—NEW MANAGER—The Grand River Dairying Company has been fortunate in securing the services of Mr. Martin Brennan, Kinkora, as manager of their plant for the present season. Mr. Brennan and family will occupy the cottage of Mr. Artemas McArthur, Arlington, for the summer. He is at present fitting the piping in the recently completed cheese factory. N

—TWIN CALVES—We understand that the Rev. John A. McDonald, Grand River, was quite elated one morning recently when his farm superintendent Mr. Benjamin Peters informed him that his registered Holstein cow Pride of Bayside, presented him with a pair of twin heifer calves. The calves were named by the Rev. McDonald and Morrison famous Holstein herd sire. N

—BOAT SERVICE—The Grand River ferry boat has been overhauled and refitted and is now in operation. We are glad to report that it is again under the command of Mr. Gabriel Morrison. For some time it was doubtful that Mr. Morrison would be left in his position as there were a few Liberals demanding his scalp. A petition was circulated in the districts adjoining the ferry and signed by almost every household irrespective of political belief, and forwarded to the proper authorities on whom it had the desired effect. Mr. Morrison lives beside the ferry and had given such efficient and courteous service for several years past that the travelling public was loathe to lose his services. N

—PERSONALS
 —Mr. James Trainor, Southport, was a recent visitor to Grand River where his brother Mr. John Trainor is seriously ill with pneumonia. N

The Monumental Ass

As Ass walked up
 One fine summer morn
 And stretched his neck to bray;
 Said he today
 Will I do the trick
 That will monument me for aye.

So he went to his shop
 Where he made time signs
 And made his hammer ring;
 When he finished his job
 He had made what I
 Call a real damn absurd thing.

'T was a license plate
 Which he made ornate
 In his natural assinine way;
 Said he when this tag
 Is put on a car
 It will make folks stare I say.

But that ASS forgot
 A very strong point
 As he pursued his craft;
 That while the public
 Looked his way
 They also invariably laughed.

A grave old man
 Came into the shop
 A man of sorrowful mein;
 And he said to the ASS
 That's the funniest thing
 In my ninety years I've seen.

Shades of Pope and Brecken
 Whalen and Coles
 Of the great men gone before;
 They couldn't have known
 When their dying day came
 Of their kind we'd never see more.

So the ASS he brays
 And he works overtime
 May his labors never cease;
 But the whole Island knows
 Whatever he brings forth
 This tag is his MASTERPIECE.

Presentation To Mr. A. J. Lightening

HALIFAX, May 23.—On the occasion of his sailing for England to reside in future, A. J. Lightening, formerly of the Import Freight Department of Furness Withy Company and now superannuated, was yesterday presented with a fitted travelling bag, a gold headed walking cane suitably engraved and a pipe. Captain J. W. Harrison, Marine Superintendent of the Furness Withy Company made the presentation, and spoke in appreciation of the service Mr. Lightening had rendered during his many years with the Company, and of the regret the staff felt on his leaving. Mr. Lightening came to Halifax in 1872 and for many years was with the Allan Line, when that line was represented here by the Cunard line agents. When the Furness Withy Company took over the agency of the Allan Line Mr. Lightening went to the new company and has remained ever since. In July of last year, Mr. Lightening was superannuated by the Company, but he has continued to attend to his duties until a few weeks ago. Having decided to make his home in England in the future, Mr. Lightening with Mrs. Lightening is leaving this evening on the Nova Scotia for England and the members of the office and outside

staffs desired to show their appreciation of his worth. Called to the wharf office of the Company yesterday morning, the presentation was sprung on Mr. Lightening who was taken completely by surprise. (Mrs. Lightening is a sister of Miss Evelyn Allen of Charlottetown and visited here a few weeks ago with her husband.)

ROLLO BAY EAST. Nine members and five visitors met at the home of Mrs. Peter D. Peter's Roll Call was answered by "Where I would like to travel." The report of the social was read. The report of the school committee showed that the new desks had been procured. The delegates were appointed to attend the Annual Convention. It was decided to start a Lottery to increase the funds. The program consisted of Organ recitals, step-dancing, and songs. Mrs. John J. Deagle was a newly enrolled member. Next meeting will be held at the home of Mrs. Edward Mahar.

Father McMahon; High Priest, Rev. Father McIntyre; Master of Ceremonies, Rev. Father Walsh. His Grace Archbishop O'Leary of Edmonton was present in the Sanctuary. The boys' choir of some fifty voices sang pleasing and appropriate hymns. The men's choir sang the Mass. The soloists were: Messrs W. J. Brown, S. F. Doyle, Albert Blanchard, W. Brennan.

LITTLE BOY INJURED—Friday evening about 6:30 Master Vincent Grimes, little son of Mr. and Mrs. William Grimes, Dorchester Street, received a nasty gash on his head the result of being knocked down by a bicycle. It seems the little chap was coming out of an alleyway near his home and did not notice a bicycle being driven by a lad named Donovan coming along the sidewalk. He was struck by the bicycle and it is supposed his head hitting the concrete sidewalk caused the gash on his head. Donovan carried the boy who was bleeding profusely, to his home and secured a taxi and the little fellow was immediately taken to the City Hospital where it required ten stitches to close the wound. He is now at his home and was able to see his many little school mates on Saturday.

The Late Archibald MacKinnon

Friends and acquaintances throughout the city and Island will learn with regret of the sad death of Archibald MacKinnon of this city who passed away last Saturday evening after a lingering illness which he bore with patience and fortitude. The late Mr. MacKinnon was in his 71 year. He was born in De Sable, Prince Edward Island, where for some years he taught school. In later years he was a faithful, courteous and energetic employee of the Customs Department in this city, where he made a legion of friends. His ready smile and friendly greeting both on and off duty is known to thousands both here and abroad. He leaves to mourn their loss a widow and two sons, Frank and Archibald, to whom the Guardian extends sincerest and heartfelt sympathy.

The funeral takes place from his late residence 183 King St., this afternoon at 3 o'clock to the Peoples Cemetery.

THE MARKETS
 (Canadian Press)
MONTREAL, Que., May 27.—The export trade in Canadian grain here Saturday was extremely dull, there being practically no demand from United Kingdom and continental buyers. The domestic trade in oats was fair and prices were unchanged. The demand for spring and winter wheat flour continued limited but values were firm. The price in millfeed was much quieter owing to the falling off in the demand from United States buyers. Prices were steady. The market for standard grades of rolled oats was quiet and firm. An easier feeling prevailed in the jobbing market for new decks had been procured. The delegates were appointed to attend the Annual Convention. It was decided to start a Lottery to increase the funds. The program consisted of Organ recitals, step-dancing, and songs. Mrs. John J. Deagle was a newly enrolled member. Baldwin Now Has Many Offers

PREMIER'S JOKE ABOUT NEVER WRITING FOR PRESS TAKEN SERIOUSLY BY JOURNALISTS.
 LONDON, May 26.—The "complaint" made by Premier Baldwin at a luncheon of the Institute of Journalists that he had never had a single offer of any kind to make any contribution on any subject to the press has already yet another burden to his already heavy post bag. Offers have arrived at No. 10 Downing Street from various quarters. This fact is revealed in a letter sent by Mr. Baldwin's secretary to a firm of architectural publishers, who wrote to Mr. Baldwin asking him to contribute a preface to a book they are shortly publishing on architecture in Great Britain at the present day.

The reply is as follows:—"The Prime Minister has asked me to thank you for your letter, and to express his regret that the stress of his preoccupations does not allow him to fall in with the suggestion which it contains. In regard to what you say about his recent speech at the Institute of Journalists I must confess to you that from his correspondence which has reached him since from several quarters he will at all events never be able to complain that he has made no contribution to journalism it is through lack of offers."

FAMILY DAY AT CENTRAL CHRISTIAN CHURCH
 The morning service at the Central Christian Church took the form of a Family Service when an endeavour was made to huddle all members of as many families as possible in Church together. At the conclusion of the service most of those present remained for Church Family Dinner when a happy time was spent together.

The evening service was very well attended and the Pastor, Rev. Mr. Turner, took as his subject, "What can I believe about Jesus." He said that people to-day want to get to bedrock and not fine distinctions and as basic facts we could believe about Jesus that He really lived upon this earth; that He fitted the Jewish prophecies regarding a Messiah; that He made the most astonishing pretensions that any man ever made, and they did not seem out of place when made by Him; that He was the greatest teacher that ever lived and that these facts coupled with His sinless life placed Him upon a plane higher than ordinary man. The music at the morning service was an anthem, "Teach Me Oh Lord", with Miss Jessie as soloist, and at the evening service Mr. Wendell Phillips rendered "Jesus is all in all."

as high as \$200, necessitating a total increase of \$1,250,000.

The Postmaster-General gave particulars of cost of new aerial service from Moncton to Magdalen Islands and from Mal Bay (in Gaspé) to Anticosti, and in Northern Ontario and Quebec owing to mining developments. New arrangements for aerial service will enable mail from Toronto, Ottawa, Montreal and Quebec to be landed in Great Britain one week ahead of present time.

The supplementary estimates brought down at eleven o'clock provide for \$1,000,000 for a new P. E. I. ferry, a payment of \$500 to Mrs. C. E. McDonald, widow of the late collector of Customs and Excise at Port Borden; for oyster culture \$10,000; telephone connection between Cape Traverse and Cape Tormentine, N. B., \$33,000; wharf repairs and improvements at Cape Traverse \$13,500; breakwater and repairs, Souris harbor \$50,000; breakwaters and repairs Traverse \$2,000 and for wharf reconstruction and extension, West River Bridge \$7,200.

OTTAWA, May 26.—The House in committee this afternoon passed the items for dredging for B. C. and the Maritime Provinces. The appropriations for the latter amount to \$540,000 but does not include anything for Prince Edward Island.

The Ottawa Press Club gave a luncheon today in honour of the Hon. S. F. Toimie who is leaving shortly for British Columbia to assume the active leadership of the Provincial Conservatives to which he was elected some time ago. It was non political and largely attended. In view of imminent elections in B. C. or some time during the summer his presence there is politically necessary.

OTTAWA, Ont., May 27.—Three new posts have been created in the fisheries branch of the Marine and Fisheries Department. For a director of publicity \$3,420 is provided and two sums of \$3,120 for heads of western and eastern divisions. The dept. of railways and canals has \$50,000 to supplement pension allowances payable under the inter-colonial and P. E. I. railway employees provident fund act to make the minimum payment during this fiscal year of \$30 per month instead of \$20.

Harbors and rivers in Nova Scotia received \$352,000, Prince Edward Island \$42,000, New Brunswick \$162,000. For a telephone between Prince Edward Island and the mainland \$33,000 appears. Two new ice breakers are planned one for Hudsons Straits costing \$500,000 and one for the St. Lawrence river costing \$400,000.

The Hon. Mr. Manion complained that the post office estimates had since 1921 increased at the rate of \$1,000,000 a year which he thought too much. The Hon. Mr. Denison declared that it had been found that as expenditures increased, revenues increased. It was calculated that when the postage was reduced from 3 to 2 cents there would be a reduction in revenue of \$5,000,000 to \$6,000,000, but owing to greatly increased business the \$6,000,000 loss had practically disappeared.

Important features of the estimates were increased salaries of \$428,940 of which \$187,620 is due to statutory increases approved by the civil service commission and the balance to additional assistance required.

Rural postmasters, whose salaries were \$60 per annum get \$100 in future. The percentage increase in salary will be 70 instead of 50 percent, on revenues from \$100 to \$1,000; from \$1,000 to \$10,000, 30 per cent; from \$10,000 to \$15,000, 20 per cent. This gives an increase without discrimination to more than 9,000 rural postmasters, a tiny garden at the back of the shop minimum of \$40 a year but paying and up a short flight of wooden

In his pictorial art he works in water colors, and among his books are: "The Color of London", "The Color of Paris", and "A Japanese Artist in London." At a recent exhibition by Markino in his little gallery which was opened by John Drinkwater, the poet and dramatist, H. G. Wells, the novelist, was one of the first purchasers of a Markino picture. Yoshio Markino is a little man, slightly bald, with iron gray hair, and a round smiling face which beams benevolence.
