## Milk Producers Are Granted Two Cents Increase Quart

Milk producers have been granted an increase of two cents per quart, Mr. Henry McDonald, chairman of the Provincial Milk Board, informed the Milk Producers' Association at its meeting held in Prince of Wales College last night. Mr. McDonald also promised the Association its original brief asking for three cents a quart increase will be further studied and an answer given the Association by November 20 next, whether or not the additional one cent per quart shall be granted.

The meeting, largely attended, was held in one of the rooms at Prince of Wales College and presided over by Mr. Andrew B. MacRae, Union Road.

Mr. MacRae said the meeting had been called to consider the milk producers' present situation in view of the fact that the Provincial Milk Board had refused their request to grant them an increase of 38 cents per pound butter fat and had lowered the sum asked to 77 cents per pound, which meant, Mr. MacRae said, that the producer would only receive an extra two cents per quart instead of the three asked in the brief.

Dr. W.R. Carson, consumer representative on the Milk Board, had been asked to attend the meeting. Mr. MacRae said, but had not put in an appearance probably because he "was afraid some of the milk might go to work on him." Apparently, Mr. MacRae said, Dr. Carson was opposed to the further increase in the cost of milk because of his solicitude for the poor man but was quite satisfied to see the milk producer give his product to the City consumer for nothing.

Mr. Claude Smith, East Royalty, producer representative on the Milk Board, told the meeting he was in favour of the milk producers receiving the 38 cents per pound butter fat increase in the brief, but that their increase of three cents per quart of milk but that Dr. Carson had turned it down. He did not think, Dr. Carson as a member of the Board should have written any letters on the matter to the Press.

Mr. Roland Beaton, Winsloe, said he thought Dr. Carson extremely unfair to the producer. Wages were very high on the farm. He had just offered a man \$75 a month and his board and washing to work with him and could not get him. Hay was high in price and in another three months would be impossible to obtain.

Mr. Roland McDonald, Royalty, said he had made up his mind

## Coming Events

- Show - Emerald Thursday.
- Talkies - Canoe Cove Friday.
- Annual Good Supper, Bonshaw, October 23rd.
- Talkies - Craupud Friday and Saturday.
- Buying daily live and dressed poultry, paying top market price. Davis & Fraser, Ltd.
- Buying daily live and dressed poultry, paying top market price. Davis & Fraser, Ltd.
- Regular hospital dance, Montague Curling Rink, Saturday night.
- Dance at Morrell Hall Wednesday, Oct. 2. Rollie McKenzie's orchestra.
- Collecting hogs for Davis & Fraser every Thursday. Write or phone N. A. Cuthbert, Fredericton, D. L. McDowell.
- Grand Lodge Officers of P.E.I. will make their official visit to Bedouin District on Oct. 7th, meeting at King Edward I. O. H.
- Delivering at Bouris on Mill Feeds, Hard Wheat, Flour, Barley Meal, Dairy Ration, Wheat, beginning Saturday. George MacDonald.
- Arrived Shipments White Paints, Parties having orders to please use United Building Co. J. J. Stewart, Opposite Central Creameries, Charlottetown.
- Chicken Supper, Bingo and other games, refreshments, and fruit sales at South Justice Hall, Tuesday and Wednesday, October 1st and 2nd.
- Arriving September 21st, two carloads feed - Hog Starter - Grower - Finisher - Wheat, Oats, Bran, Shorts - Dairy Ration, Lay Mash - Chickens - Pattens - Stewart & Beck, Montague.
- Barley Meal. If the shoe does not already pinch, then it will very soon. The Western grain requisition is expected to be one more step in the same direction. Too many inexperienced dealers, throwing their weight around in the market, are causing a few more cases of barley meal, and then we are going hunting. The Atlas Grain Company, Montague.

## RECOMMENDATION FOLLOWS POOLE DEATH INQUIRY

At an inquest into the death of Gordon Poole, Charlottetown, held at MacLean's Funeral Home last night the jury brought in the following verdict:

"That from the evidence submitted we find that the said Gordon Poole met his death on Saturday, September 28, on or about the hour of 7:30 a.m. by coming in contact with a high tension wire opposite Sterna's Laundry on Kent Street, Charlottetown, while assisting firemen in the discharge of their duties."

"We, the jurors, recommend that some definite agreement be arranged between the Maritime Electric Co. Ltd. and the Charlottetown Fire Department whereby, in case of fires, all dangers from live wires be removed."

Members of the jury were: E. George MacLeod, foreman; E. Sellers; W. M. Fyfe; Alex. McLean; W. M. McKay; William Rix; Major J. A. Mackenzie.

Twelve witnesses were examined and included Dr. Harold Shaw, Provincial pathologist; Dr. H. H. Pierce, Dr. Gordon Poole, Dr. George Hooper of the Prince Edward Island Hospital; Fire Chief Herbert Jewell, Fred Pickard, Russell Abbott and Bill Bevin of the Charlottetown Fire Department; V. A. Ainsworth, manager of the Maritime Electric Co. Ltd.; and A. C. Leitch, also of the Electric Co. Ltd.

Dr. Harold Shaw reported that the fire, and N. D. MacLean, funeral director whose ambulance took the victim to hospital.

Dr. Harold Shaw told of performing an autopsy on the body of Gordon Poole and on external examination of the area found there were present several small areas of recent injury. On

## P. E. Island Has Lowest Rates In Dom.

(By The Canadian Press)  
OTTAWA, Sept. 30.—New increases in average farm wage rates were reported today by the Dominion Bureau of Statistics.

The average rates for Canada in August were \$2.45 a month compared with rates of \$3.55 a day and \$71.08 a month reported at AUG. 24 in Prince Edward Island. Without board, the average rates were \$4.96 a day and \$100.82 a month as against \$4.50 and \$72.52 respectively, last year.

For day help, there were increases in all provinces, except Nova Scotia, the most pronounced being in the western provinces. Saskatchewan's highest rates, \$4.50, followed by Manitoba at \$4.25, Ontario at \$4.15, and Alberta at \$3.17.

Rates in the eastern provinces ranged down from \$4.50 in Ontario to \$3.38 in Prince Edward Island. Highest rates for help with board were \$4.71 in Manitoba and Saskatchewan, followed by \$4.42 in British Columbia, \$4.37 in Alberta, \$3.62 in Ontario, \$3.56 in New Brunswick, \$3.46 in Quebec, \$3.24 in Nova Scotia and \$2.62 in Prince Edward Island.

## Peace Conference Approves Navigation

PARIS, Sept. 30.—A peace conference commission today approved by eight votes to five a resolution on the principle of international freedom of navigation on the Danube.

Overriding opposition from the Russian-led Slavic states, delegates on the Balkan and Danube commissions wrote into the Romanian treaty broad guarantees for freedom of navigation on the Danube River's waters.

Simultaneously, the commission inserted provisions for a Danubian conference of all riparian states and the six-year within six months to settle definite traffic rules applicable to all shipping.

The eight-to-five vote, with India abstaining, only temporarily blocked the Danube treaty, for a two-thirds majority was not obtained and it was doubtful whether it would be when the Romanian treaty comes before the full conference. The four-power Foreign Ministers Council has the final word in drafting.

The five Slavic powers on the commission voted against the measure, and Yugoslav delegate Miroslav Radovic read into the Danube Riparian states represented at the conference had voted against it.

The military commission, meanwhile, completed examination of military clauses of all five treaties, including the Hungarian and Finnish treaties to completion.

On September 29, the commission, however, proposed a amendment to force Hungary to desist from its claims to the Danube, although similar provisions had been written into the Bulgarian treaty for Greece and the Italian Navy in France, and Yugoslavia.

## Plane Is On Schedule In Record Attempt

WASHINGTON, Sept. 30.—(AP)—The two-engine navy plane Truitt-Turle with a crew of four and a baby kangaroo beat its way toward the West Coast tonight, averaging more than 300 miles an hour and over halfway to a world distance record.

The distance from the take-off point Perth, Australia, to the West Coast is about 9,243 miles but the big patrol craft is expected to continue across the country if it is able. The distance record is 8,188 miles set by an army air force PL-20, the "dream-boat," last November.

The navy plane, a Lockheed PV-2 Neptune, had covered 5,300 miles when it reportedly hit midway at 10:00 A.M. Its next check point was a weather ship stationed 1,700 miles off the west coast.

Many rural schools, credited to the Navy Department, indicated that to take advantage of the weather. The plane was expected to cross the West Coast considerably south of Seattle, Wash., originally announced as the initial objective. The turtle probably will make a landfall on the Oregon coast.

The plane plan to continue eastward as long as it and the plane can take it. With Washington on the horizon, the plane is expected to head out over the Atlantic toward a world record under international rules, they would have to head out over the Atlantic toward Bermuda.

The plane has a calculated range of more than 13,000 miles with its tremendous load of gasoline—3,400 gallons or some 35 tons.

## Timberland And Buildings In Danger

(By The Canadian Press)  
BATHURST, N. B., Sept. 30.—Still burning on a three-mile front near Allardville in Gloucester County, an uncontrolled forest fire tonight continued to take deep bites out of timber owned by the Gloucester Lumber and Trading Company.

The wind subsided today, helping to contain the fire, but plans were made to move some families from Allardville if such action becomes necessary in the settlement.

Harassed fire-fighters continued handicapped by lack of water. The fire, which started in the area tonight, with possible rain tomorrow.

Yesterday, a winter sawmill and several houses have fallen prey to advancing flames. Valuable timberland and buildings lie in the danger zone.

Heavy clouds of smoke from the fire made driving dangerous in Bathurst tonight.

## Cat Burglars Take Big Loot

LONDON, Sept. 30.—(CP Cable)—Purse and jewelry worth thousands of pounds were stolen in London by cat burglars in the last two days—according to \$200 (42,000) articles from the Park Lane home of Beatrice Lillie, Toronto-born musical comedy star.

Miss Lillie, in private life Lady Peel, said she did not care about a missing milk coat and other articles, but was grieved by the loss of a sapphire given her by her son who was killed in the Royal Navy during the war.

## Awarded Humane Society Certificates For Saving Lives At Cavendish Beach

Lt. Vernon Campbell, Charlottetown, (left), John Dalziel, Jr. (center), Gordon and Harold Bush, (right), Harrow, Ont., who have been awarded humane society certificates for bravery by the Canadian Royal Humane Association for assisting in the rescue of Gerald E. Proctor, Joyce Proctor and Keir Proctor from drowning at Cavendish Beach Aug. 18, 1945. Announcement of the awards was made yesterday.

Mr. Campbell, C.N.R. ticket agent at Charlottetown, and Mrs. Campbell, who was serving as a lieutenant in the R.C.N.V.R. at the time of the accident, his father being then C.N.R. agent at Bathurst. He is now attending Mount Allison University as a student of engineering.

Mr. Dalziel was also serving in the Navy at the time. His parents are Mr. Frank Dalziel, Borden, chief engineer on the ferry "Prince Edward Island," and Mrs. Dalziel. He is now attending St. Dunstan's University.

## Reopening Of Schools Finds Teacher Shortage Problem Little Changed

Today is the official date for the reopening of the public schools throughout the province. The opening due to the epidemic of infantile paralysis.

Many rural schools, however, are now having holidays for the potato picking season, and these schools will not reopen until after Thanksgiving, which falls on Oct. 14.

Quoted as to the teacher supply situation, Mr. L. W. Shaw, Director of Education, said that on Saturday, out of about 478 reported not provided for. This situation is slightly better than last year, but the plan for the future is about the same as last year. At the end of the calendar year 1945 practically all the schools were in operation, except a few small schools which were taken care of by transfer of pupils elsewhere or by correspondence courses.

"Even at that," Mr. Shaw said, "we are comparatively fortunate. Last year, with the exception of British Columbia, Ontario and perhaps Saskatchewan, we were perhaps better off than any other Province. Nova Scotia and New Brunswick have increased their salaries considerably this year, and they hope that will help; but while salaries are important, they are not the whole problem. The prestige of the profession must be raised. The attitude of the community toward the teacher is very important."

## New Canada Savings Bonds On Sale Oct. 15

OTTAWA, Sept. 30.—(CP)—Terms of the new Canada savings bonds which go on sale Oct. 15 were announced today by Finance Minister Ilesley, who disclosed the new issue will bear 2 7/8 per cent interest, by annual coupon and run for a 10-year term.

Main purpose of the bonds—a periodic version of the Victory Bonds—is to provide millions of Canadians with a convenient way to continue this kind of saving. A Finance Department survey has shown that 52 per cent of Canadians who bought bonds during the war want to keep on saving by a similar plan.

Purchases are limited to \$2,000 and the bonds will be registered, non-transferable and non-assignable. They may be cashed at any chartered bank at any time at their full face value plus the 2 7/8 per cent interest.

Adherents of the monthly savings plan and the payroll savings plan followed in the purchase of Victory Bonds will be able to arrange their purchases in the same way. However, no salesmen will canvass the general public. The bonds will be dated Nov. 1, 1946 and mature Nov. 1, 1956. Denominations will be \$50, \$100, \$500 and \$1,000, and they may be purchased from banks, authorized investment dealers, stock brokers, trust or loan companies, or through loan companies, or through employers on the payroll savings plan.

The announcement of terms stated the 2 7/8 per cent interest rate conformed with a statement by Finance Minister Ilesley last June that terms would be more favorable than those of other comparable investments at the time of issue.

There are about twenty who had permits last year and were given instruction last year.

The closing of the schools due to the polio epidemic has had a detrimental effect, not only in retarding class work but in a general slackening of interest on the part of districts in obtaining teachers, Mr. Shaw said.

## Local Man Given Seven Years Sentence

(By The Canadian Press)  
HALIFAX, Sept. 30.—(CP)—Douglas, 34, of Charlottetown, was today sentenced to seven years in penitentiary after pleading guilty to two charges of attempted robbery. His co-defendant, William Cornish, 20, of Trenton, N.S., was sentenced to three months and \$500 fine and another six months.

The two were arrested in Dartmouth shortly after an attempt was made to hold up the Dartmouth Ferry Commission office and a cafe with a toy pistol Sept. 18.

## Indian Summer Cheers Brit. Harvesters

LONDON, Sept. 30.—British farmers, harried by the worst harvest season in half a century, are more cheerful this Indian summer, days now forecasting that rain-soaked wheat and oats will be more than made up for by a bumper crop of cattle feed, even if they are not good enough for human consumption.

The 1,000,000-acre potato crop looks good with experts estimating there will be sufficient for all the year and rumors of potato rationing described as nonsense.

Thousands of tons of wheat and barley were lost completely. There will be an abnormal amount of millable wheat for feeding stock compounds.

Even with the damaged wheat there will be a major reduction in feed supplies with consequent production in winter milk production.

The situation now is slightly improved by the restoration of wheat bread extraction rate of 85 per cent, leaving a little more bread for the consumer. The government obviously hopes there will be sufficient wheat and other grain imports to make further concessions to the livestock industry—whether in the form of imported feed or a further reduction in the extraction rate.

## U. S. State Calls For

WASHINGTON, Sept. 30.—(AP)—The United States State Department today sponsored Yugoslavians, spreading "misinformation" and called them for its operation in Trieste.

The propaganda charge was made in rejecting Yugoslavian tests over the arrest of six soldiers in the Trieste area. The department said the arrests were justified, because the Yugoslav soldiers had handed grenades concealed in their coats to American military board investigators. The incident, the department said, was a violation of the Government's whole support and aid.

"The Government," it said,
