City Hospital BAZAAR Opens Tonight

The Community Concert artists, the vocal artists at the Charlottetown Hospital bazaar which opens tonight are getting better each year. The singer for this year's bazaar is Harvey Doney hailed as Canada's most pleasing baritone. Officially Doctor Doney, for he is entitled to that title, is the one of Toronto's leading young medical practitioners and for this reason limits himself of late years to radio exclusively with only occasional concert work. Doctor Doney has never visited the Maritimes and it is only the lure of our restful island atmosphere that prompted him to take respite from his regular duties to come to Charlottetown. He is one of Canada's leading vocalists and the management of the Charlottetown Hospital bazaar are indeed fortunate to secure him as the feature attraction. Hear Harvey Doney, Canada's most pleasing baritone, at the Charlottetown Hospital bazaar tonight. He sings twice this evening at the official opening which begins at 7.30 p. m. Central Church, Rev. J. A. Nicholson, Minister. L-1131.

LOBSTER PACK UP REPORT—The lobster pack for Prince County at present was considerably ahead of what it was this time last year. Mr. J. J. Larabee, fishery supervisor, said on his return here from a visit to that part of the province. The pack on the whole throughout the province was a little better than last year. The weather was not so stormy but it had affected the fishing in a number of sections. If the weather continued fine until the end of the month, the pack of the pack was expected to be larger than it was last year. The low price, however, was a disappointing feature of the situation.

Church Assembly Defers Action On Financial Scheme

TORONTO, June 3.—(CP)—A plan to remove accumulated church deficit by listing subscribers to a special fund as a roll of honor in the church archives was postponed before the annual Assembly of the Presbyterian Church in Canada here today. Action on the plan was deferred.

The scheme contemplates appointment of a key man in charge of subscription sheets in each congregation. The sheets would record the history of the accumulated deficit, how it was accumulated and how liquidated. No allocation would be set for congregations or presbyteries, the aim being "something for everybody and the best possible result."

After the plan was presented by Rev. William Barclay, Hamilton, Ont., chairman of the Budget and Stewardship Committee, Dr. Hugh Monroe, New Glasgow, N. S., retiring moderator, urged the most careful consideration before it was adopted. He suggested the church prove it can live within its income for the next year.

This would answer those who say the church was accumulating another deficit if the present one was liquidated. He warned also that key men in some congregations might come into conflict with the board of management, since many congregations already were faced with serious financial burdens.

In Memoriam

MRS. ALDRON E. WOOD

The death of Mrs. Aldron E. Wood, 62, of Rockville Centre, Long Island, New York, on April 16, 1938, came as a great shock to members of her family and a wide circle of friends. Her death followed a serious operation in a New York hospital. Although she had been unwell for several months it was not thought her condition was serious until about a week before her death.

Mrs. Wood was formerly Katherine MacLean, a native of Greek River, Prince Edward Island and was the daughter of the late Mr. and Mrs. John MacLean. As a young woman she spent several years in Boston, Mass., returning later to this Province to care for an aged father and mother. After their death she again took up residence in the United States and following her marriage lived in New York. Mr. and Mrs. Wood had intended returning to this Province in a few years to take up residence at Murray River.

Possessed of a kindly, generous and cheerful nature Mrs. Wood endeared herself to members of her immediate family and to a wide circle of friends who learn of her death with deep sorrow. The gap her death makes in members of her generation is one which will not be filled.

She is survived by her husband, Aldron E. Wood, a native of Millville, this Province, and four step-children all in New York. In addition three sisters and two brothers survive, Annie, Mrs. R. O. Jenkins, Arlington Heights, Mass.; Torquil MacLean, Petou Island, N. S.; Hector MacLean, Murray River; Christina, Mrs. Allan MacLean, Murray River; and Jessie, Mrs. James A. Beck, Alliston.

Mrs. Wood was buried in Greenfield Cemetery, Hampstead, Long Island. Funeral services were held in the Petik Chapel and were conducted by the Rev. Karl F. Moore of St. Mark's Methodist Episcopal Church.

City Hospital BAZAAR Opens Tonight

The Community Concert artists, the vocal artists at the Charlottetown Hospital bazaar which opens tonight are getting better each year. The singer for this year's bazaar is Harvey Doney hailed as Canada's most pleasing baritone. Officially Doctor Doney, for he is entitled to that title, is the one of Toronto's leading young medical practitioners and for this reason limits himself of late years to radio exclusively with only occasional concert work. Doctor Doney has never visited the Maritimes and it is only the lure of our restful island atmosphere that prompted him to take respite from his regular duties to come to Charlottetown. He is one of Canada's leading vocalists and the management of the Charlottetown Hospital bazaar are indeed fortunate to secure him as the feature attraction. Hear Harvey Doney, Canada's most pleasing baritone, at the Charlottetown Hospital bazaar tonight. He sings twice this evening at the official opening which begins at 7.30 p. m. Central Church, Rev. J. A. Nicholson, Minister. L-1131.

LOBSTER PACK UP REPORT—The lobster pack for Prince County at present was considerably ahead of what it was this time last year. Mr. J. J. Larabee, fishery supervisor, said on his return here from a visit to that part of the province. The pack on the whole throughout the province was a little better than last year. The weather was not so stormy but it had affected the fishing in a number of sections. If the weather continued fine until the end of the month, the pack of the pack was expected to be larger than it was last year.
