BIG PACING DERBY AT KALAMAZOO ATTRACTS 43

Tommy Murphy Has Entered Four And Walter Cox Nominates The Great Chance-2:08 Pacer Well Provided For

NEW YORK, March 6—Very few of the 2,08 class pacers on which the owners could afford to bet \$500 in the way of the entry fee in the Derby to be raced at Kalamazoo this summer are missing in the list of those nominated for the \$25,000 purse. With forty-three eligibles the event has exceeded hopes of the optimists and is causing other associations to boost the money offering for this breed.

Tommy Murphy enters four in the Derby, and Walter Cox nominates the great chance. The 2:08 pacer well provided for for the mile tracks. The year before last was the sensation of the small tracks in the East and was staked by Murphy last year, but went wrong. They say he is sound again, and if so he has a chance. Dixie Direct has a slower record but is by Napoleon Direct that took Geers a mile inside of two minutes.

Cox Nominates Great Chance. Walter R. Cox appears but once in the entry and then in connection with The Great Chance, a daughter of Peter the Great and that durable old race mare, Little Patchen, 2:04 1/2. The Great Chance showed last year that she was up to a mile in 2:04 and at Laurel Hill they think she is apt to be among the big money winners.

Harry Stokes has a couple of likes in relying on the fleet colt Kinney Silk, that last year took a three-year-old record of 2:07 3/4. Fred Edmin is trying a come-back with Jay Brook that took a mark of 2:03 1/4 four seasons ago.

Charley Valentine generally is to be consulted when they are dealing in fast pacers. He names the Brook Volo and Frank Worby, each of them four-year-olds. Brook Volo was looked upon to be in the front flight in the stakes last year owing to his two-year-old trial in 1921, but something happened to him. May, 1922, he took a mark of 2:12 1/4 but raced a lot better.

Some of the fast record pacers in the Kalamazoo event are Gilded Lady II, 2:04 1/2; Prince Direct, 2:06 1/2; Margaret Spangler, 2:06 1/2; Cecil Williams, 2:06 1/4; Wanwan, 2:07 1/4; Ribbon Cane, 2:04 1/4; La Paloma, 2:05 1/4; Chesley H. Searey, 2:05 1/4; Glen P., 2:06 1/4; Valley Day, 2:03 1/2; Princess Marion, 2:05 1/2; and Laura Forbes, 2:05 1/4. These are heat records, breeders' records, or when they are long-race marks they were made long enough ago to allowance to make them eligible to the 2:08 class.

It is amusing to summarize the sires. Among trotters they run fairly true to families, but in this list of forty-three pacers no less than thirty-five stallions are represented. San Francisco and Peter Volo are the only ones with three of their get. Guy Axworthy, Malcolm Forbes, Walter Direct, Trampfast and Peter Volo have two apiece. Those with lone representatives are Col. Forrest, Bingen Silk, Hal Chaffin, Peter Williams, Argot Hal, Autocrat, Braden Direct, Hedgewood Boy, Lady J., Mainleaf, Roy Patchen, Todd Mac, Peterhof, Silver Axworthy, Hollyrood Bob, Warren Dillon, Farmer Spears, Peter, the Great, Dajo, Prince Direct II, U. Forbes, Peter Scott, Napoleon Direct, Alex. McGregor, Worby McKinney, The Abbe, Silent Brook and Belwin.

2:08 Pacers Well Provided For. Columbus, where the second Grand Circuit meeting is to be held, provides a \$3,000 purse for the 2:08 class pacers, which have a \$5,000 purse at North Randall, Toledo probably will take care of them so that there will be a pretty fair line on these birds when they hit the Kalamazoo track. Thence they ship to Windsor, where a \$3,000 purse awaits them, and it is likely they will be favored right down the big line. If a horse develops like Single G. it will have a chance to earn more money than the best stake trotter of the year.

Spring sales come with the month of March, the first of them being underlined at Lexington, March 15 to 18, with the Chicago speed sale during the following week. Trainers will grab not a few from these ventures and peddle a lot of others they do not want.

Boxing Bouts to Follow Prayer Meetings

DENVER, Colo., Mar. 5—Despite a hundred or more protests from a score of cities from New York to San Francisco, Rev. B. B. Kessler, pastor of Merritt Memorial Methodist Church here, declared he will continue boxing bouts after semi-monthly prayer meetings the next of such a program being set for tonight. "I am not in favor of prize fighting," says Rev. Kessler, "but I am very much in favor of clean athletics and amateur sport. I have told my boys that those who can use boxing gloves will not use knives or guns."

THE PLAY-OFF GAME TONIGHT

The much talked of and long looked for Abegweit-Sussex game in this city, which will decide the New Brunswick-Prince Edward Island hockey championship will be played to-night at the arena. The great interest manifested and the importance attached to this fixture have the fans worked to fever heat, and even if the ice surface leaves much to be desired, a record crowd of fans are expected to grace the balconies and promenades notwithstanding.

The first game in the play-off although only a few days ago, is history now, but is nevertheless fresh in the minds of the fans and hockeyists alike. That heart-breaking second period for the Abbies, that kaleidoscopic whirl of offensive hockey generated by Bill Hay, his front line, four men at times boring in on the Abbie net, eating up rebounds and scoring five goals in the early moments of the period. This is the caliber of the team which will face the Abegweits to-night—this is the aggregation, the equal of the Abegweits in team play and efficiency, which will face-off on the long end of a 5 to nil score; a task and a barrier the wearers of the red and black will be forced to complete and overcome in order to retain the N. B. P. E. I. title and the right to play for maritime honors.

Everything will be against the Abbies tonight—soft ice, a cunning and tricky foe who knows the game, and last but not least—that 6 goal lead.

The question now arises, will the Abegweits pull through in the face of these glaring facts mentioned above? Will they upset the "dope" on the "soft ice hue and cry" heard throughout the city? Anyway we all know that the boys will drop the boards and fight with the determination and courage which has marked their progress and added materially these last few years in gaining the honor and prestige which is theirs.

Considering everything, if the Abegweits are successful in winning out to-night, the victory will go down in Maritime hockey history as one of the greatest ever earned—Who knows but a classic is in the making!

BASKETBALL No Conclusion Re Limit on Armaments

LONDON, March 6—The government has not yet found time to reach a final conclusion regarding any scheme to reduce or limit armaments, for presentation at the September session of the League of Nations assembly, through the British representatives. J. R. Clynes announced in the Commons today. The government attaches great importance to this question," added the Deputy leader of the House, "which requires assembly, particularly in the root crops, including beets, carrots, and radishes."

Roll the potato out, dredging with flour. Cut this round, about the size of a small saucer. On one half put the chopped meat; fold the other half over and fry a light brown.

THE EFFECT OF ARTIFICIAL LIGHT OF PLANT GROWTH

The value of electric light for accelerating the growth of plants was conclusively proved in a six-week test recently completed by the Westinghouse Lamp Company. During the tests, which were conducted in co-operation with Peter Henderson and Company seedsmen, at the Henderson proving grounds at Baldwin, L. I., many of the specimens exposed to electric light grew to approximately twice the size of similar plants receiving daylight only and were considered by experts to be from fourteen to twenty-seven days in advance of normal growth. Similar results were also obtained in preliminary tests conducted by the Westinghouse Lamp Company at Columbia University under the direction of Professor Hugh Findlay of the Department of Agriculture of the University. Two Westinghouse 110 volt farm lighting plants were used to supply the power for the Baldwin experiments, showing that the use of artificial light for growing plant growth is not restricted to localities where central station power is available.

This means that Dartmouth and the Wanderers are tied for first place with the schedule completed, making a play-off necessary. A meeting has been called for the executive of the league for this morning at ten o'clock to decide the date and place of the game or games.

CANADIAN HOCKEYISTS DAILY WITH BROOM AND IRON AT CALEDONIA

The members of the Canadiens Hockey Club entered a new field yesterday. It was on the natural hard surface that they were used to, but they did not play hockey, but instead indulged in curling a game which after their first attempt they voted "the goods."

The boys under the wing of Leo Dandurand, were invited by the Caledonia Curling Club to try their hand at shifting the "stones." Some of them took to it like ducks take the water and all of them thoroughly enjoyed themselves. They spilled up into two rinks and finished on even terms, the rinks skipped by "Odie" Cleghorn and "Billy" Boucher scoring 7 each.

Following is the line-up of the two rinks: Canadiens No. 1. Aurel Jollat "Howie" Morenz "Bob" Boucher "Odie" Cleghorn (Skip)—7

FOUR HOLDOUT ON YANKEES

Aaron Ward, Herb Pennock, Bob Shawkey and Bob Meusel Want More Money This Year.

NEW YORK, March 6—Sam Jones, veteran Yankee pitcher, turned in his signed contract to the New York club today, thereby reducing the number of holdouts to four. Aaron Ward, Herb Pennock, Bob Shawkey and Bob Meusel are still said to be holding out for salary increases. Pennock, it is understood, demanded a \$4,000 increase over what was offered him. While with the Boston Red Sox, Pennock drew an annual salary check of \$5,000 and the Yankees assumed this contract when they bought his release from Boston last winter. His new contract, according to a reliable source, calls for \$8,000, but due to his great record of last year, Pennock believes he is entitled to \$12,000. Pennock won 19 and lost 6 games last year, allowing but 3.34 earned runs against him, the best record of any member of the Yankee staff.
