and Richmond St., Charlottetown.

**Advantages of Acetylene Over All Other Lights**

It is one of the most economical lights there is. It gives more and better light, at smaller cost, than coal-gas, or electricity. Light for light, quality considered, it's much less expensive than kerosene, without its unpleasant features. It's a better light, because it more nearly resembles sunlight than any other known commercial illuminant. Light from acetylene spreads out more than any other. You read without the slightest effort, in any corner of a room, where acetylene is used.

The cost of installing an acetylene plant is moderate when you realize the advantages it possesses over all other lights—no increased cost for insurance. It's the least fatiguing of all lights to the eye-sight. Acetylene is absolutely safe—Owing to the pungent odor of acetylene, a leak in the pipes is immediately noticed. The best carbide for use in acetylene plants is **Calcium Carbide**. You would like to know more about acetylene, wouldn't you?—why not write to-day for other particulars and price list?

**THE SHAWINGAN CARBIDE CO. Ltd., MONTREAL.**

**Hewson Unshrinkable Underwear**

When a manufacturer will go to all the trouble of perfecting a process for the purpose of preventing the edges of the cuffs and pant bottoms of their underwear from unravelling and fraying you can depend that their underwear is a very superior article. The cuffs and pant bottoms of Hewson Underwear are self-finished by an improved process. Not a hint of loose thread. The edges couldn't be more neatly or securely finished. You'll recognize this superior pure wool underwear by the Hewson oval trade-mark, which is a guarantee of complete satisfaction. Insist on being supplied with Hewson Underwear next time.

HEWSON WOOLEN MILLS, Limited, AMHERST, N.S.  
Also makers of Hewson Pure Wool Tweeds.

**50,000,000 FOR ADVERTISING**

"James H. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars. Newspaperdom."

Yes James H. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest his money in publicity will never accumulate a fortune.

**A WELL-KNOWN MAN**

**HAD THIRTY-TWO BOILS ON HIS BACK AT ONE TIME.**

**TWO BOTTLES OF BURDOCK BLOOD BITTERS CURED HIM.**

Boils are simply evidence of the bad blood within coming to the surface. Just when you think you are cured of one, another usually takes its place and pushing your misery.

The only way to get rid of boils, pimples, and all skin blotches and blemishes, so that they will never return to bother you again, is to have the blood thoroughly cleansed of all its impurities.

For this purpose there is no other blood medicine to equal Burdock Blood Bitters. It has been on the market for over thirty years, and in that time we have received thousands of testimonials stating positively that it will cure the worst known cases of both.

Mr. James Combs, Eden, Ont., writes: "I think Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back at one time. I used only two bottles of B. B. B. and they completely cured me. I cannot recommend it too highly. For sale at all Druggists and Dealers."

**THE GUARDIAN COVERS THE FIELD**

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island 108,000. The Guardian's daily circulation is therefore 1 to 14 of population in the city in which it is published, or 1 to 13 of the population of the Province. This is the management believe unequalled by any daily newspaper published in Canada. Take one or two comparisons with other

Produce of sale is promptly promptly marked and sent on application. Consignments solicited.

leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 250,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 80,000. That is as 1 to 3 of the population of Toronto and 1 to 40 of the population of Ontario.

The point is this that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of the Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting; but for the satisfaction of Guardian readers and advertising persons alike. They have a right to know how completely their favorite Journal's endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.
