This victory gave the British Empire two of the three titles already decided, and a share in the third. Perry and G. P. Hughes yesterday won the men's doubles. Elizabeth Ryan, the former Californian who has lived in London for several years, and Mme. Rene Mathieu of France captured the mixed doubles Saturday.

Today Christian Boussus, the left-handed player who ranks no. 3 in France, defeated Frank X. Shields of New York in four sets 6-3, 6-2, 2-6, 6-4 in a fourth round match to stand beside Marcel Bernard and Henri Cochet as defenders of the title.

PROPOSES RETURN TO GOLD STANDARD

VIENNA, May 31.—(A.P.)—A proposal that the nations return to the gold standard provoked a burst of enthusiasm today from the Congress of the International Chamber of Commerce holding its seventh session here.
The suggestion in favor of rehabilitation of gold came from Prof. T. E. Gregory, British financial expert, who said all attempts to manage a paper currency have failed.
Individual countries, Prof. Gregory said, are reluctant to return to gold because each fears that others will employ the opportunity to get special advantages for itself.
"we must all take the road together," this speaker said in indicating that concerted and simultaneous action was the best way to overcome this obstructing fear.
Support for the gold system was urged by other speakers. Elliot Wadsworth, of Boston, Mass., asked the Congress to remember that the gold standard consists of "99 per cent confidence and one per cent gold."
