More Miles From These Bicycle Tires

All Goodyear tires are made to give utmost mileage. Goodyear Automobile Tires have won their leadership through this super-service. Goodyear Motorcycle tires are on three of every four of this year's new machines, and hold every world's record for speed and durability.

Which all means that in Goodyear Bicycle Tires you are assured the same high value that has won premier ship in these other Goodyear fields. Goodyear Bicycle Tires have the famous All-Weather tread—smaller reproductions of those on Goodyear automobile tires. They grip wet roads, while giving a smooth riding quality.

GOOD YEAR TORONTO Bicycle Tires

And these tires are beautiful as well as durable. They show the bicycle to greatest advantage. Their pure, white rubber glistens on wet pavements. They compel admiration everywhere. They are made at the Goodyear Bowmanville, Ontario, factory and cost no more than tires that do not have their qualities of leadership.

THURSDAY.

The many friends of Mr. Daniel Doull will be pained to learn of his death, which occurred at his home near Elgin, N.B., on Sept. 13th, after a prolonged illness of more than a year. Mr. Doull was a man of sterling character and is well known throughout this province. For a number of years he was employed with the late Mr. Purdy, Charlottetown, and afterwards moved to Vernon River. From there he moved to Elgin, N.B., where he engaged in that most noble occupation, farming. Mr. Doull was 65 years of age, and leaves, besides a sorrowing wife, five sons and two daughters, all of whom were with him at the end, and to whom the sympathy of all goes out in their irreparable loss.

There passed away on Sept. 9th, at South Milton on the advanced age of 81. Mr. John T. Rodd, one of the most highly esteemed farmers, a man of most lovable character and who was respected by all. Only a week before he was taken ill, he was at the funeral of the late Archdeacon Reagh. On the Saturday following he was busy in the harvest field all day until a late hour and it is supposed he took a chill after being heated. Pneumonia set in and it was soon seen that he was to leave this earthly home. On Saturday he took his last breath, and on Wednesday evening he passed away. He leaves behind a widow and seven children, Mr. Ambrose Rodd who lives on the homestead, Mr. John Rodd who lives in the west, Mrs. McNutt, of Malpeque, Mrs. Joseph Coles, Mrs. Henry Coles, Mrs. Herbert Coles and Mrs. Lemuel Coles. His remains were interred at Sherwood Cemetery. The service at the home and grave was conducted by the Rev. T. Trivet, Rector of Milton, assisted by Rev. D. McLean. The high regard of the community was seen when over seventy teams followed his remains to the cemetery. The Orangemen of Milton, and Brethren from other Lodges seemed to take their last farewell of a dear brother and assistant Orangeman.

On Tuesday evening, September 15th, the community was shocked at the sad news by telegraph of the death that morning of Mother St. George de Vienne, Congregation Notre Dame, Montreal, formerly Miss Sicily LeClair, of Rusticoville. The deceased who was a daughter of Mr. George LeClair, was born at Rusticoville on the thirteenth day of March in the year eighteen hundred and eighty-five and was one of a family of two sons and two daughters, a winning manner and kind disposition won the affection of all who came in contact with her both at home and in Charlottetown and Summerside in which places she spent a considerable part of her life. The news will then be a shock to those of her friends who have not before heard of her untimely demise. The deceased, only a short time ago decided to enter the religious life, and accordingly last spring she took leave of her relatives and friends and departed for Montreal where she entered a convent and took up the work of teaching. All went well until a few days before her death when she took a violent headache; this developed into brain fever of which she died at the Mother House, Montreal, at the aforesaid time. Her burial took place at Montreal on Thursday morning, September 17th. She leaves to mourn their loss a sorrowing father, her mother pre-deceased her two years, two brothers, Mr. Alexis LeClair of Toronto and Dolph at home—and one sister, Mrs. Lemuel Gallant Rusticoville. To these and to the large number of sorrowing friends and relatives The Guardian wishes to extend its heartfelt sympathy. P. I. P.—Z.

YESTERDAY'S RACING

A packed grand stand with delighted spectators witnessed the racing yesterday afternoon at the Charlottetown Driving Park. There were three races on the card, the 2.19 pace, the 2.40 pace and the 2.24 trot. All were well filled with horses comprising many of the best in the Lower Provinces, teamed by the ablest trainers they could produce. The result

To Cure Catarrhal Deafness and Head Noise.

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home by an internal medicine that in many instances has effected a complete cure after all else has failed. Sufferers who could scarcely hear a watch tick have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises or catarrh, or catarrhal deafness, cut out this formula and hand to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmint (Double Strength), about 75c. worth. Take this home, add to it 1 pint of hot water and 4 oz. of moist or granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises catarrhal deafness, or catarrh in any form should give this prescription a trial. There is nothing better.

IMPORTANT—In ordering Parmint, always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c. to the International Laboratories, 74 St. Antoine Street, Montreal, P. Q., who make a specialty of it.

was each race was particularly interesting and exciting at various times. The uncertainty of horseracing was fully demonstrated in the 2.24 trot, when after Orwell Belle had won the two first heats easily, Mayor Todd came on and won the race in the 2.19. Hilda S. driven by Peter Conroy, who has had such excellent success in Halifax recently, hung up a new track record in the first heat when she negotiated the oval in 2:16 1/2; the former record was 2:17 and was held by Ada Mac, the Summerside mare, piloted at the time by Dan Steele. The first heat in such very fast time seemed to cook them all, except Miss Alcyone who had made a slight break shortly after the start and went an easy mile. She came in and won the next three heats, being pushed by Prince Wilkes in the second and Hilda S. in the third and fourth. There was very nearly being an accident in the second heat when the sulky of Hilda S. and Prince Wilkes collided and Hilda was thrown off her stride and slightly injured. Dan Paine, a Sydney horse which went such a good race in Halifax was not quite up to form. Prince Wilkes which won third money was the winner of the 2.19 class at Halifax last week. During the intermission a three year old colt Petrelle by Prodigal, 2:16 out of the Hunters 2:23 1/2, one of the biggest money winning trotters on the ground circuit this year stepped a half mile in 1:14, very easily. The colt is owned jointly by Mr. D. A. McKinnon and Mrs. J. P. Irving. He gives promise of being a record breaker. Mr. Charles Crossman drove him during his trial.

The 2.40 pace went from heats, the first heat being won by Moth Miller in 2:20 1/2. He was the contending horse throughout the race. The race was won by Reelight, owned by L. A. Simpson of Amherst. Reelight was bred and raised by Duncan Robertson, North River. Princess Etta went a good race considering the fact that she had been injured only a short time ago. The 2.24 class trot was a very fine exhibition of trotting action and gameness. The race constituted a new record from the fact that the first five heats are the fastest ever trotted or paced in the Charlottetown track in fact over any island track, the two contending horses, Mayor Todd, owned by Hamond Kelly, Southport, and Orwell Belle, owned by the McKinnon Drug Co., each carrying new records, the former being 2:18 1/2 and the latter 2:19. It was a grand thing for the sport and for horse races and elections who said two most uncertain things on earth. He was right. Any one would have been thought buggy who would have suggested Orwell Belle would have been beaten after the first two heats. She looked such an easy winner. But Mayor Todd who had been taking it comfortably along in the third and with his wonderful burst of speed and beat the black mare to the wire. The fourth and fifth were also won by Todd, King Brazilian making him step very fast to reach the wire first. The races were handled very capably, and the conduct of the meeting has made many friends for the sport and for the services of such an excellent official as Starter Frank J. Power can be secured. The Judge Dr. J. A. Johnson and Mr. Joseph Crabbe are exceptionally well up in the rules and are quick to notice any breach of them. Today the finals will be run off. The three races in the programme are Free-for-all, which will bring together Hilda S., 2:16 1/2, Vesta Boy 2:05 1/4, Walter J., 2:08 1/2, Sharney Boy 2:10 1/2. The 2.22 Trot and Pace will bring together the famous Dr. Sharper 2:18 1/2, Charley Ripe, 2:21, Oakley 2:18 1/2 and Gladia 2:19 1/4. The 2.30 Pace will have among other starters, Miss Alcyone 2:18 1/4, Bob Mac 2:20 1/2, Reelight 2:20, Princess Etta, and several others.

The races will start promptly at 1:30 p. m. Note: Helen R. 2:18 1/4 has been withdrawn from all the classes she was entered in at this meeting. It is the intention of her owners, the McKinnon Drug Co., to enter her in the Herb Stakes throughout the Canadian Ice Circuit which starts on Christmas Day at Toronto. Helen is still eligible for the 2.40 class and is said to be even faster on ice than she is on clay.

SUMMARY.

2.19 Class Pace, Miss Alcyone 2:18 1/4, McKinnon Drug Co. (McKinnon) 4. 1. 1. 1. Hilda S., Alfred Stewart 2:17 1/2, Southport, (Conroy) 1. 3. 2. 2. Prince Wilkes, 2:16, Peter Carroll (Carroll) 2. 2. 2. 4. 3. Dan Paine, 2:19 1/4, P. Doherty, (Warren) 3. 3. 4. 3. 4. Time 2:16 1/2, 2:20, 2:23, 2:20 1/4.

2.24 CLASS TROT.

Mayor Todd, 2:22 1/2, Hammond Kelly, (Kelly) 2. 2. 1. 1. Orwell Belle, 2:23 1/4, McKinnon Drug Co. (McKinnon) 1. 1. 3. 3. 3. King Brazilian, 2:24 1/2, Fred Welsh, (Welsh) 3. 4. 2. 2. 2. George Croesus, 2:23 1/4, Dan Steel (Steel) 4. 3. 4. 4. 4. Also started, Wynnie M. Lloyd Achille, and King Dodds. Time, 2:19 1/4, 2:19, 2:18 1/4, 2:22, 2:19 1/2.

2.40 CLASS PACE.

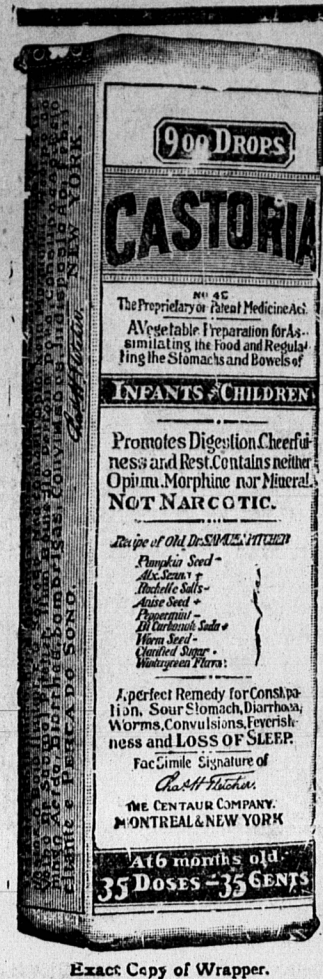

Reelight 2:20, L. A. Sampson, (Simpson) Moth Miller, Hammond Kelly, (Kelly) 2. 2. 2. 2. Don Ambulator, T. B. Dobson, (Dobson) 3. 4. 3. 3. Princess Etta, T. C. Edgett, (Edgett) 4. 3. 5. 4. Helen A., G. McMillon, (Hooper) 5. 5. 4. Time, 2:20 1/2, 2:20 1/2, 2:20 1/2, 2:25 1/2.

FRIDAY.

The horse races ended in a blaze of glory. The grandstand was taxed to its utmost seating capacity and the enclosures were over-run with spectators, who came from the most distant parts of the province and from abroad to witness what was expected to be very exciting racing and they were not disappointed. The weather continued to be propitious and the track was in excellent condition owing to the tireless efforts of Mr. Alexander Gillis as caretaker and the superintendent of the speed department, Mr. P. S. Brown. Great credit is due these gentlemen for such a fine and thoroughly satisfactory track.

The contests yesterday were highly interesting, the spectators being thrilled with some of the finishes, and the applause was at times deafening. The free-for-all event brought together four of the best horses in that class in the Maritime Provinces; there were other entries but they were unavoidably absent. Hilda S., as her admirers expected, captured the race in straight heats. She was in excellent shape. The race of the previous day just sharpened her up sufficiently to put her into condition to do her very best yesterday, when on two occasions she broke the track record, a performance she had accomplished in the first heat of the 2.19 class on Wednesday. This shows what an excellent race mare she is. She is nine years old and for seven years she has been competing against foreign horses on Maritime tracks. Her equal has never been seen here for endurance and gameness. Great credit is due and must be given to Mr. Peter Conroy who during the last two or three years has trained the mare and made such an excellent campaign with her, the race in which she competed yesterday was without any particularly exciting feature, as Hilda won each heat quite handsily, being pushed in the first one by Vesta Boy, the old war horse of the Grand Circuit, and in the second by Walter J. The latter horse is now owned in Sydney, N. S. His record is 2:8 1/2 and two years ago he swept the Grand Western Circuit from end to end, winning eleven out of thirteen starts. Vesta Boy put up a good race but none of them had speed enough to challenge the black mare from Southport.

The 2.22 class trot and pace was won by the celebrated Dr. Sharper. The doctor was on his good behaviour and the race was simply a jog for him as he could have stepped any of the miles in sixteen or better. Like Hilda S., he is a wonder at race horses, seemingly tireless. Under the handling of his present owners and his

keeper, John Conroy, he has improved good enough to head for the big stakes there. Next year if all goes well, he may be entered in some of the big stakes. His owners believe that Dr. Sharper, with a little more education, will make 2:07 or better over for 35 years says the Doctor is quite (Continued on 19)

What's in this? **WRIGLEY'S SPEARMINT** ?

You've a right to know—we'd like to show you, in our factories—the most up-to-date, sanitary chewing gum factories in the world!

WRIGLEY'S SPEARMINT is made from the air-dried, milky sap of the Sapodilla Tree, which grows in Mexico and Central America.

This sap is boiled down into chicle, flavored with the aromatic juice of pure fresh mint leaves, then cut into the delicious, springy bars which you buy.

New machines, costing, several hundred thousand dollars wrap **WRIGLEY'S SPEARMINT** in an inner waxed seal, then the inside pink wrapper, then the **NEW OUTER WAXED SEAL** that is air-tight, damp-proof, dust-proof. The same machines encircle this waxed-wrapped packet of five big sticks in the familiar band you know so well. *It's as good and as clean as men, machines and money can make it.*

The **BIGGEST** 5 cents' worth of beneficial enjoyment you can buy

Chew it after every meal
