

It is only necessary for one vicious habit to be established and expanded in order to throw the whole mind out of balance.

The man you honour in your heart is the kind of man you long inexpressibly to be, and would thank God if you could be.

IMPLEMENT PRICE PROBE CONTINUED

Hear Claim Steel Producers Failed To Take Full Advantage Of Import Duty.

OTTAWA, March 1—(CP)—During the depression period, Canadian steel producers did not take full advantage of the Canadian import duty in setting their prices, J. Dillon, purchasing agent for the International Harvester Company, today told the House of Commons Committee inquiring into farm implement prices.

Before 1930, said Mr. Dillon, the Canadian price for steel was usually the United States price plus duty

COMING EVENTS

Annual meeting of Progress Egg Circle is postponed till Thursday evening. L-5690-3-1-21.

Dr. LaCourstere, Dentist, will be in Murray River March 3rd, 4th, 5th. L-5714-3-2-11.

Credit Union Meeting at Vernon Wednesday, March 3rd, Preparatory to organization. L-5710-3-2-11.

Buying live hogs Albany Thursday 4th, Emerald 5th until noon. G. C. Green. L-2022-1-W-1-t-w-t-f.

Hornets vs. Covehead, Milton rink tonight. Game starts 8:30. L-5726.

Borden rink tonight, Wellington Batters vs. Nationals for Rogers trophy, skate after. L-5725.

Borden Line Club leading hogs, lambs, calves every Wednesday at Albany. Hours 12-3. L-6972-10-M T W T F.

Come hear a lecture by a talented speaker who made the trip, in Hertz Hall, Wednesday 8:30. Silver collection. L-5718-3-2-11.

Hartsville Maple Leaf vs. Kingston Crystals at Wiltshire rink tonight. Play off game. L-5732.

Hockey Victoria Wednesday, March 3, Borden vs. Crapaud, Seminals Lea and Wright. Admissions 20 and 15. L-5729.

Loading live hogs at Kensington all day Thursday, March 4. Nicholson Bros. loading at Hunter River Friday until noon—McEwen and Campbell. L-5693-3-1-21.

A parlor social will be held at the parsonage, New Glasgow, on Wednesday evening, March 3rd. Good program and games, refreshments served, all for 20c. If not fine Thursday. L-5699-3-2-11.

Come and see the Bradalbane Amateurs presenting their two act play "The Perplexing Situation" in Bradalbane Hall, Tuesday, March 2nd. Good specialties. Sale of lunches. L-5712-3-2-11.

Livestock Marketing Board booking orders for a car of cornmeal and cracked corn delivered at Bradalbane. Book your requirements, at once with Shipping Club Secretary, Lorne Seaman. L-5730-3-2-21.

Thousands of bushels of oats are required for seed purposes in Quebec and Maritime Provinces. Save yours by substituting cornmeal and make a dollar. Consult your Shipping Club Secretary. L-5694-3-1-21.

Cornmeal is an excellent ration, with which to finish hogs and beef cattle. Save your valuable oats by feeding a liberal share of cornmeal in your feed mixture. Book your order for another car with your local shipping club secretary. L-5694-3-1-21.

FRENCH SHIP CRIPPED BY SPANISH MINE

Eden Hints At Renewal Of Efforts To Bring Peace In Civil War.

LONDON, March 1—(AP)—Floating mines crippled another foreign ship off Spain today, while official British pronouncements hinted at certain renewal of attempts to bring Spanish peace.

The stricken ship—third to be menaced by mines in shiplanes off Spain's east coast within five days—was the French freighter Marie Therese le Borgne.

She made port at Palamos, Spain, but shipping circles showed alarm. The place where she hit the mine was near the spot where the British liner Lancdowny Castle was damaged similarly last week. Moreover, the French transport Sebba reported she narrowly had avoided a mine off Barcelona.

Hope for new international efforts to find a peaceful solution of the Spanish war, now 7 1/2 months old, was buoyed by Foreign Secretary Eden's declaration to Commons that the Government had proposals for halting the war "constantly in mind."

Authoritative sources said they believed Eden was considering new mediation attempts if and when the European Neutrality Committee's arms-and-men embargo shuts off foreign interference in Spain.

The For J. M. Secretary's assurances that "every effort will be made" to make the Committee's embargo "as effective as possible" came as he prepared to send the first contingent of 130 British observers to Portugal to check up on the Lisbon government's compliance with the agreement.

But much remains to be done before the land and sea patrol of Spain and Portugal becomes effective, well informed quarters declared. International diplomats acknowledged that the control plan, by which the Neutrality Committee hopes to localize the Spanish struggle, could not be fully operative by next Saturday midnight, the date originally set.

Seeking to hasten completion of the complicated details, the Non-Intervention sub-committee met to rule on important regulations. Lord Plymouth, chairman of the main committee of 27 nations, said he would call a meeting of the full group tomorrow if possible.

VALENCIA, Spain, March 1—Government quarters expressed fear today that Italian warships, participating in the scheduled neutrality blockade of Spain, might attack the eastern seacoast of government held provinces.

The prospect of the Italo-German coastal patrol, arranged by the 27-nation non-intervention committee to begin March 6 in an attempt to halt men and munitions bound for the civil war, resulted in bitter disappointment and foreboding in government circles.

German and Italian co-operation with the insurgent armies has been at least partially responsible, government sources assert, for the recent air raids and naval bombardments of the eastern coast.

(The London non-intervention committee assigned Italy and Germany to guard the coast of government territory, stretching from the French frontier to a point north of Malaga, while France and Great Britain will guard the balance of the coastline.)

Was Native Of Bay Fortune

BOSTON, March 1—Dr. Elmer J. MacDonald, native of Bay Fortune, P. E. I., was buried at Woodlawn cemetery today. He had practised medicine in East Boston more than 40 years and was active in Canadian and Scottish societies.

Dr. MacDonald is survived by his wife, formerly Miss Abbie F. Simmons, two sons, and two brothers, all of whom reside in Massachusetts.

Munition Orders To Aid British Distressed Areas

LONDON, March 1—An outlay of approximately £17,500,000 for war material factories in the distressed areas is contemplated by the government, it was shown in a white paper issued today.

The sum, equivalent of \$85,000,000 will be used to establish plants in Scotland, Wales and Lancashire. It is in addition to £2,000,000 (\$10,000,000) which is to be set aside for loans to industrial undertakings in the areas where unemployment has been particularly severe for several years.

Factories to manufacture flares, rockets, illuminating materials and other "fireworks" used in modern warfare are to be built in Scotland

Launching England's Largest Motor Yacht

Tommy Sopwith, four-year-old son of T. O. M. Sopwith, is pictured here as he launched his father's new luxury motor yacht, Philante, the largest motor yacht ever built in England. Mr. and Mrs. Sopwith were with their son during the launching. Built at Southampton, England, the yacht will be used as parent ship to the America's Cup challenger, Endeavour II when she crosses the Atlantic for races in July.

Toledo Shelled By Socialists

Government Troops Blast Old Moorish Capital In Maintaining Offensive.

BY JEAN ROLLIN
Copyright 1937 by The Havas News Agency

MADRID, March 1—(CP-Havas)—A government assault on Toledo went ahead at full-blast tonight with shells thudding into the heart of the old Moorish capital, close by the ruins of the Alcazar.

A violent artillery duel was in progress on the left bank of the Tago river.

A banding near the Alcazar, destined for occupancy by the Insurgents' military governor, and a number of barracks, were struck when they attacked the French Brigade in an attempt to improve communications with their advance units, imperiled by recent Republican advances.

In the Jarama River valley the Republicans inched forward across the devastated terrain. The Insurgents, however, continued to concentrate their strength in this sector, and every government advance has to be wrought from stubborn resistance.

A brief engagement took place northwest of the city on the Madrid-La Coruna highway, where a surprise attack by the Insurgent advance-guard was broken up by an artillery barrage.

Government airplanes made a series of observation flights over the Jarama sector, causing a renewal of reports the Defence Junta plans a major offensive in this region in the near future.

RESIGNATION IS DEMANDED

Liberal Members Urge Aberhart Go To Electors.

EDMONTON, March 1—Resignation of the Aberhart Government was demanded by Liberal members of the Alberta Legislature today as a consequence of its failure to establish a Social Credit financial system in the 18 months mentioned in the 1935 election campaign.

John Bowen, Liberal House Leader and Dr. Walter Morrish, Liberal member for Edmonton, called on the Social Credit Government to give the people of Alberta a chance to pass judgment.

The demands came 24 hours after Premier Aberhart admitted his failure to pay dividends and establish Social Credit in his own time limit of 18 months. He announced he would call on members of the Alberta Social Credit League to vote whether he should resign or carry on his efforts.

PENSIONS AND COMBINES ACT BEFORE HOUSE

Legislation Introduced To Provide Pensions For Needy Blind, 40 Years And Over.

(CP. by Guardian's Special Wire)
OTTAWA, March 1—Pensions for the blind and legislation to strengthen and invigorate the Government's fight against illegal combines were two measures pushed forward with general support and enthusiasm in the House of Commons today.

Applause from all sides greeted the introduction by Finance Minister Dunning of a bill to extend the provisions of the Old Age Pensions Act to blind, needy persons of 40 years and over. He announced the provinces had given the plan unanimous approval. The bill was given first reading without debate and Conservative Leader Bennett said he could see no reason why it should not pass speedily.

Labor Minister Rogers' bill to bring the Combines Investigation Act administration back to his department, "strengthened and fortified" and under a permanent commissioner, was introduced and explained last week. Today it was given second reading and placed with the committee of the whole House where it will be debated later.

On this measure there was also apparent unanimity but Mr. Bennett questioned one of its provisions which places the power to proceed in the hands of the Federal authority. He was afraid it would conflict with the constitutional rights of the provinces in the administration of justice.

Provision of power for the Federal authority to act in these cases, Mr. Bennett said, was "a consummation devoutly to be hoped for" but one the possibility of which I doubt very much under existing constitutional practice, certainly not if the latest judgments of the Privy Council are to be relied upon." He indicated he would like to see the bill go to committee for any further debate and examination.

Mr. Rogers said the Government had no intention of making any wholesale series of investigations along the line of "inquisitions" but intended to initiate a vigorous administration of the Combines Act in view of the lull in these proceedings while legislation of the last Government was under review by the courts.

Progress was made in the estimation of the committee.

CONFESSES TO BRUTAL CRIME

Police Claim Argentine "Lindbergh Case" Solved.

MAR DEL PLATA, March 1—Argentina's "Lindbergh case" was solved tonight, police said, when a dull-eyed hobo confessed kidnapping and killing baby Eugenio Perera Iraola.

Police announced Jose Gancedo had admitted the crime after five days of questioning.

A detective, garbed as a fellow hobo, or "linyero," posed as a prisoner. He obtained the confession, writing an end to one of the greatest man-hunts in Argentine history.

The two year old child, son of a wealthy Argentine family, disappeared from the garden of the family's estate Wednesday night. His body, unclad and with arms crossed on the breast, was found in a pig pen on the estate, a mile from the garden, Saturday. There was evidence he had been strangled.

Duke Of Windsor May Wed Mrs. Simpson May 2, Report

LONDON, March 1—The Duke of Windsor was reported today to have set May 2 as the day of his wedding to Mrs. Wallis Simpson.

The Associated Press said the Duke was generally believed to have made it clear he intended marry Mrs. Simpson as soon as her divorce becomes absolute April 27. The date set would precede by ten days his brother's coronation on May 12.

The Duke of Kent is on his way back to England after visiting his brother in Austria, while Lord Brownlow, who accompanied Mrs. Simpson to Cannes during the constitutional crisis, is at present a visitor at Castle Enzesfeld.

Italy Plans To Keep Pace With British Program

Fascist Grand Council Concludes Highly Important Session—Cabinet Shake-up Seen.

ROME, March 2—(Tuesday)—(CP-Havas)—The Fascist Grand Council concluded what was believed to be a highly important session at three A.M. today after deliberating for five hours. An official communique was to be made public later in the day.

A reported shakeup of the cabinet, with the possible ousting of Colonial Minister Alessandro Lessona—whose scheduled duel with General Emilio de Bono was forbidden yesterday by a jury of honor—were two of the moves discussed at the session, it was reported. Others which have been mentioned are:

1. A new speed-up of Italy's rearmament in face of the great British arms program.

2. Heavy-handed action to raise Italy's birthrate, whose decline recently has reportedly alarmed the authorities. One source said all families having less than four children would have to yield part of their inherited property to the Government.

Bitterness between Lessona and De Bono, who as a "quadrivir" of the Fascist state was given the privilege of opening the Ethiopian campaign, was reported tonight to have cost the Colonial Minister his post. It was said he would be sent on a mission to Ethiopia, where he would have a chance to prove his worth at work for which he allegedly criticized De Bono.

A duel scheduled between the 45-year-old Cabinet Minister and the white-bearded De Bono grew out of a newspaper article by Marshal Italo Balbo, Governor of Libya, implicitly criticizing De Bono's conduct in Ethiopia.

The veteran General was said to have been angered by Lessona's failure to suppress the Balbo article.

A duel jury ruled today, however, that "there are no elements which justify an armed encounter between De Bono and Lessona."

Says P. E. Island Leading The Way

(Canadian Press)
BOSTON, March 1—Prince Edward Island, the smallest province of Canada might lag behind in material wealth, in adoption of methods "which we, perhaps erroneously, call progressive," but it leads the rest of the continent in several ways, according to James H. Morson, Boston attorney and Charlottetown native who addressed the congregation of Dudley Street Baptist Church at its annual "Canadian Night."

The island province, he said, had the "proud distinction" of maintaining a law prohibiting the sale of alcoholic beverages, that the province had no divorce law and that, for the most part its people were regular attendants at churches and had a high respect for law and order.

Mr. Morson gave a brief history of Prince Edward Island, "the Garden of the Gulf" from the time of the arrival of the Scottish pioneers up to the present. Two thousand persons attended the service, presided over by Dr. Arthur T. Brooks.

Halifax Child Fatally Injured

HALIFAX, March 1—Derek Harbison, six-year-old Halifax child died in hospital tonight, three hours after he had been struck by a car operated, according to police, by Adolph Zwierling.

with emissaries from Britain were by sources that professed to know to have been concerned with jewels of the Queen Alexandra collection as much as the question of an allowance for the Duke.

Before the abdication he is said to have given some of these jewels to Mrs. Simpson, and is reported to claim now that he inherited the collection from his grandmother personally rather than as the heir to the throne.

The Manchester Guardian said it was reported His Royal Highness was planning to return to England in August. It was being said in court circles, the Guardian explained, that the Duke of Windsor has spoken several times of returning to England in August.

STORMS TAKE DEATH TOLL IN EUROPE

British Isles, Western Europe And Part Of Africa Swept By Gales.

LONDON, March 1—At least 19 persons were dead today as one of the worst storms in recent years lashed the British Isles, the coast of Western Europe and North Africa.

A roaring gale reached 98 miles an hour at Holyhead, North Wales, and at numerous other points was greater than hurricane force at 75 miles an hour.

Snow Drifts Deep

The death toll in Britain reached 12 over the week-end, with most of the fatalities resulting from exposure and exhaustion. Snow drifted 20 feet deep in some sections, halting transportation and communications, and isolating many villages.

Four persons were lost when a sailboat capsized off Casablanca, French Morocco.

English Channel steamers were delayed as much as five hours while snow and high winds drove across England and northern France.

Three Killed In Quarry

Three men were killed at Brest in a quarry landslide loosened by continuous rain and snow. River transportation between Paris and Rouen was suspended as the flooded Seine continued to rise.

Important tributaries of the Seine had begun to fall, however, and it was hoped the crest of the flood, well below the record high, would be reached Tuesday.

At the height of the storm, a section of the Dover Cliffs, estimated at 3,000 tons, broke loose and crashed down on to a closed factory. There were no casualties.

The liner Tuscania, outward bound for India, picked up 17 members of the crew of the Italian cargo boat Jolanda in the Bay of Biscay. The men had abandoned ship and taken to the lifeboat which had nearly been swamped by the heavy seas.

Halifax Child Fatally Injured

HALIFAX, March 1—Derek Harbison, six-year-old Halifax child died in hospital tonight, three hours after he had been struck by a car operated, according to police, by Adolph Zwierling.
