SHRUBB WILL BE SLIGHT FAVORITE

NEW YORK, Jan. 2?—A meeting was held yesterday between representatives of Tom Longboat, the Indian, and Alfred Shrubb, the famous English professional, who will meet in a Marathon race in the Garden next Tuesday night, for the purpose of selecting officials. Tim Hurst, who has just returned from St. Louis, where he managed the Dorando-Smallwood race, was agreed upon as a referee. Shrubb was not ready to name his judge and scorer, but he named Dr. Dixon of Montclair as his physician and Tom Burke of Boston as his timekeeper. Arthur Duffy, the former champion sprinter, will act as Shrubb's chief adviser during the running of the race. Longboat named his present trainer, Jimmy De Forest, as one of his handlers in the track, with W. J. Little of Montreal as judge, James J. Fitzgerald of Toronto as scorer, J. J. McCaffery, president of the Toronto Baseball Club, as timekeeper and Dr. Wilson of Toronto as his medical adviser. Tom Flanagan and Lou Marsh will be his attendants. The official timekeepers of the race will be members of the New York Timers' Club. The track, ten laps to the mile, will be built by Sparrow Robertson and will be surveyed by Fred W. Rubien, a civil engineer.

The prospects of both Longboat and Shrubb are widely discussed at the various sporting resorts just now. It is evident that there will be some lively betting on the result and that Shrubb will be a slight favorite just before the race. Those who believe Shrubb will win say that he will run away from the Indian in the first ten miles and will then be able to hold his advantage during the balance of the race. Longboat's adherents insist that Shrubb cannot stick the full Marathon distance and that even though he may gain a lap or two in the early stages of the struggle Longboat's endurance will gradually wear the Englishan down.

Vapo-Cresolene

Established 1879

Whooping Cough, Croup, Bronchitis Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

Sold by druggists.

Mother Gave Her Child Away.

Had Given up all Hope of Living. Heart Trouble was Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Savoy, Grattan's, N.B., writes:—"In the year 1905 I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-in-law.

"One day a friend came to see me, and calling me by name, said, 'Lizzie, if I were you I would try a dose of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better, but on the fourth day my husband said, 'I believe those pills are doing you good.' I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the third one, and I was perfectly well and have not been sick since then.

"I will never be without them in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now."

Price 50 cents per box, 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ESKIMO TO SEEK POLE SOLE SURVIVOR OF PEARY

NEW YORK, Jan. 24.—Mene Keehoo, the sole survivor of the first Eskimos brought here by Commander Peary in 1895 from the most nothern point of Greenland that he had then reached, and who had since more vicissitudes than the ordinary boy meets with, will head a polar expedition of his own in a few years, if the plans arranged today are carried out. On account of his own ideas of how to reach the great unexplored regions of the north of us and his knowledge of his own race and native country, he may achieve greater success than any other explorer.

Mene Wallace, as he calls himself since he adopted the name of his guardian, William Wallace, who was director of the American Museum of Natural History when Mene, his father, mother and three friends were exhibited there shortly after they were brought here, had a long talk today with the Rev. Bro. Peter, president of Manhattan College, which is conducted by the Order of Christian Brothers. Mene told Bro. Peter his plans and ambitions, and the head of the college was so much impressed that he promised him free tuition through the preparatory school and college, ending with a special course in civil engineering and astronomy.

Mene a few days ago went to see Harry V. Radford, the naturalist and explorer, who is starting shortly on a northern trip of his own, and asked if he couldn't be taken along. Mr. Radford told him that his trip would take him far from Greenland, Mene's native land, and would land him in Arctic Canada and Siberia, but the talk that he had with Mene caused him to take a keen interest in the Eskimo boy.

Mr. Radford asked Mene if he didn't think it would be wiser for him to learn the use of surveying instruments and the compass and to be thoroughly equipped in the sciences before he started, in order that his expedition might realize all its possibilities. Mr. Radford said that he could arrange for the schooling if Mene would take it.

"I will think over what you have told me," the Eskimo boy said, and went away for two days. When he returned he said it was hard to decide between his longing for home and his desire for learning, but he had chosen the schooling. Mr. Radford then introduced Mene to Bro. Peter and the arrangements for mene's education were completed.

Only a Common Cold,

BUT IT BECOMES A SERIOUS MATTER IF NEGLECTED.

Pneumonia, Bronchitis, Asthma, Catarrh or Consumption is the result. Get rid of it at once by taking Dr. Wood's Norway Pine Syrup.

Obstinate coughs yield to its grateful soothing action, and in the racking, persistent cough, often present in Consumptive cases, it gives prompt and sure relief. In Asthma and Bronchitis it is a successful remedy, rendering breathing easy and natural, enabling the sufferer to enjoy refreshing sleep and often affecting a permanent cure.

Mrs. Henry Smallpiece, Brudenell, Ont., writes:—"I was always subject to a cough and could get nothing to relieve me until I saw an advertisement of Dr. Wood's Norway Pine Syrup and thought I would try a bottle, and when I had taken a few doses I found I was getting relief, and when I had finished it I was cured. I procured a bottle for my baby, who had a cough, and a few doses cured him. I would advise any one having a cough, to give Dr. Wood's Norway Pine Syrup a trial and I am sure they will never be without it."

Dr. Wood's Norway Pine Syrup 25 cts. per bottle at all dealers. Put up in yellow wrapper, and three pine trees the trade mark. Refuse substitutes. There is only one Norway Pine Syrup and that one is "Dr. Wood's."
