FUNERAL SERVICES.—The funeral of the late Mr. Charles Thorne Brohan left the home of his son-in-law, Mr. Leith Cowan, Lower Montague, on Tuesday afternoon for burial in the Murray Harbor cemetery. The deceased formerly lived in Murray Harbor, but eight years ago he left that place to take up his home with his daughter, the late Mrs. Leith Cowan, Lower Montague, where he has since lived. He leaves to his wife one son and three daughters, to whom the sincerest sympathy is extended. G

DEATH REGRETTED.—The remains of the late Charles Fraser, of Georgetown were laid to rest in St. James R. C. cemetery on Tuesday morning, June 3rd. The death of Mr. Fraser, at the early age of 42 years, comes as a shock as his illness was of only two days' duration, and the sincerest sympathy is felt for the bereaved family. The deceased was in his usual state of health on Thursday morning, performing his regular duties as mail courier of the Georgetown Rural Route. The same day he was taken ill with a severe attack of meningitis, and he passed away Saturday afternoon. To the bereaved family we extend the sincerest sympathy for their heavy and bitter loss. —G

Mrs. J. A. Greenlees returned to her home in Georgetown Saturday, after spending several weeks visiting friends in New Hampshire. G

EYE STRAIN

The correction for eyestrain and its defects is through application of suitable glasses, the reason being that not disease but mechanical defect is to be overcome in the eye or its controlling muscles. Thus the right glasses counteract the defects, eliminate the "Strain," and leave nature to heal the hitherto resulting troubles and disorders.

Thousands suffer from Eye Strain without knowing the fact. They see well and are not aware that a ruinous expenditure of nerve force alone enables the eyes to triumph over existing defects and serve obediently.

Children are frequent sufferers from Eye Strain, arising from wholly unsuspected defects of vision. Squint (or cross eye) is due to defective vision, and unerringly indicates Eye Strain. The right glasses worn in time will correct both, while, if neglected, the squinting eye gradually loses its acuteness of vision and finally only an operation will mitigate the evil. Every child's eyes should be thoroughly examined before entering school.
