Dr. C. J. Bousfield returned Thursday from a very interesting trip to the Old Country having sailed on April 24th from St. John on the C. G. M. steamer "Canadian Leader" in the head of cattle which are known as stockers, shipped from Ontario. The "Canadian Leader" arrived at Cardiff, Wales on May 7th—two days after the general strike was declared in England. The news was received by wireless while the "Leader" was on the ocean.

Ladies to Organize This Evening

Judging by the enthusiasm manifested by the fair sex over the newly mooted ladies' athletic organization it looks as though a large attendance will be on hand tonight in the Board of Trade Rooms where the meeting will take place at 8 o'clock.

The idea of the "get-together" tonight is to elect a Maritime Vice President and to talk over things in general relative to the Ladies' Maritime meet which is to be held in Saint John, June 19th.

If Prince Edward Island is to be represented at this meet it would be well for our ladies who possibly can to attend tonight. Mr. S. P. Doyle, Maritime President of the M. P. B. and Advisory Board for the Island will preside.

Occasionally we find a man who is looking for the truth but insisting that it shall be his special brand.

The point was also raised by Mr. Johnston on behalf of the Defendant, that as Sub-section (a) of Section 54 is in conflict with the provisions of the Act, it should be construed strictly, so that the Defendant should be given the benefit of any doubt that might exist as to its true interpretation.

I may say that, having gone into this matter very fully, I have no doubt whatever as to the proper construction to be put upon the Section of the Act in question, and further, it is laid down in Maxwell

and that on the 10th day of May last, having found the road in this precinct impassable, he notified several of the residents to whom the roads in the precinct were allotted, to turn out to break the roads, and that the Defendant on being being so notified by him, refused to turn out to break the roads. Upon this information a summons was issued on May 10th to the Defendant on the 14th of May last. At the hearing Mr. J. J. Johnson appeared for the Defendant and pleaded Not Guilty. It was then agreed by Counsel that as the facts of the case were not in dispute, witnesses need not be examined by either party.

HORSE NOTES

Quite a number of lovers of horse racing were at the Charlottetown Race Track on the 3rd of June to see the different horses work-out, and they were not disappointed as there were some good halves reeled off.

George Reddin's two year old Longset and three year old Din-gola showed some real good quarters and behaved like old campaigners.

Tom Mills' Colorado M. worked a good mile with the last eighth in sixteen seconds. He looks like a real prospect for the forty class this season.

Charlie Chandler had his good trotter Captain Jackson a half in 1.1 which is the record so far this Spring and it seemed so easy for him that his driver looked as pleased as a boy with an ice cream cone.

George Hooper made his first appearance at the track with his new candidate Phyllis Zombro. Although this mare was somewhat erratic coming into George's hands it looks as though he has made a high class racing machine out of her, and as she belongs to the Belwin tribe she should be game.

Herb Campbell worked The Pup some slow miles. He is in great shape and we understand that his name is to be changed to "The Dog" this year, which means that he will be looking for bigger bones to chew.

Holsey Hooper has two colts in training. A two year old trotter by Longset that shows well, and a three year old by Mayor Todd that has been converted to the pace and looks real at that gait. This filly is closely related to Anna Bradford's Girl 2:01 1-4, the champion three year old of the world. They are ably handled by Peter McKenna.

Dr. McIntyre has two trotters, one by the Harvester and the other, a beautiful bay mare by Kentucky Marquy.

Peter Conroy worked his stud Longset 2:06 1-4, some good miles, and he looks as if he could have gone a mile in 2:10 easy, if Peter would take the wraps off.

"Well" McNeill took his grey pacer, out of Mayne P. and by Colorado L. to the track Thursday. She is in the hands of Pat McKenna.

Jimmie Arbing, Jr. has a three year old filly "Tramp Across" that can show a thirty shot right now. She is being trained by Art McKenna who brought out Acquiri Boy, the fastest colt trotter that was ever raised in Prince Edward Island, and you all remember what Art did to some of the boys on New Year's day.

Much credit is due to the manager of the Charlottetown Race Track, Mr. James Arbing, for the splendid condition of the track. Everyone remarked that it never was in better shape.

on the interpretation of Statutes that this rule of strict construction "has" lost much of its force and importance on recent times, and it is now recognized that the paramount duty of the judicial interpreter is to put upon the language of the Legislature, honestly and faithfully, its plain and rational meaning and to promote its object."

I have therefore to find that the Defendant is liable to a fine under Sub-section (a) for refusing to turn out to break the Public Highway on the 10th of May last, when duly notified by the Road Master of his precinct so to do.

As this is a test case, and it appears to me that the Defendant had previously performed his fair share of the work required to be done in the precinct, the fine should be one dollar only, and each party will pay his own costs.

YACHT RACE CALLED ON THE SECOND ROUND

The first yacht race of the season staged by the Charlottetown Yacht Club took place last Saturday afternoon, but due to a prevailing light wind the race was called after the yachts had all practically gone a lap and a half of the two-lap course.

Saturday's race was more or less a try-out affair, as there were no cups or prizes at stake; nevertheless it was a very good race to watch, as far as it had gone, with the P. No. well in the lead; Zenith second and Ghost and Rob Roy fighting it out for third position; the Sheba was in last place.

The course was laid from Carra-gher's wharf to the Park Buoy with a hard beat against a strong and light south west wind to Rosebank Buoy and a run to East River Buoy twice around.

At 2:20 five yachts answered the starter's gun, the P. No., with John King at the tiller, crossing the line first followed by the Sheba captained by Gordon Essery and Ivan Reddin's Ghost; the Rob Roy guided by Jack Lund was right on the Ghost's quarter Mac Irwin's Zenith was about half a minute behind.

On the first tack to the Park Buoy the Ghost stole a march on P. No., but lost the advantage when King regained on the next tack to windward. Much jockeying took place on this leg with the eighteen footers at times caught in a flat calm.

The P. No. was the first to round the buoy followed by the Rob Roy, the Ghost next; the Sheba and Sheba were somewhat to windward of the buoy, but in the doldrums. A stiff breeze finally blew up and the boats were seen to answer like race horses. The positions of the boats at Rosebank were as follows:

P. No. 3:10; Zenith, 3:13; Rob Roy, 3:14; The Ghost, 3:15; Sheba, 3:18.

On the run to East River the positions remained unchanged, with the P. No. making the buoy at 3:29; Zenith, 3:22; Rob Roy, 3:31; Ghost, 3:34; Sheba, 3:37.

A good sailing breeze sprang up at this stage and the P. No. was making every puff count, she was footing to beat the band and well out in front, rounding the Park Buoy at 3:49; Zenith, 3:52; Rob Roy, 4:00; Ghost, 4:00; Sheba, 4:05.

The first two yachts were the only ones to round the Park Buoy, the P. No. at 4:06 and Zenith four minutes later.

The committee in charge realizing that the course could not be made within the time limit, called the race off.

Mr. Frank McDonald was starter and Mr. James King time keeper.

The committee boat "Restless" owned by Mr. Hal Bourke had quite a number of passengers aboard, and needless to say the invigorating cruise about the harbor was thoroughly enjoyed by all. The "Restless" is a magnificent gasoline cruiser, and one of the best in the Maritime Provinces, fitted out from top to bottom with all the conveniences, one could wish for a summer's outing on our beautiful bays and rivers. Mr. Bourke is fortunate in having such a splendid craft which is indeed an acquisition to the many other fine yachts now cruising our waters.

Next Saturday's race will find upwards of ten yachts at the starting line including several new ones which are now being fitted out.

The Ghost only recently built was more or less handicapped Saturday due to her sails not having arrived from New York. She was fitted with a suit entirely inappropriate to her hull, but notwithstanding made fair showing. Mr. Reddin expects the Ghost's new suit some time this week.

The P. No. is still the same "Slipper" suit expertly handled by her owners Messrs King and Campbell. Jack Lund and the "Rob Roy" stole a march on the others on the beat to the Park Buoy—from last position to second on the buoy—not bad.

Mac Irwin's Zenith is sailing well this year—more ballast and more wind Mac—and then let's go. Gordon Essery with the Sheba was just praying for wind—Next Saturday is coming Gordon.

Members are reminded that the regular monthly meeting of the Charlottetown Yacht Club takes place this evening at 8 o'clock sharp, Navy League Building.
