CHILDREN'S COUGHS.

There's nothing so good for children's coughs and colds, croup, whooping cough or bronchitis as *Dr. Wood's Norway Pine Syrup*.

It's so nice to take that youngsters beg for it, and it cures so quickly that mothers are delighted.

Mrs. R. P. Leonard, Parry Sound, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup for coughs and colds of myself and baby. I find it cures a cold quicker than any other cough mixture and is nice to take."

THE MORNING GUARDIAN

THURSDAY, FEB. 14, 1901.

THH ELECTION YESTERDAY.

The election of yesterday, full returns of which appear elsewhere, shows the election of two new Commissioners, Messrs. Douse and Crabbe, with Mr. McGregor of the former Board. The plebiscite vote shows a majority against city ownership of a lighting plant, and also a majority against abolishing ward elections. It will be seen that the vote for Commissioners was considerably larger than the vote upon the question submitted at the plebiscite. We are left to infer that a considerable number of persons were either in doubt as to the best course, or were indifferent as to the ward and lighting questions.

It was quite natural that such doubt should exist, owing to the lack of available information. We confess to some regret that the ward system is for the present to be retained, and we hope that at some not very distant date the popular majority as recorded upon that question may be transferred to the other side. The present system of ward elections is inequitable, but it suits the ward heelers and the lower grade of civic politicians generally. Yesterday the liquor interest appeared to be pretty generally arrayed in favor of retaining the system as it is. The reason is sufficiently obvious. If the entire electorate were privileged to vote for all the Councillors it is not likely that a liquor seller could be elected to the Council.

In that regard we think it high time that the law was amended to conform to what prevails in other Provinces and throughout Canada. Elsewhere than in Charlottetown, so far as we know, liquor sellers, whether licensed or selling in violation of the law, are ineligible to be elected to city, town, or county councils. The required amendment to our statute is one that might well engage the attention of the organised temperanee bodies, and the temperate electorate generally. We believe that such an amendment would find a general and hearty support throughout the Province.

With respect to the city ownership of a lighting plant there is little doubt that the adverse majority was in part due to an unwillingness to trust the City Council with the large expenditure and important service involved. Had the question been, Are you in favor of City ownership of an electric lighting plant to be constructed and managed by three Commissioners? we believe the result would have been different. The conduct of the majority of the Council in regard to light and lighting contracts was calculated to destroy all public confidence in any service placed directly under their control.

We are glad to be able to count the Examiner among the advocates of the letter carrier system for Charlottetown, which has been frequently and persistently called for in these columns. The Patriot also finds occasion to suggest a tem porary delivery by carriers to relieve the stress at the post office "when the mails come in" after the long blockade. Years ago the boon of a carrier system was offered us, but so long as the masses do not appear to want it we shall not have it forced upon us. The carrier system is greatly valued in other cities of Canada, where it is maintained at Government cost. We help to pay the bills for carrying letters to the homes of the people in Ottawa, Toronto, Montreal, St. John and Halifax.

THE NORTH RIVER BRIDGE.

The meeting in Market Hall on Tuesday evening demonstrated a very strong and united feeling on the part of both town and country in favor of locating the new bridge across the North River at Brighton. The movement is one quite in line with the spirit of the age which is ever on the alert for shorter and quicker communication. It is the same spirit which prompts the cutting of a canal through the isthmus of Suez or of Panama, which constructs railways across the continent and builds ever swifter motors for traffic by land and sea.

We believe that a bridge at Brighton would mean much for the city of Charlottetown, both in the way of convenience and of real value. We sincerely trust that when detailed and accurate estimates are available it may be found that the necessary cost will not be beyond reasonable limits. With the bridge across the Hillsboro, now assured, and a bridge at Brighton, the means of ingress and egress to and from the city will be greatly increased, and intercourse between town and country in two directions, to the south and west, greatly facilitated. We cannot have these things without cost, but if the cost is not too great it should not stand in the way.

The brief interviews with two of our city physicians as reported in another column throws some doubt upon the advisability of establishing a sanitorium for consumptives on the Island. Our air is humid, and there is no point of sufficient elevation to give any material modification in that regard. Our spring season is usually chilly and damp for weeks in succession and unfavorable for the curative treatment of those having pulmonary disease. As to the isolation of patients, the care necessary to prevent the spread of infection and as to the instruction generally necessary to that end, much might be done by the medical practitioners having consumptive patients under their professional attendance.

To-Day's Probabilities.

TORONTO, Feb. 13. — (Special.) — Continued northwest gales.

Chronic Bronchitis

Mr. Wm. Davidson, St. Andrews, Que., states:—"Dr. Chase's Syrup of Linseed and Turpentine has cured me of bronchitis. I have, without success, tried many remedies for the past six years. Last winter when I had a severe attack and was unable to work I procured a bottle of Dr. Chase's Syrup of Linseed and Turpentine, and am happy to state that the third bottle made me a well man."

Mr. W. R. Alger, insurance agent, Halifax, N.S., says:—"I used Dr. Chase's Syrup of Linseed and Turpentine for a severe attack of bronchitis. Permit me to testify to its splendid curative properties. I got better from the time of taking the first dose. Having a family of young children, my doctors' bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially." 25 cents a bottle, all dealers.

Dr. Chase's Syrup of Linseed and Turpentine.

Black and White.

In the dispensing of Prescriptions we use that diligence and care which should be used.

We use the best procurable for these prescriptions. Some druggists by their ads would lead you to believe other druggists were dishonest.—

We believe all druggists here to be honest honorable men.

If you knew the quantities of drugs we used in the run of a year you would have some idea as to the number of prescriptions we dispense.

Bring or send your prescription here we promise to give you as good service as any.

A. W. REDDIN, Phm. B.

OFFICE—Sunnyside. New Prowse Block. First door to the right up stairs.

Satisfactory Work. Reasonable rices.

The Examiner calls for earlier sessions of the Legislature, which would seem desirable on the part of the members of that body. Most of them would no doubt like to get through with their legislative duties before the opening of navigation and before the pressure of spring work and business comes on. At the same time it is not so easy to have the public reports and accounts ready for a session in February as it is at Ottawa. In the Province the financial year closes with the calendar year on 31st December, while the financial year of the Dominion closes six months earlier, on 30th June.

The death of another Conservative Senator in announced in the person of Hon. George C. McKindsey of Milton, Ontario. He was born in that Province of Irish parents in 1820. He had been an unsuccessful candidate but had not been eleeted to either the Legislature or the Commons when he was appointed to the Senate by Sir John Macdonald's Government in 1884. The deceased Senator was not very prominent in the discussions of the Upper House but was a man of sound judgment, genial manners and good presenee.

Useful in Every Home.

To know the virtues of Dr. Chase's Ointment and the innumerable uses to which it can be put in the family is to prize it as a friend of inestimable worth.

For baby, it quickly relieves the rash and itching which torture him while teething, and cures scald head, eczema, hives and all sores, ulcers and chafing.

For children it stops the suffering from burns, scratches, cuts and wounds, and every form of skin irritation and eruption.

For women it cures the pimples, blackheads and skin eruptions which mar the beauty of the skin, gives instant and lasting relief to the itching from which they suffer, and positively cures eczema, salt rheum and piles.

For men Dr. Chase's Ointment is most frequently used for piles, which are caused by exposure to cold and dampness or by bodily derangements.

It is the only guaranteed cure for itching, bleeding and protruding piles. 60 cents a box at all dealers', or Edmanson, Bates & Co., Toronto.

Dr. Chase's Ointment.
