That He Would Never Walk Again  
"FRUIT-A-LIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hall, P.Q.  
"Fruit-a-lives" is certainly a wonder. For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and I thought I would never be able to walk again.  
"One day while lying in bed, I read about 'Fruit-a-lives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.  
"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.  
"I have every confidence in 'Fruit-a-lives' and strongly recommend them to every sufferer from Rheumatism."  
LORENZO LEDUC.

### HOME FROM MONTREAL

Mr. A. F. Webster of the firm of Kennedy and Webster, Proprietors of the Europa garage has just returned from a business trip to Montreal. While there he attended a convention of the Ford dealers of the Maritime Provinces and Quebec. About 100 representatives were present. They met the officials of the Canadian Home office and many matters of importance to the trade were discussed. The delegates were royally entertained during their visit and part of the programme was a trip to the Ford works outside of Montreal. Needless to say this gigantic industry proved a revelation to those who had not seen it and much valuable knowledge was gained from the visit. The proceedings closed with a magnificent banquet at the Windsor, a splendid musical programme being a feature.

Rough and Itchy With Eczema. Came in Pimples and Blisters. Kept From Sleeping.

"My face got rough and itchy, and I was told I had eczema. It came in pimples, then water blisters, and my skin was sore and red. My face itched and I had to scratch, and it kept me from sleeping. The skin was dry and scaly, and would bleed. My face was an awful sight.  
"I saw an advertisement for Cuticura Soap and Ointment and I sent for a sample. I afterwards bought more, and it was not over a week when I was completely healed." (Signed) Miss Annie Forgue, Alderson, Alta., Aug. 28, 1917.  
"If your skin is already healthy and clear keep it so by using Cuticura Soap for toilet purposes and by touching Cuticura Ointment to soothe and heal any tendency to irritation, redness or roughness of the skin or scalp.

### A DELAYED TREAT

On Thursday January 30 the Sunday School at Victoria had a most enjoyable time in the church. After a short, well rendered programme by the children, refreshments were served and then each member of the school "fished" a fine parcel from a well stocked pond. Owing to the influenza epidemic at the Christmas season no treat could be given publicly so this was held to partly compensate for it.

### SOLDIERS WELCOMED

An enjoyable event took place in Southport on Wednesday evening at the home of Matthew Alyward when over a hundred of the residents of that place and surrounding country gathered to tender a reception to the returned soldiers Alfred Stewart, Joseph Flood and William McInnis, a feature of the occasion being a short address and presentation of gifts. The genial hospitality of the host, a hostess and of the visiting hostesses Mrs. Finlay McPhail added much to the evening's enjoyment. Games and dancing were indulged in until the early morning hours when all went home well pleased.

### DEATH OF MRS. COLES

There are left to mourn a sorrowing husband, six sons and six daughters. The sons are—Dr. W. R. in Regina; C. S. in Bladsworth, Sask.; J. H. Ernest, Henry W. and A. B. in Milton. ## Heels Cause Corns But Cures Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns. Then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.  
A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.  
This drug is a simple compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Rub this out and put on your wife's dress.

Entered into rest at his home in Edmonton, Alta., Dec. 26th after a few days' illness of pneumonia, Howard, aged 16 years and five months, youngest son of George W. and Mrs. Bagnall. He leaves to mourn besides his father and mother, several sisters and brothers who sadly mourn the loss of a loving son and brother. Mr. and Mrs. Bagnall formerly belonged to Hazel Grove in this Province.

### FARAWAY SUBSCRIBER

Mr. Stewart left Charlottetown sixty years ago for Auckland and has resided there ever since. ### SUPREME COURT

The case of F. J. Holman & Co., vs. L. P. Tanton was concluded yesterday afternoon. The jury retired at 3.30 p. m. and returned at 5 when the foreman announced that they had been unable to agree, the division being four in favor of the plaintiff and 2 for the defendant. The jury were accordingly dismissed. The case of Hugh J. McLean vs. Wm. Leonard, action of trespass to land was then called before Mr. Justice Fitzgerald without a jury. The case is now before the Court.

Calet Grove Carter, R. A. F., son of Mr. Benjamin Carter, City, has returned home from overseas. He was among those who came to St. John by the S. S. Gramplan.

Calet Carter left here with the 2nd Heavy Battery and was for two year and ten months with them participating in all the fighting in which they were engaged up to that time. He fortunately escaped getting wounded but got a slight touch of gas. He has been in England since July and has been training for the Air Service and was about to receive his commission when the armistice was signed. His many friends are delighted to see him home again in the best of health and spirits.

### BIBLE SOCIETY WORK

The Central Branch made good progress in the amount collected for the funds of the Society for the year recently closed. The total was \$238.95, which amount was paid to the treasurer in good time for the Annual meeting early in January, by the President of the Branch, Rev. J. Heaney. The Treasurer, Mr. A. W. Sterns in acknowledging the receipt said: "The amount you raised last year, was real good but this is better. I congratulate you and your Branch on the splendid work you do for the Society." This result is due in a large measure to the excellent work of the staff of collectors all over the territory included by the Branch.

Among the recent arrivals from overseas is Corporal Alex Reid son of David Reid Victoria Cross. He emigrated to England in 1915 and proceeded to England with the 63rd Battalion. On arrival in England he was transferred to the 29th, better known at the front as "Tobin's Tigers" with which Battalion he saw active service at the front for sixteen months. He fought at Ypres, St. Eloi, Courcellette, Vimy Ridge, Hill 70, during which time he was twice wounded, first at Courcellette (the battle of the Somme) on September 26, 1916 and later at Hill 70, (battle of Lens), August 21, 1917. He was later invalided to England, and upon recovery was taken on the strength of the reserve unit there and later, took a commission as an instructor in physical training and bayonet fighting which he won marked distinction. His many friends are glad to see him home, none the worse of his experiences.

### CO-OPERATIVE MARKETING

The January number of the Agricultural Gazette in a review of the Activities of the Live Stock Branch says: Co-operative marketing developed in many parts reaching its highest state in Prince Edward Island, and coupled with this movement, came a demand for intelligence re markets. An intelligence system was devised, and a report is compiled and mailed once every week. Improvement of flocks followed in the wake due to poor quality of eggs and poultry received from many circles, for which undersized and mongrel birds were accountable. Inspection and flock culling was instituted, and the avenue for development opened is very large, and one which, if properly followed up, will quickly regenerate the poultry of Canada. Standardization of eggs as now administered under the "Live Stock and Live Stock Products Act" affects the entire Canadian Poultry industry, either directly or indirectly.
