ADDRESS CORRESPONDENCE TO WAR VETERANS COLUMN, P.O. BOX 365, CHARLOTTETOWN.

THE BARRISTER RANKER.—A rather well-spoken private was brought up before the C. O. on a charge of insubordination. The C. O. who was extremely busy, wanted to get the case over and was very abrupt in his manner. "Where you insubordinate?" he asked. "Well Sir, he fact is—" "I don't want to hold a debate on the matter, I want a plain 'yes' or 'no'" interrupted the C. O. "But Sir, pleaded, the man, "there are some questions that cannot be answered by a plain 'yes' or 'no.'" "Nonsense retorted the C. O. "I beg to differ, Sir," said the Private boldly. "Oh, you do, do you" said the C. "Then just put a question to me that cannot be answered by the plain negative or affirmative." To his surprise the private said in a strident tone: "Have you ceased to ill-treat your wife."

OUR STREETS.—Charlottetown can well be proud of its newly paved streets. We trust that this good work will continue, but at the same time we must keep an eye on the financial side of the matter. Last Saturday the new pavement was swept for the first time for several days, previous to which sweeping the pavement was in a disgraceful condition. We suggest that the city sweeper be used on these paved streets early every morning in the future, as if they are not kept clean they look very badly. We also suggest to the city fathers that a row of selected trees be placed along sidewalks on the streets, completed. These trees should be planted next spring. Our business streets are now almost treeless. Let us beautify our city.

GOVERNMENT HOUSE.—It is indeed humiliating to both His Honor the Governor and the public at large that when one of His Majesty's ships of war pays us a visit, we have a visit from any high official whom we should welcome to our shores that we have no convenient official residence for entertainment. Lately on two occasions when His Honor tried to do his duty by entertaining guests he did so at great disadvantage, as to sorts of goods and chattels had to be moved from his private residence and other places to Government House. Now if we are to have a Governor who represents His Majesty the King it stands to reason that we must have an official residence for him. The present Governor has a fine residence but it falls far short of requirements, and it is just as well to recognize that every other house in the city would do as well as we cannot be any better off in the future than we are at present. Hundreds of thousands of dollars have been squandered on the additions to Government House for a soldiers' hospital, it is now thank goodness not required for this purpose, therefore let the new additions be sold and moved away as soon as possible, as the loss of a few thousands more will make little or no difference in the total sum wasted. For the honour of the Province let us have old Government House again furnished, and handed over to His Honor the Governor as a residence for himself and successors in office.

NEW HOME.—The Veterans have moved into their new home on Gratton Street. They are now busy making interior arrangements, which when complete will make the Home look very cosy and comfortable. The regular meeting of the Association will be held for the first time in the new Home next Friday night at 8 o'clock. Members entering the Home and asking where the furniture is coming from are simply informed that "The Ladies Auxiliary have been working overtime." Again, we say as usual, "thanks to the ladies."

MILITIA ESTIMATES.—The total estimates for the current year are \$12,250,000. Last year they were \$8,391,000. The estimates for 1914-15 were \$9,030,000. Mr. Guthrie regretted that the reorganization of the militia and permanent force was not proceeding satisfactorily. Recruiting had been slow for both. The chief need was barracks, and he proposed to ask Parliament for two millions more to provide these needed structures. The Minister gave the strength of the permanent force as 3,555 today. This compares with 2,916 in 1911-12 and 2,906 in 1913-14.

1913-14. He announced that the city corps only would receive an annual drill this year. This will mean a saving of \$400,000. He advocated consolidation. All the engineering work for the Government should be done by the engineer service of the Militia Department. The Mounted Police and Air Board should also be consolidated with the Militia Department. He stated that the militia would now include a machine gun corps, an outgrowth of the war. Of these, there would be fourteen units. The militia regiments would number 109, or 110, as compared with 101 before the war. There would be 25 new batteries of artillery, a total of 75. The number of military districts would be reduced from eleven to possible eight.

WARNS UNITED STATES.—Former President Taft speaking at a great meeting in Baltimore lately stated that the United States could not escape the League of Nations and the League would be adopted after the "obscuring lights" of the election had been dimmed. He brought the audience to its feet when he said that the United States must not interfere with British domestic matters. His closing sentence was "We must do to Great Britain as we would have Great Britain do to us." We hope the politicians and extremists in the great Republic to the south of us will accept this advice.

GET TOGETHER.—The Executive Council of the G. W. V. A. of Winnipeg have made a proposal that negotiations be opened with the American Legion and the Grand Army of the Republic, with the object of effecting a close affiliation if not a physical union with the Canadian Veterans Associations. The proposal has been forwarded to the American organizations. The aim of such a proposal is to promote good feeling between the two Nations, and to checkmate the work of those whose only endeavor appears to be to raise a barrier of ill-feeling. We welcome any reasonable steps to improve the relations of the two countries, but at the same time no physical union of our associations must take place with such of our neighbors. But what we can have is co-operation and kindly feeling.

H. M. S. CALCUTTA.—In our issue two weeks ago we suggested that this ship of war might be extended an invitation to visit this port. Since that, the trim flagship has paid us a visit and has now left us again. We feel sure that the officers and men of the ship understood from the time they set foot on our shores that they were more than welcome. We trust that they enjoyed their stay with us and hope they will visit us again.

BASEBALL.—The Veterans team by a good margin the game last week with the League of the Cross. The heavy rain prevented the game last Saturday which should have taken place between the Abbies and Vets. BOXING.—The Veterans are putting on a boxing tournament next Monday night in the Arena Rink. In addition to the main bout which is to be put on by Earl Penny of St. John, and M. Sibbons of Bangor, Maine, some local men such as Irish Giney and Spud Arsenault will take part in the preliminary. As this is the first boxing tournament to take place in this city for years, we have no doubt but that the Arena will be well filled for the occasion.

CADETS.—The Cadets of the City Schools have been training hard of late getting ready for their inspection, which took place yesterday. The boys of these Corps have been much admired by our citizens, who have noticed a great improvement in their drill and marching. Some of the boys have had a go at the bull's eye on the range. We trust that during next winter arrangements will be made to give lectures to the boys on rifle shooting and other matters of a military nature. We also hope that from now on physical training will be given every school day at a stated hour. Let us remember that the boys of today are the men of tomorrow, and that we must during the week not only train them mentally, but physically and we have soon morally and religiously. We will refer again to the Cadets in next week's issue.

BASEBALL.

A very interesting game of baseball was played last evening at the C. A. A. grounds between the Beavers and the Intermediate League of the Cross which resulted in a victory for the latter by a score of 6-5. The line up was as follows:— Beavers Catcher L. O. C. Art McDonald (capt.) W. Zailb Pitcher Roundy Currie T. Cronin (capt.) 1st base S. Ryan D. Diamond 2nd base P. McMahon J. Turner 3rd base B. McDonald B. Ross Short Stop R. Prowae L. Field Phil McQuaid R. Jenkins Centre Field Art Gormley Eric McDonald Right Field V. McQuaid L. McIsaac Art Duffy L. McIsaac G. Francis and Walter Taylor handled the game to the satisfaction of all.

GOLF

According to the Club schedule a ladies Driving, Approaching and Putting Competition was the event for Wednesday afternoon, June 16th, on Belvidere Links and it proved a very interesting and successful competition, nearly all the best players in the club taking part. The prize for driving was won by Miss Mary Hazard with a score of 197, and Mrs. Bagnall was second scoring 181. In the approaching contest, Mrs. Clarke led with Mrs. Nash, each scoring 10, and on playing off, Mrs. Clarke was the winner. In the putting contest 13 ladies entered, and six of them were tied with a score of 14. They played off and Mrs. Clarke again won out. The following are the list of ladies and other scores:— Mrs. Nash 14, Mrs. L. Weeks 14, Mrs. Clarke 14, Mrs. Bagnall 14, Mrs. Goodwill 14, Mrs. E. Hazard 14, Miss Mary Hazard 15, Mrs. B. MacKinnon 15, Mrs. W. S. Stewart 15, Mrs. F. L. Hazard 16, Mrs. Blanchard 16, Mrs. Miles 17, Miss Earle 17.

WOOD PROTECTION.

The effect of the lumber scarcity, and its antecedent, the depletion of the forest, is being felt by the ambitious householder who undertakes to make his own repairs or improvements. Costs of material are rapidly mounting, and the expense entailed causes a delay in making repairs. In many cases, however, the necessity for repairs is due to delay in protecting woodwork. By the use of paint, much of the labour and expense of renewal would be obviated. It is remarkable how little the weather, the alternate absorption and drying out of moisture are conducive to decay. By painting the woodwork, moisture is excluded and the life of the wood will be greatly lengthened.

THE RACES.—Today's races will be unusually interesting judging by the big list of entries. In one class there are eleven starters and the others have four and seven respectively.

THE FISH MARKET.—Mackerel were plentiful in the market yesterday selling at 25 cents each. There was also a large quantity of fresh cod on sale at eight cents per pound.

FROM BARBADOES.—The handsome three masted schooner Richard P. Silver, Capt. Zinck, has arrived in port from Barbadoes with a cargo of 500 puncheons and 100 barrels of molasses for Carvell Bros. The Silver is a new schooner built last year in Lunenburg and has every appearance of being a fast and comfortable sailing vessel.

HYNES-BARLETT.—A quiet but pretty wedding took place at the Church of the Good Shepherd, Halifax, on Tuesday, June 15th, when Miss Winnie M. Barrett, daughter of Mr. and Mrs. Herbert Barrett, of that place, and Mr. Felix Hynes, of Prince Edward Island, were united in marriage by Rev. A. H. Tyers. Immediately after the ceremony the happy couple left on a short honeymoon trip through the Maritime Provinces and on their return will take up their residence at 448 Robie St., Halifax.

TRAFFIC LAWS.—We direct attention to the large advertisement in this issue re Traffic Laws for the city of Charlottetown. It will be well for all and especially those who drive autos and teams to study these laws carefully and to govern themselves accordingly. See advertisement. 1000

WEDDING THIS MORNING.—St. Paul's Church, this city, will be the scene of a pretty June wedding at 6.30 this morning, when Miss Helen Elaine Aitken, daughter of Mr. and Mrs. W. Henry Aitken of this city will become the wife of Mr. William Ernest Champion of Alberton. Rev. H. D. Raymond will officiate. The happy young couple will be attended by the clergy. They will leave by the early train on a wedding trip abroad. The Guardian joins with many friends in extending hearty congratulations.

TRAFFIC BY-LAWS OF THE CITY OF CHARLOTTETOWN

1. The word "street" in this by-law shall mean and include any public road, street, lane, alley or other means of communication, and the word "vehicle" shall include every description of wagon, buggy, cart, sleigh, motor-cycles, motor-truck or automobile. 2. Vehicles shall keep to the left and as near the curb as circumstances and the weather conditions permit. 3. Any vehicle meeting another shall pass to the left, and overtaking another shall pass to the right, and all vehicles requiring to stop at the curb shall do so with their left side next to the curb. 4. Vehicles requiring to turn or slow up shall give visible and audible warning, and if turning to the left into another street shall keep close to the curb, and if turning to the right shall do so only after passing the centre of intersection of the streets. No vehicle shall pass or attempt to pass another vehicle while turning at a crossing. 5. Vehicles requiring to cross from one side of the street to the other shall do so in such a manner as to head in the same direction as other traffic on that side of the street and so as not to stop with the right side next to the curb. 6. Vehicles shall not stop at or obstruct crossings, and shall reduce their speed at crossings. 7. Vehicles going North and South shall have the right of way over those going East and West, and the vehicles of the Police and Fire Department of the City, and the Ambulance, shall have the right of way over other traffic. 8. Vehicles used for delivery purposes shall have painted or otherwise shown thereon the owner's name or number for purposes of identification. 9. Vehicles shall stop when signalled to do so by a constable. 10. No motor vehicle, as defined by the Motor Vehicles Act, shall be driven upon any street of the City in charge of any driver less than eighteen years of age. 11. No person shall park or leave standing any motor car on the North side of Sunnyside, South side of Victoria Row, or that portion of the West side of Queen Street facing the Market square for a longer time than fifteen minutes. 12. No vehicle elsewhere throughout the City shall be left unattended so as to obstruct traffic along the streets or to or from residences or shops to the streets. 13. No motor vehicle shall be allowed to stand with engine running, nor with glare headlights on, nor shall any motor vehicle be driven with its "cut out" open, nor at night through the City without having its lights dimmed or non-glaring. 14. Whenever a fire occurs in the City the fire chief shall have the right to debar vehicles from such an area in the vicinity as he may see fit. But no vehicle on any preense shall be permitted without special leave from the fire chief to go on the street running by the face of the block in which the premises are on fire or on that portion of a street, upon or from which the firemen are operating at a fire. Every vehicle in the firemen's line of route to a fire shall draw up by the curb and stop until the firemen shall have passed. 15. Any person convicted of a breach of any of the provisions of this By-Law on summary convictions before the Stipendiary Magistrate, shall pay and forfeit, at the discretion of the Magistrate, a penalty not exceeding (exclusive of costs) the sum of fifty dollars for each offence, and in default of payment of the said penalty and costs forthwith the convicting Magistrate may commit the offender to the common jail of Queen's County for a term not exceeding ninety days unless the said penalty and costs be sooner paid. 1000

been demonstrated that it can be successfully and profitably raised. Its habits have been studied and much is definitely known as to its management. But, with regard to other fur-bearers, comparatively little is known, though the right kind of man can achieve success with mink, skunks, muskrat, beaver, etc. He must, however, expect to depend on his own wits and not solve difficulties for himself, without having a store of previous human experience to guide him.
