hundredfold, is love itself. That love which has brought us together, which has united us in the holy bonds of service reveals her inner secrets only through deep heart-sorrows as well as through deep heart-joy.
My friends, today you are bringing me near such heart-joy and heart-sorrow, mingled together, so that I cannot recognize them apart.
Many and diverse will be the ties which will unite us ever with Canada, however far we may wander from her shores, but you will believe me when I say that at my most hallowed memories will be associated with my fellow-workers of the National Council of Women who have allowed me to be one of themselves, who have taught me so much, who have manifested such wonderful loyalty towards me, to whom I owe so many happy experiences of helpful, inspiring fellowship in our endeavors to pursue our high aim.
But we must not allow our eyes to speak only of the past as if we were here to bid one another a last farewell. We are not to be separated for we shall still be united together in a sisterhood of love and service, which survives everywhere to hasten the coming of that kingdom where the golden rule will be the only law. Such bonds are the most real and true that can be forged, and I rejoice to know, my sisters, that we are fast chained by them.
I look around and see many to whom I would fain utter individual words of affection and gratitude, and there are many who are not here but whom you represent to whom my heart goes out. But I dare not trust myself. You have left me no room to doubt the reality of the feelings you have expressed to me—they ought to make me very humble. I thank you from my very heart, but oh! how I wish I could have been more to you.
I can best show my thanks by letting my future work prove what you have taught me, and this lovely token will be a constant reminder of the pledge which must keep us true to one another.
May God's best blessings be yours and may His love ever unite us.

Put Out By a Little Thing.

What looks to be a speck on the ocean's horizon may prove to be the largest vessel afloat. So with the little disease whose dangerous aspect you laugh to scorn. Its present proportions are not very fearsome. Let it once get a foothold in your system and its size will increase like an on-coming train. Many a promising career has been ended, and many a strong life's flame has been put out by such a little thing. That attack of Sleeplessness, Loss of Appetite, Biliousness, Indigestion, Sick Headache, Constipation, and any of the many common ills may become serious diseases. Stamp them out of your system and prevent their return by the daily use of **Abbey's Effervescent Salt.**

A teaspoonful taken every morning before breakfast, will keep you in excellent health and spirits and prevent these many ills. All druggists sell this standard English preparation at 50 cents a large bottle. Trial size 25 cents.

The New Baking Powder.

It is a well known fact beyond dispute that the much advertised brands of Baking Powder are sold at an excessive price, far beyond their actual value. In fact, you DEARBORN'S PERFECT BAKING POWDER we guarantee that it is an absolutely Pure Cream of Tartar Baking Powder. Practical Bakers and Cooks state that they have proved it to be equal to the best Baking Powders known in this market. We have testimonials kindly offered us by Mr. S. J. Leachner, the well known baker of this city; Mr. Raymond of the Royal Hotel, St. John, N. B.; and Mr. Wilson, manager of the Grand Hotel, Yarmouth, N. S. Tests have shown that DEARBORN'S PERFECT BAKING POWDER contains 12.80 per cent. of available carbonic acid gas, which is more than that contained in Royal Baking Powder according to the U. S. Agricultural Department Bulletin, No. 13, page 599, which is 12.74 per cent.

DEARBORN'S PERFECT BAKING POWDER retails at about half what other first class powders do and will give equal results. By asking for and insisting on having DEARBORN'S PERFECT BAKING POWDER you will not only benefit your own pocket but also encourage a home product. The following are the prices at which it is retailed: In Quarter-pound Tins, 10c; Half-pound Tins, 20c; and Pound Tins, 38c. Compare these prices with what you are paying. Our aim is to give you the best article obtainable at a reasonable price.

COMPARATIVE STRENGTH AND COST.

	Available Carbonic Acid.	Cost
Dearborn's perfect	12.80 per cent.	38c. per lb tin
Royal	12.74 per cent.	60c. per lb tin

The Saint John Coffee and Spice Mills. Established 1863.
