Mr Farmer Now is the time to buy Formaldehyde You can get it from us in any quantity, at the very lowest prices. We have just received a large shipment of garden seeds. Come in and buy early, at Carruthers & Parkman Limited The Farmer's Store, Patent Medicines, Groceries, Boots & Shoes, etc., Montague, P.E.I.

THE RUXALL STORE Eastman Film Even a Kodak cannot do its best work unless it is loaded with the film intended for it—the film that is absolutely dependable—Eastman film. All Eastman film is speed film. If you have a camera in which the Autographic feature is not incorporated, specify Eastman film. If it isn't Eastman, it isn't Kodak film. If you have an Autographic Kodak or an Autographic Brownie, specify Eastman Autographic film. If it isn't Eastman's, it isn't Autographic. Let us have your next roll to develop and print. We handle everything in the Kodak camera line. H.J. MABON Prescription Druggist and Optometrist Phone Connection Montague, P. E. Island.

Luminoscopy Shadow Test System

LOOKING INTO THE EYE The most advanced science of Eyesight Testing known. This system measures and corrects any hidden or latent trouble. It is especially valuable in old chronic hard cases—those who have not received satisfactory results elsewhere. We also use our Test room the Ophthalmometer Retinoscope, Photometer and other delicately adjusted apparatus for determining just in what degree if any, your eyes fall short of perfection. If in need of glasses come in and "SEE." Superior Eye Service H. J. MABON Optometrist and Prescription Druggist MONTAGUE, P. E. I. Next door Bank of Commerce

THE EASTERN GUARDIAN

BRIDGETOWN.—A meeting, presided over by the inspector of schools, was held in the school at Bridgetown on Tuesday, April 26th, for the purpose of organizing a school fair at that centre. The schools comprising the fair are: Upton, Strathcona, Primrose, Alison Cross and Bridgetown. Each district was well represented at the meeting and a very successful fair is anticipated. The fair held here last year was a decided success but it is to be hoped that this one will be even better.

THE LUMBER EXPORTING POSSIBILITIES OF THE UNITED STATES. By the adoption of practical forestry methods, the United States in the next half century without depleting the standing timber supply could meet all domestic demands for lumber and could export from twenty to twenty-five billion feet annually, says an article in the May Commerce Monthly published by the National Bank of Commerce in New York. At present, the timber supply of the world outside of the tropics is being used more rapidly than it is being renewed by growth.

The forest lands of the world are estimated to amount to about 4,000,000,000 acres, or about 24 per cent of the world's total land area. This estimate does not include the forest areas of China, Korea and the larger part of South America and Africa, for which even fair approximations are not available. The United States, with about 545,000,000 acres under forest has 2,826 billion feet of merchantable timber and its cut, which in 1918 amounted to 32 billion feet, is several times that of any other country.

Before the war, Russia was the principal source of imported lumber for western European countries, the article continues. "With Russia largely out of the world's lumber market," says Commerce Monthly, "the United States and other lumber exporting countries have an unusually good opportunity to export to western Europe and other lumber importing regions. If it proves desirable at the present time to develop an ex-

Glass of Salts If Your Kidneys Hurt Eat less meat if you feel Back-achy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headaches, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you get up two or three times during the night. To neutralize these irritating acids and flush out the body's uric acids waste get about four ounces of Jade Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jade Salts is inexpensive; harmless and makes a delightful effervescent light-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

IN MEMORIAM

VERA L. SHAW. A great gloom was cast over Brackley Point and surrounding districts, when the sad news was received by wire, of the death, in the hospital, Somerville, Mass., of Vera L. Shaw, beloved daughter of Mr. Frank Donahoe and her cousin, Mr. and Mrs. Albert Shaw, in the 21st year of her age. She left here about six months ago, to spend the winter with her aunt, Mrs. J. Wallace Shaw, where she took sick, and despite all that hospital skill and tender care could do for her on Sunday evening, April 4th, her spirit passed to Him who gave it. Many would wonder to look at the fair young form, beautiful in death, why this young life with every promise of a bright future, should be cut off so soon. Vera was a bright and lovable girl, and endeared herself to all who knew her. In the home, where her thoughts were always of others, her passing has left a vacant place which never can be filled. There are left to cherish her memory besides her grief-stricken parents, two sisters, Mrs. Oliver D. Nunn, Winsloe North and Mrs. Lemuel A. Horne, South Milton, and one brother Everett at home, to whom the sympathy of the whole community goes out in their hour of sorrow.

Notwithstanding the bad condition of the roads, upwards of one hundred wagons followed the remains to their last resting place, which goes to show the esteem in which the young lady was held. The pall-bearers were: John McLure, Fred Horne, James McDonald, Heber Horne, Vernon McKinnon, Charles Shaw. Interment took place to Cove Head Presbyterian Church Cemetery.

PATRICK MCKENNA. At North Fort on Jan 7th, 1920 Patrick McKenna aged 68 years after a short illness of 7 months of cancer. The deceased was of a quiet and kind disposition, always patient even all through his illness never was heard to complain. He was attended in his sickness by his devoted pastor the Rev. J. B. McIntyre who administered to him the last sacrament just a few hours before his death. He leaves to mourn a sorrowing widow and three sorrowful daughters, Mary, Ellen and Margaret all three came home to help to nurse and to be with their kind father in his last hours.

THE MARKETS

Table with market prices for various goods including Butter, Eggs, Potatoes, Oats, Pork, etc. across different locations like Souris, Kensington, Murray Harbor, Montague, Charlottetown, and Summerside.

HOUSEHOLD NECESSITY Gillett's Lye has long been regarded as a household necessity because of the fact that it is useful in so many ways, and so satisfactory in every respect that no woman feels that she can keep house without it. Makes the finest kind of soap for washing and cleansing. One can of Gillett's Lye will make ten pounds of good soap in twenty minutes. Many of its uses are shown in booklet under the label. "GILLETT'S LYE EATS DIRT" Made in Canada.

CATTLE AND SHEEP HIDES. The preparation of hides and skins for market is of great importance, as where they are not properly prepared and shipped they deteriorate greatly. The farmer who has thoroughly cured a number of hides and skins by the green salting method commonly followed should place them over some elevated object, such as a barrel. They should remain overnight, to drain free of excess mois-

Won't Stain the Pockets The younger men, and particularly the better dressed men, prefer STAG Chewing Tobacco because it is so clean to carry, as well as so rich and satisfying in flavor. STAG may be carried in the pocket without the need of it being wrapped. All dealers have STAG, the flat Chewing Tobacco that is "Ever-lastingly Good" CHEW STAG TOBACCO
