At the recent meeting of the Grand Trustees of the C. M. B. A., at Kingston, Ont., the Grand Secretary stated that J. P. McCloskey, of Charlottetown, P. E. I., had been appointed organizer for the Northwest at a salary of \$60 per month and \$10 per week expenses and \$1 bonus for each member initiated.—St. John Globe.

sixteenth birthday she met G. Osborn Hayne, an American broker, whom she married. The two went to Australia, seeking reconciliation but were sent back to America. Mrs. Hayne then alleges that her disappointed husband commenced to ill treat her.

Just at this juncture, Justin B. McDougall appeared and with him she went to New York to consult lawyers concerning a divorce, accompanied by her little son. In New York, the father kidnapped the son and instituted divorce proceedings on his own account. McDougall and Mrs. Hayne returned to Montreal, whereupon the young man's father had him incarcerated.

In the meantime, Mr. McDougall, senior, has talked with Alma Veceira and has offered to help her defend in the divorce case which her husband is bringing. Mrs. Hayne, however, seems determined to stick to her other admirer and was in court with her lawyer, Mr. Gaudet, today, to take part in the action for securing his release from the asylum.

HALIFAX, N. S., July 24.—The Nova Scotia Historical Society are making notable sports in Halifax where they are placing aluminum tablets signifying the historic events to be commemorated. This afternoon a tablet was placed on the gate post of Hon. B. F. Pearson's residence at Elmscote, North West Arm, marking the birthplace of Joseph Howe, who first saw the light there in the year 1804.

The tablet describes Howe as patriot, imperialist, statesman, orator, gratefully remembered as Nova Scotia's leader in obtaining responsible government. The tablet was unveiled by Governor McGregor. The speech of the day was delivered by Justice Russell, who gave a fine and very appreciative eulogy of Howe.

Senator William Ross, who, besides Sir Charles Tupper, is the only living representative from Nova Scotia who sat in the parliament of 1867 with Howe, was one of the speakers. Mr. Ross said that Nova Scotia had a great debt to Howe for the better terms arranged.

Hon. B. F. Pearson was the closing speaker. He said he had never seen Howe, but had learned to love him from his father. He gladly accepted the trust committed to him in the commemoration of the birthplace of Howe, which was on the exact place where his house now stands.

TRAGIC DEATH OF STEPHEN LEGER. BRXTON, N. B., July 24.—Stephen Leger, a well known resident of Richibucto Village, met his death Saturday evening under particularly sad circumstances.

He had been in town and left for home accompanied by a neighbor, who proceeded to his home. When he reached home in jumping from the wagon his foot caught in the wheel and he fell to the ground breaking his neck.

Rev. Father Martineau was called at once, but Mr. Leger passed away before he arrived. He was sixty-eight years of age and is survived by a widow and six sons. The sons are Zack, of Richibucto; Fred, and John, of the Village; Philias, of Acadieville, and two living in the States. The funeral will be held tomorrow morning. As the accident was witnessed by members of his household, an inquest was considered unnecessary.

MAN AT POLE TOP HIT BY LIGHTNING. QUEBEC, July 22.—Edward Briere, a lineman in the employ of the Quebec Railway, Light and Power Company, met with a tragic death yesterday afternoon. While engaged on work on the top of a pole at St. Foy, he was struck by lightning and received a severe shock. The man was able to descend the pole and tell his fellow workmen that he was hurt, but he died.

FEED \$2,000,000,000 BONDS TO THE FLAMES.

WASHINGTON, July 24.—More than \$2,000,000,000 in redeemed bonds, representing the major part of the government's Civil War debt, is being fed gradually to the furnace in the Bureau of Printing and Engraving. The engineers estimate that the immense sum in old securities will generate about as much steam as two tons of good coal.

All the government securities issued and redeemed between 1860 and 1898 are being thus destroyed, including nearly \$1,000,000,000 in the famous 7-30 bonds which were made in the size of greenbacks and passed as money at the highest rate of interest the government has ever paid. More than 1,500,000 separate bond coupons, which represent a large portion of the government's interest payments for 50 years, also will be burned.

The usual process of reducing old securities to a pulp by macerating them was at first attempted, but the job proved too great. WIRE WOUNDS. My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

Weymouth. DEATH LIST NOW SEVENTY. BEARING DOWN PAINS What woman at some time or other does not experience these dreadful bearing down pains. Mrs. E. Griffith, of Main Street, Hephworth, Ont., says: "A heavy bearing down pain had settled across my back and sides. I was often unable to stoop or straighten myself up. Many times each night I would have to leave my bed with the irregular and frequent secretions of the kidneys and just as done out in the morning as on retiring. I was languid and would have to let my household work stand. Nothing I had tried would benefit me. I learned of Booth's Kidney Pills and concluded I would try them, which I did, and soon found the long sought relief. My back strengthened and I began to feel better and stronger. I now enjoy my sleep without being disturbed and feel grateful to Booth's Kidney Pills for what they did for me."

There was a large number of people on the wharf when the S. S. Northumberland docked last night to receive the Boy Scouts home. They were camping under the directions of Mr. Riley, Secretary of the Y.M.C.A., who arrived from Big Cove, N. S., with them. They numbered fifteen and report having had a splendid holiday under most favorable weather.

The passengers by the S. S. Northumberland last evening were quite excited by the narrow escape from death of a man on a through train to Montreal. It is reported that the man, who was intoxicated, fell off the train while it was moving at a rapid rate, just outside New Glasgow, was not missed until sometime after. The train was backed up until the man was found and although badly bruised was not seriously hurt and was able to thank the trainmen for their kindness.

It was with deep regret that citizens heard of the death of Alexander Brown of this city, which occurred in Montreal on Monday last at the age of eighty-four years. The body arrived in this city last evening by the mail train and the funeral takes place this morning from St. Paul's Church at 9.30 to Sherwood Cemetery. Mr. Brown was a life resident of this City and was known and respected by young and old alike. Two sons, Dr. George of Montreal and John of Ottawa, and one daughter, Mrs. Start of Montreal are left to mourn. Dr. George Brown came to the city last evening accompanying the remains. The pall-bearers will be Chas. Lyons, A. A. Bartlett, W. W. Clark, Percy Pope, L. McNutt, Dr. J. T. Jenkins.

A Spoon Shaker Straight From Coffedom. Tea and coffee can marshall a good squadron of enemies and some very hard ones to overcome. A lady in Florida writes: "I have always been very fond of good coffee, and for years drank it at least three times a day. At last, however, I found that it was injuring me. I became bilious, subject to frequent and violent headaches, and so very nervous, that I could not lift a spoon to my mouth without spilling a part of its contents. "My heart got 'rickety' and beat so fast and so hard that I could scarcely breathe, while my skin got thick and dingy, with yellow blotches on my face, caused by the condition of my liver and blood. "I made up my mind that all these afflictions came from coffee and I determined to experiment and see. "So I quit coffee and got a package of Postum which furnished my hot morning beverage. After a little time I was rewarded by a complete restoration of my health in every respect. "I do not suffer from biliousness any more, my headaches have disappeared, my nerves are as steady as could be desired, my heart beats regularly and my complexion has cleared up beautifully—the blotches have been wiped out and it is such a pleasure to be well again." Name given by Canadian Postum Co., Windsor, Ontario.

Go to Buntain Bell & Co for Royal Romance BARED IN MONTREAL MONTREAL, July 24.—A romance said to involve a morganatic granddaughter of the Emperor Francis Josef of Austria, an American broker, a Montreal man unable to resist the call of beauty, a divorce action, two habeas corpus proceedings and a lunatic asylum is revealed by an innocent habeas corpus application which came into the courts today.

The application is for the release of Justin B. McDougall, who now detained in St. Joseph Benoit Asylum, Longue Pointe, at the instance of his father, who wishes to protect him from the morganatic member of the royal house of Austria, with whom he said to be enamored. The application states that the man is retained in the asylum against his will and without any legal proceedings. The affidavit in support of it is signed by the young lady said to constitute the royalty in the case. The case was called today, but as the asylum authorities did not appear with their prisoners, it was put over until next Wednesday.

The story is that the Arch-Duke (Rudolph of Austria, eldest son of Emperor Francis Josef, contracted marriage with an Austrian baroness, which was refused recognition. Both suicided, but before they did so a child was born. This child was sent to America by the orders of Francis Josef.
