True happiness does not begin for a womanly woman until she becomes a mother. The fear of death stands between thousands of women and this supreme joy. If a woman will but take the right course, she may trample this fear out of her heart, and all cause for it out of her body.

There is practically no danger, and but little pain, in maternity for a woman who is thoroughly healthy and strong in a womanly way. Dr. Pierce's Favorite Prescription makes the delicate organs that bear the burdens of maternity strong, healthy, virile and elastic. It banishes the distress of the period of impending maternity, and insures the newcomer's health and an ample supply of nourishment. An honest druggist will not try to get you to take some substitute for his profit's sake. Prospective mothers who write to Dr. R. V. Pierce will receive the best advice of an eminent and skillful specialist, for thirty years chief consulting physician to the great Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

"A neighbor of mine who was expecting the arrival of a baby before very long, was in very poor health," writes Eliza Remnsnider, Postmistress, at Majella, Bourbon Co., Kansas. "I induced her to try Dr. Pierce's Favorite Prescription. She used four bottles, and has just been delivered of as fine a daughter as I ever saw. She was only a short time in labor and is now doing well."

Pierce's For sick headache, biliousness and constipation, Dr. Pierce's Pleasant Pellets are the most rational cure known. They are mild but thorough and effective. They regulate and invigorate stomach, liver and bowels. Never gripe. No other pill is like them. **Pellets.**

"For the Land's Sake" Use Fertilizers. Provincial Chemical Fertilizers

Give the best satisfaction and the largest crops for the smallest cost. Use the High Grade Complete Fertilizer. We do not keep the "cheapest" goods but the best and give the greatest value for the money. The Dominion Chemist in the Fertilizer Bulletin shows this. Send to us for the Companys, annual Review with testimonials from farmers on the Island who used it last year. These Fertilizers can be had from agencies in all parts of the Island. They are soluble, active, sure, Give them a trial

Semi-Annual Examination at Winsloe South.

The semi-annual examination of Winsloe South school which took place last Thursday was highly satisfactory and the scholars in both departments acquitted themselves very creditably. The following is the standing of the scholars in the department of the principal, Mr Morley Sellar, in their several classes:

GRADE VI.

English—1st, Leonard Boundy; 2nd, Leslie Seller; 3rd, Jas Turner.

Arithmetic—1st, Leonard Boundy; 2nd, Leslie Seller; 3rd, May Rodd.

Geography—1st, Leslie Sellar; 2nd, Leonard Boundy; 3rd, Jas Turner.

History—1st Leonard Boundy; 2nd, Leslie Sellar; 3rd Jas Turner.

Mathematics—1st, Leonard Boundy; 2nd, Leslie Sellar; 3rd, Jas Turner.

Latin. 1st, Leslie Seller; 2nd, Leonard Boundy; 3rd. Jas Turner.

French—1st, Leonard Boundy; 2nd, Jas Turner; 3rd, Leslie Seller.

GRADE V. (Senior).

English—1st, Fannie Horne; 2nd, Ethel Taper; 3rd, Mabel Boundy.

Aritmetic—1st, Fannie Horne, 2nd, Mabel Boundy; 3rd, Ben Turner.

Geography—1st, Fannie Horne; 2nd, Mabel Boundy; 3rd, Ben Turner.

History—1st, Ethel Boundy; 2nd, Fannie Horne; 3rd, Mabel Boundy.

French—1st, Fannie Horne; 2nd, Ethel Taper.

GRADE V. (Junior).

English—1st, Alice Rodd; 2nd, Harry Stewart; 3rd, Leaman Horne.

Arithmetic—1st, Harry Stewart and Leaman Horne, equal; 2nd, Bertie Turner.

Geography—1st, Bertie Turner; 2nd, Alice Rodd; 3rd, Amima Pickard.

History—1st, Bertie Turner; 2nd, Alice Rodd; 3rd, Harry Stewart.

Reading—1st, Harry Stewart; 2nd, Roy Stewart; 3rd, Leaman Horne.

GRADE IV.

Reading—1st, Charlotte Pickard; 2nd, Arthur Horne; 3rd, Bertie Turner.

In all the other subjects the same as in grade V (Junior).

Helen Gould Entertains a Bible Class.

The Bible class of the Young Woman's Christain association of Brooklyn which is composed entirely of self-supporting young women, who are employed during the week in the large dry goods stores of this city and Brooklyn, were entertained by Miss Helen Gould in Lyndhurst yesterday afternoon.

The entertainment was in the nature of a garden fete, and 100 young wemen occupied seats in two parlor cars, which were attached to the train leaving the Grand Central station at five minutes past 1 o'clock. The run to Tarrytown station was made in thirty-five minutes,, and carriages were in waiting to carry Miss Gould's guests over the two miles of hilly country to the gates of Lyndhurst.

Mits Gould awaited her guests on the front porch of her magnificent residence and gave them cordial greeting. The party was conducted through the Lyndhurst conservatories, where the magnificent display of plants and flowers was admired. The art galleries were next inspected and then a visit to the kennels was in order. The nine enormous St. Beraards, which are Miss Gould's particular pets, were shown and fondled by the young women and the smaller dogs were duly criticised.

Luncheon was served on the lawn.

Dull Boys.

Dull boys often become clever and successful men, but this is simply on account of the fact that dull boys are only slow boys, and it takes more time for their brains to grow than the others. It is steady work, ceasless endeavor, that tells. Then again, we forget that a bright boy may be handicapped by other qualities. He may not have the physical strength or energy of the other, while the dull boy is carried forward by never failing energy and strength, for it is often his dullness at school that makes the Dull boy's subsequent success so conspicuous. How many dull boys have become still duller men, how many bright boys still brighter men! Like the old reproach about minister's sons, one bright boy that turns out ill is made to stand for the whole class, and one dull boy that turns out well glorifies his whole class. Notwithstanding all our inventions, all our progress, the old Scripture doctrine still holds good—that men reap what they sow and cannot geather grapes off thistles nor figs off thorns. It can be set down, therefore, as an established rule that bright boys generally do turn out to be bright men and dull boys generally do turn out to be dull men. This, you see, gives the latter a chance, which can be fortified by declaring that the good boys always turn out good men and generally successful men.—New York Ledge.

Toilet Hints.

For a shiny face.—Rub well after washing with a soft chamois leather.

A cure for corns.—Disolve six pearl shirt-buttons in the juice of one lemon. Paint the corn with the mixture every night till it disappears.

To make the hands white and soft.—Mix a few drops of lemon-juice with the white of an egg, and rub some of this mixture on the hands at night, letting it dry on.

Shampooing mixture.—Two teaspoonfuls of pure soft soap dissolved in one half-pint of boiling water. When cold, add the juice of one lemon and a few drops of any pure scent. Shake well before using.

A lotion to remove freckles.—Half an ounce of carbonate of potash, one ounce tincture of benzion, one ounce of glycrine, one ounce of orange flower water and enough rosewater to make the whole one pint. Apply two or three times a day.

How to take care of your eyes.—Don't use the eyes continually for fine work without resting them often by looking at something in the distance.

Don't try to read in a 'bus or other jolting vehicle. It causes a strain on the directing muscles of the eyes.

Don't read facing a light.

Don't make a practice of reading type too small to be seen rapidly at a distance of eighteen inches.

Don't read in the twilight or firelight, or in badly-lighted rooms.

The future is uncertain, but if you keep your blood pure with Hood's Sarsaparilla you may be sure of good health.

Uses of Soda.

Wash soiled tan boots with strong soda-water, then ink them. They will now polish with ordinary blacking.

A burn caused by a hot iron will cease to pain almost immediately if a piece of soda, moistened with the tongue, is put on. A scald or burn, if the skin is not broken, can be cured by placing the burnt part in strong soda-water.

Boil greasy tins in soda-water once a week, and use hot soda-water for a greacy sink.

Put a piece of soda the size of a walnut to a tablespoonful of salt into a basin, and pour on boiling water. Allow dirty sponges to stand in this for a short time. When they will be quite clean and free from greace. Rinse in cold water.

Dissolve a cupful of soda in a gallon of water, and leave in a jar near the kitchen sink. Into this throw all pieces of soap and remains of packets of dry soap. Dip into the jar, and add to the water used for washing and scrubbing every dirty pans, eathernware, tinware, woodwork (but not paint), and for washing kitchen-cloths and dusters.

Common washing soda dissolved in water until the liquid will take up no more is said to be an excellent cure for warts. Moisten the warts with it, and let them dry without wiping.

A pinch of carbonate of soda put into the teapot will increase the strength of the tea. This applies particularly to London, where the water is hard.

INEBRIETY IS A DISEASE—Parties can be cured at the KEELEY INSTITUTE, Portland, Maine of Alcoholism, Morphnism, Cigarettes and Tobacco; also from Neurasthenia or Nerve Exhaustion. The undersigned citizens will cheerfully give information to any person who wishes to be cured of any of the above diseases and desire to live a better and healthier life. You may call upon them for such facts as is placed in their hands. This is the nearest Keely Institute to the Maritime Provinces hence practically the cheapest.

R. C. GOFF, L.C. WORTHY, WILLIAM TURNER, P. P. ARCHIBALD, Queen Hotel; ALEXANDER HORNE, W. B. ROBERTSON, Sheriff SIMON W. CRABBE, A. I. JOHNSON, Pres W.C.T.U.; Mrs. R. J. CAMPBELL.- Oct 21—d& wkly

Should the reader prefer not to confer with any of the above references, write or come direct to the Institute without consulting your neighbors

BILIOUS SPELLS

"Last summer I was troubled with Sick Headache and Biliousness, and could not sleep at night. I tried several doctors but to no effect, and got completely discouraged. At last I saw an advertisement telling about Burdock Blood Bitters. My husband induced me to try it, and today I am using the third bottle, and can truly say it has done me a wonderful amount of good. I feel better than I have for years, and am confident I owe my restored health to B. B. B." MRS. EDWARD BECK, Riverside, N.B.

B.B.B. is the best remedy for Biliousness, Constipation, Sick Headaches, Coated Tongue, Liver Complaint, Jaundice, Scrofula, Blood Humors, and all Diseases of the Stomach, Liver, Kidneys and Bowels.

KLONDIKE BAR

Important Announcement
GREAT INTEREST TO FARMERS.

THE management of the Charlottetown Soap Works, announce to the farmers of Prince Edward Island, that they have purchased at a very low figure for a term of years all the grease by-product of the Charlottetown Pork Packing Factory, accumulating from time to time, and are in a position to supply farmers and others with a cheap soap far superior in quality to the home-made article, and at a price so low as to make it scarcely worth while to worry about soap supplies hereafter.

KLONDIKE BAR will be for sale in a few days by all dealers at the low price of ten cents a bar of three pounds.

THINK OF IT.—A first-class laundry and couring soap only 10 cents for 3 lbs. It will be a waste of time and money for farmers to bother about soap making now. The grease he has sold to the Pork Factory for 5 cents pe lb. will be returned to him, ma ufactured into a first class article of soap at a cost o' a fraction over 3c per lb.

JAS. D. LAPTHORNE & CO.
Ask your dealer for Klondike Bar, and take no other.
Charlottetown Feb 18
