude precludes any possibility of legitimate criticism. It is a well-known fact that high-grade advertising is the essence of up-to-date business methods in any line of commercialism.
