CARROL DELANEY SUMMERSIDE

Class Banquet Held At S'side Last Evening

The annual banquet of the graduating class of Summerside High School was held at Coyle's new restaurant last night with over 100 in attendance, including the members of the Faculty and School Board and a number of former graduates of the institution.

Roy Grant, president of the Students Council, presided and the following toasts were given during the course of the repast: Toast to the King, proposed by the chairman; toast to the graduating class, proposed by Gordon Lidstone and responded to by Neil McLeod; toast to the school, proposed by Parker Crockett and responded to by the School Board, proposed by David Morrison and responded to by Dr. E.T. Tanton, who congratulated the graduating class on their success and stated that much of the credit was due to the very fine staff of teachers under the supervisor Clarence Mercer. He reminded the class that knowledge comes, but wisdom lingers; that knowledge is proud that it knows so much, but wisdom is humble in knowing so little. He advised the class to follow the example of the greatest teacher of all time, Christ himself. He spoke of the task in getting the present Academy to its present high standard and said that it would not be long before further expansion would be necessary.

President Roy Grant reviewed the work of the Student Council during the year. Everett Barrett proposed a toast to the former graduates and this was responded to by Howard MacFarlane. Billy Morrison's toast to the faculty was responded to by Miss Elaine Morrison. Remarks were made by the supervisor and by Mr. Elmer Pineau, one of the Academy teachers. After the banquet an enjoyable dance was held. — S.

FROM THE GREEK A triangular tract of land which forms at the mouth of rivers is called a delta because it resembles the fourth letter of the Greek alphabet.

In Memoriam

—A BIG FISH—You have often heard it said boys bring home the bacon, but this time Gerald Devar, Central Bedque brought home the fish. While he was fishing in a stream on May 24th he pulled in a trout which tipped the scales at 3 lbs. and 4 oz. It is the largest trout that is ever known to have been caught in that stream.

—Y'S MEN'S MEETING — The last meeting of the Summerside Y's Men's Club for the season was held in the Olympia Restaurant on Tuesday with George T. Clarke in the chair. Timmy McGuigan, a member of No. 2 Club Pack, who had been the winning cub in a bird-house building contest, was a guest at the meeting. A number of summer club activities were discussed and it was decided that all the members would turn out on Monday night to paint the bathing house. A film on jet propulsion was shown by Arthur Rogers. — E.

—A strange looking procession entered Summerside Harbour yesterday morning and lined up alongside the Marine Wharf. It turned out to be the tug Glenlivet 2 towing sixteen pontoons which are part of the equipment of Department of Public Works suction dredge No. 12. The dredge is now operating at Wood Island and this equipment is being taken there from Chatham, N.B. En route one of the pontoons sprung a leak and was in a sinking condition, being held afloat only by the tow rope. As it was slowing down the speed of the tug they came into Summerside for repairs. Each pontoon carried two sections of discharge pipe. When the dredge is in operation pipe is laid from it to the place that the sand is being discharged. The pipe is held in place by steel arms which stand upright on the pontoons which are formed up in line.

"STOP and THINK"

Before purchasing your potato sprayer Mr. Farmer, consider the following facts: A. Is my sprayer manufactured at home where all parts are easily accessible. B. Am I, by purchasing a sprayer, helping out the manufacturer in my home town, and helping to keep up home industry. C. Am I getting the best value for my money, and is factory service a worth-while consideration. We believe if you will consider these facts you will purchase a Hall Sprayer which is manufactured in your home town. "Come in and let's talk it over."
